Public Comment

Ms. Budde opened the floor for public comment, there was none.

1. Review and approve minutes.

No minutes were approved at this meeting.

2. Go over progress being made on presentation.

The committee reviewed the draft slide presentation for the Select Board. They made some minor edits to a few of the slides. Ms. Dietrich will send the updated slides to the committee.

It was noted that Ms. Dietrich's and Mr. Kerl's terms on the committee will be expiring at the end of June and the committee will need to find two replacement members. It was suggested that the committee members add all the other committee members email addresses to their contact list so that emails don't go to spam.

3. Discuss putting together a new survey.

The survey last year was the first one and it was free. The company they used is now charging for their surveys. It would be good to stay with the same platform as last year. We will need funding for the survey and support for the website changes. The survey needs to be approved by the DPW and the

Select Board by May 15th. Ms. Budde will speak to Ms. Potter this week about funding for the survey and getting the draft survey on the agenda for the May 20th Select Board meeting

4. Future agenda items.

-The survey.

Adjourn

Ms. Budde made a motion to adjourn the meeting 7:57 pm. Mr. Kerls seconded the motion and all were in favor and the meeting was adjourned. 6-0 passed.

The next meeting will be May 1st at the Senior Center.

Respectfully submitted by

Tracy Rozak
