This intensive workshop will provide students with the time and opportunity to begin the college application process and ***write their essay before senior year is in full swing***. Whether students have a rough draft or no idea what to write about, this workshop will meet them where they are.

Participants will work individually and in groups with dedicated teachers to develop, write and refine well-developed essays in their authentic voice. In addition, there will be opportunities to learn more about specific topics, such as college interview etiquette and preparation, scholarship opportunities, and how to be social media savvy. ***Students will leave with an essay, as well as an invitation to join a social media group for access to ongoing resources and support.***

This class is "BYOL" ... Bring Your Own Lunch! Also, bring plenty of ideas, questions, and energy to make the most of this time, and take some stress out of your senior year!
