

# WHAT IS YOUR VISION FOR MEDWAY'S FUTURE?

In the next ten years, would you like to see:

*More affordable and diverse housing?  
Redevelopment of properties along Route 109?  
Expansion of recreational opportunities?*

*Continued excellence in our public schools?  
Promoting diversity and inclusion?  
Improving our public water and sewer infrastructure?*

We read your survey responses and heard your ideas for the Master Plan. Now, we ask you to give your feedback on a draft vision and goals for Medway 2032!

On October 3, the Medway Master Plan Committee held the second Community Forum at the Medway High School to get feedback on the vision and goals for the plan.

If you missed attending that event in person, we invite you to participate in the online version!
