

Building **Community** Resilience

Medway Listening Session

Monday, March 2, 2020, 5:30pm to 6:30pm

Medway Town Hall, 155 Village Street

Like many communities across the Commonwealth, the Town of Medway has been participating in the State's Municipal Vulnerability Preparedness (MVP) Program with the aim of building resiliency against climate change related impacts.

The Town's MVP Core Team, comprised of staff from the offices of the Town Administrator, Department of Public Works and Community and Economic Development Department, invites the public to attend its Listening Session on March 2, 2020 from 5:30pm – 6:30pm to learn about the program and discuss the priority action items identified thus far.

With your participation and contributions, we hope to refine our list of action items and provide a vision for Medway as we build a sustainable and resilient community. We hope to see you there!

Use this link to access the DRAFT Summary of Findings which documents the discussions held at the Town's Building Community Resiliency workshop held on October 29, 2019:
