Re: Project at 20 Broad St Medway MA

*RF Home Improvement intends to demolish the existing tri-plex structure located at 20 Broad Street. The property will be cleaned and prepared for the construction of a new tri-plex unit if the modification is approved by the Planning Board.*

*This new structure will be built in the exact same location and to the same exact dimensional specifications as in the approved plans, including the same architectural style, building orientation, shape, size, roofing, location of doors and windows, etc.*

*Owner, Reinaldo Faria, and Faria Realty Trust, will not be making any structural changes to the previously approved site plan. The plan is to build within the same parameters and dimensions as previously approved by the special permit committee.*

*Please do not hesitate to contact us with any questions or concerns. We look forward to working with you on this exciting new endeavor.*
