Building Fire on Main Street

On Monday, September 15, 2025, at 10:56 a.m., the Medway Fire Department was dispatched to 193 Main Street for a report of a building fire. Upon arrival, crews encountered heavy fire conditions on the first floor of the residence. Firefighters located the bulk of the fire in the kitchen and initiated an aggressive interior attack.

A second alarm was struck to bring in additional manpower and resources. Crews brought the fire under control in approximately 40 minutes. One firefighter was transported to Milford Hospital with minor injuries.

A portion of Main Street was shut down during the incident while firefighters worked to bring the fire under control.

Mutual aid was provided by Millis, Bellingham, Franklin, Norfolk, Medfield, Hopkinton, Holliston and Milford at the scene. Westwood, Plainville and a Westborough ambulance provided station coverage for the Town of Medway.

We thank our mutual aid partners for their quick response and hard work at this fire. Their support, along with the dedicated efforts of Medway's firefighters, ensured the fire was contained and the community remained protected.

The cause of the fire remains under investigation by the Medway Fire Department in cooperation with the State Fire Marshal's Office.
