RE: Letter of Support – I-39 Bridge Naming in Honor of Fallen Volunteer Firefighters

Dear Representatives, Dallman and Jagler,

On behalf of the Town of Springfield and our entire community, we extend our full support for the proposed legislation to name a bridge in Marquette County in honor of two brave volunteer firefighters, Gregg Quinn and Larry Millard, who made the ultimate sacrifice in the line of duty.

Volunteer firefighters are the backbone of rural public safety, often putting their lives on the line to protect their neighbors with little recognition. The loss of these two courageous individuals has left a profound impact on our community. Gregg's family remains very involved with the Westfield Volunteer Fire Department, and he was known as a very good husband, dad, and brother. Naming a bridge in their honor is a fitting and lasting tribute to their heroism, commitment, and service.

We also want to emphasize the importance of supporting our Westfield Volunteer Fire Department and deeply appreciate all of their hard work and dedication to keeping our community safe.

This act of remembrance will serve not only to honor their legacy but also to highlight the selfless dedication of all Volunteer First Responders throughout our state. It will be a daily reminder to those who cross that bridge of the courage it takes to serve others.

We commend your leadership in advancing this important recognition and stand ready to assist in any way to ensure this legislation moves forward. Please do not hesitate to reach out if additional support or testimony is needed.

With sincere appreciation,  
Town of Springfield

Terry Janke, Chairman

Byron Henke, Supervisor

Larry McLaughlin, Supervisor
