Resolution declaring Lead Agency and Negative Declaration for Local Law #_____ of 2023 Amendment to the Development Code Allowed Use Table

SUBJECT: RESOLUTION RECOGNIZING UNLISTED SEQR ACTION

WHEREAS, the Village of Saranac Lake adopted the Village of Saranac Lake Unified Development Code, and,

WHEREAS, amendments to the Development Code are allowed for purposes of public necessity, convenience, and the general welfare, and,

WHEREAS, the Board has received a draft amendment to the Village Development Code, and,

WHEREAS, in consideration of the circumstances as described above, the Village Board needs to amend the Village of Saranac Lake Unified Development Code, and,

WHEREAS, the Saranac Lake Village Board of Trustees held a Public Hearing on Monday, September 25, 2023, to consider a Local Law amending the Village of Saranac Lake Unified Development Code, as more fully set forth in the text of the Local Law, and,

WHEREAS, the Board must evaluate all proposed actions submitted to it for its consideration that may affect the environment in light of the State Environmental Quality Review Act (SEQR) and the regulations promulgated thereunder, and,

WHEREAS, the required environmental assessment will be conducted by the Board, and,

WHEREAS, the Board desires to serve and act as the lead agency for the purposes of SEQR, and,

WHEREAS, this project is listed as an Unlisted action for the purposes of SEQRA as it adopts amendments to the Development Code, and,

NOW, THEREFORE BE IT RESOLVED, the Board makes the following findings and determinations with respect to the proposed project:

(1) The proposed Development Code amendments have been determined not to have a significant impact on the environment and a negative declaration is issued.

Short Environmental Assessment Form Part 1 - Project Information

Instructions for Completing

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Name of Action or Project: Amendment to the Development Code- Add Allowed Use Project Location (describe, and attach a location map): District C3	C3 subject to Issuance			
Project Location (describe, and attach a location map):	C3 subject to Issuance			
	C3 subject to Issuance

 Does the proposed action only involve the legislative adoption of a plan, log administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the may be affected in the municipality and proceed to Part 2. If no, continue to que Does the proposed action require a permit, approval or funding from any other than the proposed action requires a permit. 	environmental resouncestion 2.		NO NO	YES YES
If Yes, list agency(s) name and permit or approval:				
 a. Total acreage of the site of the proposed action? b. Total acreage to be physically disturbed? c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? 	acres acres acres			
 Check all land uses that occur on, are adjoining or near the proposed action: Urban Rural (non-agriculture) Industrial Commerce 	ial 🔲 Residential	(auhunhan)		
Forest Agriculture Aquatic Other(Specific Agriculture)		(suonidan)		

5. Is the proposed action,	NO	YES	N/A
a. A permitted use under the zoning regulations?			
b. Consistent with the adopted comprehensive plan?			
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?		NO	YES
o. Is the proposed actor consistent with the predominant character of the existing out of natural randscape?			
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?		NO	YES
If Yes, identify:	Longe grapers		
8. a. Will the proposed action result in a substantial increase in traffic above present levels?		NO	YES
b. Are public transportation services available at or near the site of the proposed action?		H	十
c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?	Ì		
9. Does the proposed action meet or exceed the state energy code requirements?		NO	YES
If the proposed action will exceed requirements, describe design features and technologies:	_		
10. Will the proposed action connect to an existing public/private water supply?		NO	YES
If No, describe method for providing potable water:	_		
11. Will the proposed action connect to existing wastewater utilities?		NO	YES
If No, describe method for providing wastewater treatment:			
	-		
12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on the National or State Register of Historic Places, or that has been determined by the	-	NO	YES
Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?	-		
b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?			
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?	-	NO	YES
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?			
If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:	- [
	-		

14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:		
Shoreline Forest Agricultural/grasslands Early mid-successional		
Wetland Urban Suburban		
5. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?		YES
16. Is the project site located in the 100-year flood plan?	NO	YES
17. Will the proposed action create storm water discharge, either from point or non-point sources?	NO	YES
If Yes,		
a. Will storm water discharges flow to adjacent properties?		
b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)? If Yes, briefly describe:		
If Yes, orieny describe:		
18. Does the proposed action include construction or other activities that would result in the impoundment of water	NO	YES
		ILDO
or other liquids (e.g., retention pond, waste lagoon, dam)?	110	IES
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment:		
or other liquids (e.g., retention pond, waste lagoon, dam)?	NO	YES
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment: 19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste		
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment: 19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?		
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment:		
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment:	N0	YES
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment:	N0	YES
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment:	NO NO	YES
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment:	NO NO	YES
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment:	NO NO	YES

Short Environmental Assessment Form Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

		No, or small impact may occur	Moderate to large impact may occur
1.	Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2.	Will the proposed action result in a change in the use or intensity of use of land?		
3.	Will the proposed action impair the character or quality of the existing community?		
4.	Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5.	Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		
6.	Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7.	Will the proposed action impact existing: a. public / private water supplies?		
	b. public / private wastewater treatment utilities?	\checkmark	
8.	Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9.	Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	\checkmark	
10.	Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11.	Will the proposed action create a hazard to environmental resources or human health?	\checkmark	

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.			
Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
