

 **AIA**® Document G802® – 2017**Amendment to the Professional Services Agreement**

| | | |
|--|---|--|
| PROJECT: <i>(name and address)</i> Village of Saranac Lake Public Safety Bldg. 39 Main Street, Suite 9 Saranac Lake, NY 12983 | AGREEMENT INFORMATION: Date: 7/1/2024 | AMENDMENT INFORMATION: Amendment Number: 01 Date: 7/12/2024 |
| OWNER: <i>(name and address)</i> Village of Saranac Lake 39 Main Street, Suite 9 Saranac Lake, NY 12983 | ARCHITECT: <i>(name and address)</i> Wendel WD Architecture, Engineering, Surveying & Landscape Architecture, P.C. 375 Essjay Road, Suite 200 Williamsville, NY 14221 | |

The Owner and Architect amend the Agreement as follows:

Section 1.1.7 amend listed representative as:
Bachana Tsiklauri, Village Manager
Village of Saranac Lake
39 Main Street, Suite 9
Saranac Lake, NY 12983

Section 1.1.8 amend listed representative as:
Jimmy Williams, Mayor
Village of Saranac Lake
39 Main Street, Suite 9
Saranac Lake, NY 12983

Add Section 3.2.8 to state:

At the appropriate time in the Owner's process (as determined by NYS SEQRA law and Owner legal representative), the Architect will:

a. Prepare a Full Environmental Assessment Form (FEAF) Part 1

1. The Architect will provide this in an 'expanded EAF' format that provides additional detail on the information in the FEAF (already completed studies, reports, mapping, etc.) to provide a greater level of documentation on the project. This information can also assist with the part 3 analysis, to be completed later, to potentially satisfy the reviewing agencies so that an EIS may not be required. However if an EIS becomes required, we will help coordinate this process appropriately.

i. Additional reports (traffic, wetlands, cultural resources, endangered species, noise studies, etc) may be required to assist with the SEQR analysis (part 3 analysis) and the Architect can assist in the coordination of these efforts. If the Architect cannot perform such studies in-house, the Architect will coordinate with selected subconsultants. If additional studies or reports become necessary, the Architect will obtain pricing for this work and get authorization from the Village before moving forward.

ii. Assist the Lead Agency (assuming to be the Village Board) with completion of EAF Part 2 (provide draft) and Part 3, including an expanded part 3 analysis (if requested by the Village).

iii. Coordination and compilation of the SEQRA documentation, and assisting with the SEQRA Process (draft resolutions, notices, filings/mailings).

The Architect's compensation and schedule shall be adjusted as follows:

Compensation Adjustment:

N/A

Schedule Adjustment:

N/A

Except to the extent expressly provided for in this Amendment, the terms and conditions of the Agreement shall remain in full force and effect.

The parties hereto have caused this Amendment to be executed by their duly authorized representatives effective on the day and year first written above.
