In granting or denying special use permits, the Development Board shall take into consideration the scale of the proposed project and the need to maintain the historic, close-knit building pattern in the Village and compatibility among adjoining land uses. If the applicant proves the proposed project meets the review criteria, they are entitled to the Special Use Permit. Conversely, if the applicant fails to address or satisfy any one or part of the review criteria then they are not entitled to the Special Use Permit.

19. Explain why your proposed use will not be more objectionable than would development of uses that are permitted by right (allowed uses that do not require a special use permit)? Consider the environmental, social and economic impacts of traffic, noise, dust, odors, solid waste, glare or any other nuisances.
