The Village of Saranac Lake has been awarded funding through the New York State Department of Environmental Conservation's (NYSDEC) Smart Growth Grant Program to assist with the planning phase of a streetscape improvement project along Lake Flower Avenue.

.....

As part of the existing conditions analysis, the Village is evaluating the following: bicycle & pedestrian infrastructure conditions and connectivity, roadway conditions, landscaping, signage & wayfinding opportunities.

The study limits include Lake Flower Avenue between its intersections with River Street and Turtle Pond Road.
