

SEC. 17.6.56 SANITARY SEWERAGE SYSTEM.

- (a) There shall be provided a sanitary sewerage system in conformity with the master plan of sewers as approved by the Village Board and/or sanitary district.
- (b) The subdivider shall make adequate sewage disposal systems available to each lot within the subdivision, certified survey parcel or rand division.
- (c) Subdivisions and certified survey parcels shall be served by public sewer facilities. The size, type, and installation of all sanitary sewers proposed to be constructed shall be in accordance with plans and specifications approved by the appropriate sanitary district.
- (d) Land divisions created by certified survey may be served by private sewage disposal systems if public sewer facilities are not available. Private sewage disposal systems shall comply with the Wisconsin Administrative Code Section H 82.20. Service laterals shall be provided to all lots.
- (e) The subdivider shall pay all the costs of all sanitary sewer work including the bringing of the sanitary sewer from where it exists to the subdivision in question as well as providing all sanitary sewer work within the subdivision. The size, type and installation of all sanitary sewers proposed to be constructed shall be in accordance with plans and standard specifications approved by the appropriate sanitary district/utility serving the area.
