The keeping and maintenance of brooding chicks and hens is permitted to all residents who comply with all requirements, limitations, or prohibitions of this article. Such permit may be revoked in the person holding the permit refuses or fails to comply with this chapter or with any state or local law governing cruelty to animals or the keeping of animals. C. Roosters and chicken breeding are prohibited. Cockerels must be culled from broods when identified.

D. A separate coop is required to house the chickens together with a reasonably satisfactory exercise yard, run, or yard fencing so as to keep chickens confined at all times. Chicken facilities must be constructed and maintained to meet the following minimum standards:

F. All premises on which chickens are kept or maintained shall be kept clean from filth, garbage, and any substances which attract rodents. The coop and its surrounding area must be cleaned frequently enough to control odor. Manure and coop waste shall not be allowed to accumulate in a way that causes an unsanitary condition or causes odors detectible on another property. Manure and coop waste that is not composted or immediately spread as fertilizer must be secured and double bagged in solid waste bags and kept in a solid waste container.

G. Chickens shall not be kept in such manner as constitute a nuisance to the occupants of the adjacent property.

H. Except for chickens properly slaughtered for consumption, dead chickens must be disposed of within forty-eight (48) hours after death. Legal forms of chicken carcass disposal include burial and off-site incineration or rendering. All slaughtering of chickens shall be conducted so as not to be visible to the public or adjacent property owners and occupants.

A. Any person violating this article shall be deemed guilty of a misdemeanor and, upon conviction, shall be punished in accordance with Chapter 1.02.

B. Any person violating this article shall reimburse the city for all costs borne by the city to enforce the conditions of this article including but not limited to the collection and humane disposal of chickens.
