PUBLIC COMMENT

Carol DePasquale questioned what the ARPA funds can be used for. She would like to see the road signs replaced. Highway Superintendent Pelletter addressed the issue stating that there are multiple signs, including street signs in Forestville that need to be replaced and time is the biggest constraint to getting them done. She also inquired if ARPA funds could be used for website production. Town Clerk VanCheri states that research is being done with quotes requested from multiple companies to find the best value for the town.
