EXAMPLE: NEAREST EXISTING ADDRESS TO YOUR NEW DRIVEWAY

Measurements to be made from the driveway of the nearest existing number to the non-addressed driveway.
Include additional features (road intersections, other addressed drives) if possible.

CHOOSE THE EXAMPLE THAT BEST FITS YOUR DRIVEWAY

Draw in additional features (road intersections, addressed drives) and their distance from your driveway

North-South roadway, your driveway on East side

Diagram showing a North-South roadway with a driveway on the East side. The driveway is represented by a horizontal rectangle labeled "Your Driveway" on the right side of the roadway.

North-South roadway, your driveway on West side

Diagram showing a North-South roadway with a driveway on the West side. The driveway is represented by a horizontal rectangle labeled "Your Driveway" on the left side of the roadway.

East-West roadway, your driveway on the North side

Diagram showing an East-West roadway with a driveway on the North side. The driveway is represented by a vertical rectangle labeled "Your Driveway" on the top side of the roadway.

East-West roadway, your driveway on the South side

Diagram showing an East-West roadway with a driveway on the South side. The driveway is represented by a vertical rectangle labeled "Your Driveway" on the bottom side of the roadway.
