STATE OF MAINE OFFICE OF THE GOVERNOR 1 STATE HOUSE STATION AUGUSTA, MAINE 04333-0001

Spring 2024

Dear Maine Resident:

Since my first day in office, I have been guided by the belief that to strengthen our state, we have to invest in our greatest asset: the people of Maine. With the support of the Legislature, my Administration has invested in what people need to succeed — job training, child care, health care, education, broadband, and housing.

Those investments are working — small businesses are expanding their operations; people are moving here to work and raise their families; and graduates are staying in Maine to pursue rewarding, life-long careers — all encouraging signs that are reflected in the strength of our economy. In fact, Maine has the best rate of economic growth in New England and one of the best rates in the nation.

At the same time, we have our challenges. In late October, a gunman took the lives of 18 innocent citizens and injured many more in an act of senseless and unconscionable violence. Then, in December and January, heavy rains and powerful winds brought massive flooding that destroyed homes and businesses, roads, and bridges, and changed the very landscape of our coast.

I have proposed legislation to address both issues — first, to rebuild from these storms and prepare for those to come; and, second, to expand mental health services and keep weapons out of the hands of dangerous people to better protect public safety.

We have made good progress over the past five years to ensure that every person can find a good-paying job in Maine; have affordable health insurance; have the peace of mind that their children are safe at home and at school; breathe clean air and drink clean water and enjoy the rolling hills, lush forests, mighty rivers, and bold coast of Maine.

There are still plenty of challenges, particularly when it comes to the affordability of housing, child care, energy, and other things, but thanks to the resilience and the resolve of Maine people, I am more confident than ever before in the future of our state.

It is my honor to serve as your governor.

Sincerely,

Janet T. Mills Governor

Committee on Armed Services

Committee on Small Business

www.golden.house.gov

Dear Friends.

I hope this letter finds you safe and well. It's an honor to continue serving as your representative in Congress, and I take the responsibility very seriously. I appreciate the opportunity to update you on what I've been working on behalf of the people of the Second Congressional District.

Maine's heritage industries are the backbone of our state's economy. That is why one of the first bills I introduced in this Congress was the *Northeast Fisheries Heritage Protection Act*, which would prohibit commercial offshore wind energy development in Lobster Management Area 1 (LMA 1) in the Gulf of Maine. LMA 1 was identified by the Bureau of Ocean Energy Management (BOEM) as a potential commercial offshore wind site. LMA 1 is a critical and highly productive fishing ground for a variety of sea life, including lobster. Prohibiting offshore wind development in LMA 1 would help to avoid conflict with the New England commercial and recreational fishing industries. Additionally, the bill would initiate a federal study on the environmental review processes of any relevant Federal agencies for offshore wind projects in the Gulf of Maine.

I also continue to advocate on behalf of our veterans and those providing care to our former service members. The current pay for VA employees in the Kennebec and Penobscot counties does not reflect the critical services they are providing. As the oldest state in the nation, with the fifth highest veteran population, Mainers rely on the services offered at the Department of Veterans Affairs (VA) facilities. That's why recently, Senator Collins, Senator King, Representative Pingree, and I called on the Biden Administration to increase locality pay for VA employees in Kennebec and Penobscot counties. The level of care received is impacted by job vacancies, and the high turnover rate among its healthcare workforce is often the result of pay and compensation issues, which is further exacerbated by the increased cost of living.

Lastly, I'm excited that Mainers are continuing to reap the benefits of the *Bipartisan Infrastructure Law* (BIL). Recently, millions of dollars in grants have been awarded across the state, including \$35 million through the U.S. Department of Transportation's Culvert Aquatic Organism Passage (AOP) program to conserve spawning and migratory habitats for native fish species in Maine, \$460,000 through the Airport Infrastructure Grant (AIG) program for the Princeton Municipal Airport, Stephen A. Bean Municipal Airport, and Dexter Regional Airport, and nearly \$8 million through the Buses and Bus Facilities Program for Bangor's bus system. These investments are critical to ensuring Maine's infrastructure and will help to ensure Mainers and businesses across Maine are connected.

Regardless of the year, one of my top priorities is ensuring I'm accessible to you. My staff and I can help answer questions about and navigate federal programs; find resources in Maine; and resolve issues with Medicare, Social Security, the VA, and other federal agencies and programs. We are here to help:

- Caribou Office: 7 Hatch Drive, Suite 230, Caribou, ME 04736. Phone: (207) 492-6009
- Lewiston Office: 179 Lisbon Street, Lewiston, ME 04240. Phone: (207) 241-6767
- Bangor Office: 6 State Street, Suite 101, Bangor, ME 04401. Phone: (207) 249-7400

I look forward to building on momentum from recent legislative wins for Mainers and continuing to work on your behalf in 2024. Do not hesitate to reach out and voice an opinion on legislation, let us know about local events, or seek assistance navigating federal agencies or programs. It's an honor to represent you in Congress, and I wish you a healthy and prosperous year to come.

Respectfully,

Jared F. Golder

Member of Congress

Dear Friends and Neighbors,

As the second Regular Session of the Maine State Legislature convenes, I would like to thank you for granting me the opportunity to serve Howland, and all of House District 28, in the Maine House of Representatives.

The First Regular Session of the Legislature was a busy one, as lawmakers faced many difficult issues and decisions. I believe you will be pleased with some of the accomplishments of the 131st Legislature so far. My colleagues and I were able to pass multiple bi-partisan spending agreements that included supporting hospitals and longterm care facilities, working to stabilize highway and road funding, and improving the efficient delivery of government services. I continue to support legislation that would reduce high-energy costs while shoring up supply resiliency and capacity, as well as procurement and generation priorities. As a member of the Legislature's Joint Standing Committee on Marine Resources, I look forward to continuing my work on that committee during the Second Regular Session as we tackle matters that are crucial to our community.

I was elected to the Maine Legislature on the promise to represent you, the people of District 28. To do this, I will be seeking your input regularly and want to hear from you with your comments and concerns. Please call me anytime at (207) 290-5087 or email at Irene.gifford@legislature.maine.gov to keep me updated on those concerns. If you would like to be added to my email update list, you can do so by signing up at the town office or emailing me directly with your request.

Again, thank you for giving me the honor of serving you in Augusta!

Sincerely,

Irene A. Gifford State Representative

Groffier A andre

VETERANS' AFFAIRS

Dear Friends.

Thank you for allowing me to add my congratulations and gratitude for the positive differences each town and city in Maine makes for its people and ultimately for Maine as a whole. When I travel around the state and visit the various regions in Maine, I see firsthand the differences you all make, the focus you put on excellence, and the helping hands you extend to neighbors. I have learned valuable lessons watching your collaborations with each other. They got the State motto right – Dirigo – because you all certainly do lead the way and exemplify the best of Maine.

First, it was a true honor to be appointed to the Senate Veterans Affairs Committee this year to help address the challenges facing Maine veterans. We owe our way of life to these brave men and women and share a collective responsibility as a grateful nation to give back to our veterans. That means delivering veterans the benefits they have earned, addressing the veterans' suicide crisis, improving transition-to-civilian-status programs, and ensuring every veteran can access essential services, like affordable housing and behavioral healthcare.

Next, one of the most significant infrastructure projects in Maine history is underway: affordable and universal broadband availability throughout the state. Supported through funding in the bipartisan infrastructure bill, we are now within striking distance of broadband service even in our most rural communities. Additionally, infrastructure improvements in our roads and bridges, water and septic upgrades for our towns and support for our workforce and employers are also in the pipeline. Serious steps are being taken to address the toll from substance abuse and to provide our older neighbors with resources to help them continue to stand strong throughout their golden years. It is my goal here to make sure everyone has access to stable employment opportunities and quality healthcare which is of critical importance to keep our families healthy and happy.

I am thankful for each town in Maine for their commitment to their communities, to their citizens, and to this country. I will do my part to listen to your concerns and work to find useful solutions to the issues you face. My offices throughout Maine remain available to you if you face hurdles with the federal government, whether it be veteran issues, social security problems, student loans, immigration, tax assistance and more. I hope you will reach out of my offices in Presque Isle, Bangor, Augusta, Portland, or Biddeford and allow me the chance to be part of your solutions. Together, I know we can continue to build a stronger, brighter future for our great state.

Maine is known for our grit and resiliency and we are making great strides — something others across the country have noticed. Thank you for being one of the reasons Maine is so special; it is not only a pleasure to serve you — it is a pleasure to know you. Mary and I wish you a happy and safe 2024.

Best Regards,

United States Senate

SUSAN M. COLLINS

COMMITTEES
APPROPRIATIONS
YES CARE
HEALTH, EDUCATION,
LABOR, AND FERSIONS
SELECT COMMITTEE
ON HITELINGUES

Dear Friends:

It is an honor to serve the people of Maine in the U.S. Senate, and I welcome this opportunity to share an update on issues important to Maine and America.

One of my priorities for 2023 has been to improve the appropriations process in Congress – the way it decides how to spend taxpayer money. I took over as the Vice Chair of the Senate Appropriations Committee last year. Along with Chair Patty Murray, we decided the best change we could make was not to do something new. Instead, it was to do something old – that is, go back to the regular and transparent committee process that we used to have.

Part of restoring this process included holding 50 public Committee hearings, which allowed for input from senators on both sides of the aisle. As a result, for the first time in five years, the Senate Appropriations Committee passed all twelve of its funding bills on time. This was done with strong bipartisan support. In fact, seven of them passed unanimously.

Now, we need to work with the House of Representatives to pass these twelve bills and turn them into laws.

These bills contain funding for a wide range of Maine priorities, including support for the workforce at Bath Iron Works and Portsmouth Naval Shipyard, our lobster industry, infrastructure improvements, affordable housing, biomedical research, veterans, and heating assistance programs like LIHEAP. These bills also contain nearly \$590 million in Congressionally Directed Spending for 231 projects throughout the State of Maine. These projects would help promote job creation, expand access to health care, and improve public safety, infrastructure, and important resources in communities across all 16 counties of our state. I will continue to work to get these bills signed into law in the new year.

On October 25, the horrific mass shooting in Lewiston claimed the lives of 18 Mainers and injured 13 others. In response, I led Maine's Congressional Delegation in requesting an independent investigation by the U.S. Army Inspector General into the events leading up to the shooting. On December 15, the Under Secretary of the Army wrote to inform me that such an investigation will take place, and the Army Inspector General has instructed her team to immediately begin preparing to conduct this investigation. While nothing can undo the events of October 25, I will continue to work to understand what happened and what could have been done differently, and to find answers for the victims, survivors, and their families.

No one works harder than the people of Maine, and this year I honored that work ethic when I cast my 8,855th consecutive roll call vote.

As we look ahead to 2024, I remain committed to addressing the concerns of Maine families and communities. If you need assistance or wish to share your thoughts, please do not hesitate to reach out to one of my six state offices.

Sincerely, Luxan M Collins

Susan M. Collins

United States Senator

Manager's Report

This past year we have been required to increase the property values here in Howland due to recent home sales. Our assessor informed us that we would fall below the required 70% of the certified ratio and were in danger of a large reduction or even elimination of the homestead exemption. Since the pandemic we have noticed that property sales here in Howland were being sold for much more than the assessor had them valued. The Assessor explained to me that every few years the state reviews current property sales to see if municipalities have properties in their communities assessed close to recent market sales. So, we had two choices we could have done a town wide revaluation. Our assessor said for a community this size it would be \$200,000-\$250,000 and it would probably be about two years before a qualified assessor would be available to do a town wide revaluation. So, the Board of Selectpersons opted to increase our values so we could certify above 90% of the certified ratio. Our concern was if we had a townwide revaluation this year and market sales drop we would have to drop our assessed value, accordingly, resulting in \$200K spent on the revaluation unnecessarily.

The past year we replaced several lagoon valves at the wastewater treatment plant that allowed us to control the treatment and discharge of wastewater. The old valves had deteriorated to where we were having trouble regulating discharge flows. This project was a joint effort by the Towns of Howland & Enfield. We treat Enfield's wastewater at our treatment plant and Enfield covers 29% of the cost associated with the treatment plant and pump station #1 and Howland is responsible for 71% of those two wastewater facilities. Pump station #4 on Penobscot Ave received new pump rails this past year.

With Maine DOT paving Water Street, the wastewater crew had to raise all the structures (manholes) to meet the new grade of the asphalt. This wasn't something we had planned, and the project required two weeks of staff time.

The town water tank located on Cemetery Road has needed to be repainted (inside & outside) for a few years, The coating/painting is not because it looks bad but prevents corrosion of the metal structure. This project was estimated to be around \$700,000 including engineering. Without trying to have another rate increase we searched for alternative funding sources. We were able to apply for and received congressional spending funds that will cover 75% on this cost.

The Fire/EMS Department continues to move toward a fire district grow and provide a higher level of service not only to Howland but the surrounding communities as well. Their service and dedication to the communities is unmatched and their service is appreciated by everyone. This past year we have purchased a used ladder truck and a used wildfire response unit which will allow us to continue to provide exceptional fire service to Howland and the surrounding communities we serve.

I'd also like to personally thank my coworkers who go above and beyond to make sure the citizens and visitors alike have safe roads to travel on, professional and experienced emergency response services, recreation activities and exceptional customer service here in the town office and library.

Town of Howland Code Enforcement Office 2023 Code Enforcement Report

This office issued a total of 22 permits in 2023 for various land use activities in Howland. There were 7 building permits issued for new and/or replacements and expansions of dwellings, 12 permits issued for sheds and garages, and 2 camper pads and 1 deck. Of the 22 permits written, 10 were issued for activities within the Shoreland Zone (within 250 feet from the water).

In light of some tragic events of late, it is vitally important that residents of Howland be aware of the danger posed by fire, flammable gas and carbon monoxide in their households. Please consider the purchase of appropriate detectors to avoid any injury to family and friends. The Howland Fire Department will provide smoke detectors to any resident that requests one for use in their house or apartment.

Egress Doors and Windows: Any sleeping area must have a framed door separating the sleeping area from the rest of the structure, and an outward swinging framed door to the outside or a window with an opening of 5.7 sq. ft. (820 sq. in.) at minimum, with a minimum window width of 20" and minimum opening height of 24". The bottom of the window should be no higher than 30" from the floor. **Smoke Detectors:** All living areas will have working smoke detectors.

Howland has a number of water resources located partially within its borders, including the Penobscot River, Piscataquis River, Seboeis Stream, Merrill Brook, Pond Farm and a number of brooks and streams. All are important natural resources that are critical to the health of our local ecosystems and need to by protected while we enjoy them.

As a reminder to all property owners and contractors in Howland to call the Town Office before starting any building and/or land use projects to inquire about if any permits are needed before starting your project.

Proudly Serving The communities of:

Howland, Burlington, Maxfield, Edinburg, Enfield, Lowell, Passadumkeag, Seboeis, Mattamiscontis, Grandfalls, Summit

2023 was another busy year for the Fire Department

Due to the decreasing numbers of part time call first responders, we have filled 19 fulltime positions to ensure staffing levels. We had three employees that graduated from the Penobscot County Firefighter II academy and three that have obtained their State EMT LIC and one who has obtained advanced EMT license. We have been able to keep Paramedic level coverage for our coverage area 24/7. We have continued to partner with The Lincoln Fire and Rescue Service to ensure adequate response and staffing levels to emergency within our region.

We have continued to be successful with grants to purchase much-needed equipment and will diligently apply in the future. Grant money received in 2023 of \$21,000.00

We have replaced a 2011 ambulance with a new chassis.

Current apparatus list:

Howland Station

2002 Engine 1250gpm pump with 750-gal tank and class A foam

20006 Engine 1250gpm pump with a 1400-gal tank, class A foam and auto extrication equipment

2009 Tanker 3500-gal tank.

1988 Ladder truck with 80-foot ladder

2002 Wildland truck with 200gpm pump and 400gal tank

We are always in search of more part time call people. You can obtain an application from the Town of Howland website. There is ample opportunity for education and part-time work.

To obtain a fire permit at the Howland Fire Station or go to the Maine Forrest Services website.

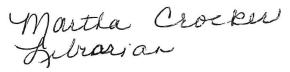

Thank you for your support over the past year and the opportunity to serve as your Chief.

Yours in service,

Josh A McNally

Fire Chief

The library is constantly growing with new books and visitors! Thanks to the Stephen and Tabitha King grant I have been able to create a comfortable corner for the children to enjoy the library. We will be having a read aloud and craft time again this summer for the children. It was well attended by the area little ones. The rounder outside of the library holds many paperbacks that are all free to take. If you are looking for a certain book and I don't have it, I will get it for you. New books are being added weekly. We also have a computer available for public use. The hours are Monday, Wednesday and Friday 9-2 year-round.

Take advantage of Howland's Tax Club for Real Estate and Personal Property

Tax clubs are set up to allow taxpayers to spread the payment of their <u>current tax bill</u> over a twelve month period without being subject to the payment of interest. The payment of a Town of Howland Tax Club would be due at the Town Office no later than the end of the work day on the 20th of the month. If the payment does not arrive at the Town Office until after the 20th of the month then you are subject to an interest payment for that month on the unpaid balance. The advantages of a tax club is: You don't pay interest if payment is on time, taxes will be paid by June 20th which keeps your name out of the Annual Report, you don't have to be concerned of a lien being placed on your property, and you don't have to come up with the full amount at one time. The advantage to the town is that it provides a steady cash flow. The club will run from July 1st to June 30th of each year. (First payment due July 20th) If you are interested in a tax club payment arrangement for your 2024 – 2025 Real Estate or Personal Property taxes you need to sign up and get your payment amount so that you can make your first payment by July 20, 2024. The Town has over 100 taxpayers that have taken advantage of Howland's Tax Club. Give us a call!

The following are some examples of what the payment for July through June would be based on some 2024-2025 tax amounts.

Divided by 12 Mo. / Monthly Payment

During the previous season, the Water Department experienced two instances of freezing. It's crucial to ensure that water meters and lines are adequately heat taped and insulated to prevent freezing, as thawing and replacing meter parts can incur significant expenses. Our policy, updated four years ago, now requires meters to be installed inside trailers rather than underneath to mitigate freezing risks. Additionally, there were two minor water main leaks, located on Ring St. and Pleasant St.

Currently, we are operating under A.E. Hodsdon's license until Stanley obtains his license, collectively ensuring the town's operations run smoothly. Bradley Cookson joined us in October 2022, splitting his time between the water & sewer departments and public works, working six months in each.

In the Sewer Department, all pump rails were replaced at Pump Station #4 on Penobscot Ave. A significant valve replacement project at Lagoons #3 & #4 was successfully completed, requiring the hiring of divers to halt flows for the task. Thanks to the collaboration between T. Buck Construction, engineers from A.E. Hodsdon, and our wastewater employees, the project was a resounding success. Additionally, all sewer basins and gate valves on Water Street were revamped last Spring/Summer before the road was freshly paved. This comprehensive overhaul ensured that the sewer infrastructure in that area was updated and maintained to high standards, contributing to the overall efficiency of the system.

INDEPENDENT AUDITOR'S REPORT

Members of the Board of Selectmen Town of Howland Howland, ME 04448

Report on the Audit of the Financial Statements Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Howland, Maine (the Town) as of and for the year ended June 30, 2023, including the related notes to the financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Town of Howland, Maine as of June 30, 2023, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for out audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the Unites States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statements date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 6 and page 24 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The accompanying supplementary information is presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Respectfully Submitted,

James W. Wadman, CPA

James W. Wadman, CPA February 6, 2024

OFFICIAL BALLOT MUNICIPAL REFERENDUM BALLOT TOWN OF HOWLAND, MAINE JUNE 25, 2024

To: Kelly Sirois, a resident of the Town of Howland, in the County of Penobscot, State of Maine.

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Howland in said county and state, qualified by law to vote in town affairs, to appear at the Town Office in said Town on Tuesday, the 25th day of June, A.D. 2024, at eight o'clock in the forenoon, then and there to act upon Article I and by secret ballot on Articles II through 34 as set out below, the polling hours therefor to be from eight o'clock in the forenoon until eight o'clock in the afternoon, said articles being the following:

Referendum Article 1: To elect a moderator to preside of said Meeting.

Referendum Article 2: Shall the town vote to set the interest rate paid by the town on

abated taxes at 3.00% for the upcoming fiscal year 2024 - 2025?

The town is required to set the interest rate to be paid to any taxpayer who receives an abatement on taxes that have already

been paid. Rate guidelines are set by State of Maine.

Referendum Article 3: Shall the town vote to authorize the Municipal Officers to make final

determination regarding the closing or opening of roads for winter

maintenance pursuant to 23 M.R.S.A. Section 2953?

Referendum Article 4: Shall the town vote to have 2024 - 2025 taxes become due and

payable 60 days from the date of commitment?

This sets the date that interest will start on unpaid taxes.

Referendum Article 5: Shall the town vote to charge 7.00% per annum interest on all

unpaid Taxes for Fiscal Year 2024 - 2025?

Set by State of Maine

Referendum Article 6: Shall the town vote to authorize the Selectmen and Treasurer, on

behalf of the town, to sell and dispose of any real estate acquired by the town for non-payment of taxes thereon, in accordance with the Management of Tax-Liened Property Guidelines and Town of

Howland Policy for Disposition of Tax Acquired Property?

Referendum Article 7: Shall the town vote to increase the property tax levy limit of

\$1,410,096.00 established for Howland by State law in the event that the municipal budget approved under the following articles will result in a tax commitment that is greater than that property tax

levy limit?

This article is necessary to comply with Legislation passed by the

State Legislature.

Referendum Article 8:

Shall the town vote to raise and appropriate the sum of \$857,292 for the operation of the General Government?

- General Government \$261,089
- Overlay \$5,000
- Contingency \$10,000
- Elections \$6,350
- Town Hall \$70,296
- General Assistance \$4,000
- Police Contract \$6,000
- Donation \$2500
- Retirement \$9,000
- County Tax \$120,592
- Health Officer \$538
- Debt Service \$361,927

Referendum Article 9:

Shall the town vote to appropriate the sum of \$324,664 for Howland's portion of the Fire District Budget?

Pays for day-to-day expenses and equipment for personnel for the fire district

Referendum Article 10:

Shall the town vote to raise and appropriate the sum of \$23,550 for Street Lights?

Referendum Article 11:

Shall the town vote to raise and appropriate the sum of \$111,820 for the cost to operate the Transfer & Recycling Facility?

Pays for contracts, attendants, trash disposal-tipping fees, transportation to disposal site, etc

Referendum Article 12:

Shall the town vote to raise and appropriate the sum of \$335,054 for the Highway Department?

Pays for the day-to-day expenses such as lights, heat, gas, maintenance of vehicles, winter salt/sand, culverts, personnel, etc.

Referendum Article 13:

Shall the town vote to raise and appropriate the sum of \$361,927 for the following debts?

- Road improvement loan \$96,928
- Municipal Building loan \$216,387 (paid from Building Lease)
- 2021 plow truck \$20,549
- 2019 plow truck \$19,255
- Skid steer loader \$8,808

Referendum Article 14:

Shall the town vote to raise and appropriate the sum of \$1,085.00 for the Planning Board?

Pays Board Members for their time.

Referendum Article 15: Shall the town vote to raise and appropriate the sum of \$2,000 for economic development and community events? Referendum Article 16: Shall the town vote to raise and appropriate the sum of \$18,607 for the Thomas Free Library? Pays the Librarian wages and books & supplies. Referendum Article 17: Shall the town vote to raise and appropriate the sum of \$18,083 for the maintenance of town parks, Boat launches and playground? Pays for upkeep/needs of the parks. This also funds a part-time position to maintain all town owned facilities such as parks, boat launches? Referendum Article 18: Shall the town vote to raise and appropriate the sum of \$5,345 for the Code Enforcement Officer? The town is required by law to have a certified Code Enforcement Officer. Referendum Article 19: Shall the town vote to raise and appropriate the sum of \$36,220 for Summer Recreation programs? Pays personnel that run the summer programs and purchases equipment. Referendum Article 20: Shall the town vote to raise and appropriate the sum of \$2,000.00 for the maintenance of the Cemetery? This is for general maintenance of the stones and grounds other than mowing, which is carried in a separate line item. Referendum Article 21: Shall the town vote to raise and appropriate the sum of \$82,320.00 for Fire Suppression Fees? This is a fee is required and set by the PUC and is required based on the number of hydrants the town owns and maintains. This is a revenue to the Water Department. Shall the town vote to raise and appropriate the sum of \$7,415 for Referendum Article 22: Animal Control services? Referendum Article 23: Shall the town vote to raise and appropriate the sum of \$34,800 for Municipal Grounds keeping? This was previously entitled 'Mowing' with costs divided amongst various departments. This is for the groundskeeping of the cemetery and other municipal property. Referendum Article 24: Shall the town vote to raise and appropriate the sum of \$12,000 for

the Assessing Agent?

Referendum Article 25:	Shall the town vote to raise and appropriate \$3,000 to fund a cemetery reserve fund for upgrades and improvements?
	This fund would be used to fund improvements such as expansion, improvements and development of existing cemeteries?
Referendum Article 26:	Shall the town vote to raise and appropriate the sum of \$35,000 for the need of Legal fees?
Referendum Article 27:	Shall the town vote to raise and appropriate the sum of \$10,000 to add to the Highway Department Equipment Reserve?
Referendum Article 28:	Shall the town vote to raise and appropriate the sum of \$5,000 to add to the Sidewalk Reserve for the maintenance and upkeep of Sidewalks?
Referendum Article 29:	Shall the town vote to raise and appropriate the approximate sum of \$30,000 for reserve funds for the municipal building reserve?
Referendum Article 30:	Shall the town vote to appropriate from User Fees and miscellaneous fees the sum of \$250,083 for the operation and maintenance of the Water Department?
Referendum Article 31:	Shall the town vote to appropriate from User Fees and miscellaneous fees the sum of \$251,506 for the operation and maintenance of the Sewer Department?
Referendum Article 32:	Shall the town vote to accept estimated revenues anticipated for the fiscal year 2024-2025 and use said revenues to reduce taxes:
	General Government (From All Other Sources) \$418,600 State Revenue Sharing (To Gen Gov't) \$402,000 BETE Reimbursement (To Gen Gov't) \$2,530 Homestead (To Gen Gov't) \$140,395 Sewer Revenue (To Sewer Department) \$230,000 Water Revenue (To Water Department) \$234,000 Municipal Building Lease \$288,400

Referendum Article 33:

Shall the town vote to authorize the Tax Collector to enter into a standard agreement with taxpayers establishing a "Tax Club" payment plan for property taxes, both for Real Estate and Personal Property, whereby: (1) the taxpayer agrees to pay specified monthly payments to the town based on his/her estimated and actual tax obligation for current year property taxes; (2) the town agrees not to charge interest on timely payments made pursuant to the Tax Club agreement; (3) the town authorizes the Tax Collector to accept tax club payments for current year taxes which may be due prior to the commitment of those taxes; (4) the agreement is automatically terminated if a scheduled payment is late, and the taxpayer then becomes subject to the same due date(s) and interest date (s) and rate as other taxpayers who do not have outstanding tax obligations for prior tax years are eligible to participate in the Tax Club program; and (6) taxpayers wishing to participate in a Tax Club for a particular property tax year shall enter an agreement with the town by a publicly-advertised deadline determined by the Tax Collector; this authorization shall stay in place unless rescinded by a future vote of the legislative body?

Referendum Article 34:

To see if the Town will vote to authorize the municipal officers to accept gifts & donations and to deposit those funds in accounts authorized by the municipal officers.
