TOWN OF HOWLAND

INVITATION TO BID

Project #1

The Town of Howland is currently accepting sealed bids for brush mulching/removal services on two projects consisting of roads and park areas in different locations within the Town of Howland. The first being 8/10th of a mile on the River Road behind the guardrails on the Northeast side of the road. The second area is 950' of the East side of Penobscot Valley Ave. The final area will total 3.5 acres in the Old Tannery Park in Howland. The Town of Howland is requesting a hydraulic mulching head on a rubber track or wheeled machine capable of reaching sixteen (16) feet. Trees and brush larger than 2" in diameter will remain and be avoided within the shoreland zoning area. Any fallen dead trees, stumps or material such as tall grass, bamboo will need to be mulched. Much of the work area is behind/under the guardrails and on steep inclines so the machine will need to be operating in the driving lane so contractor will need to provide traffic control devices consisting of cones and/or signage. All work is to be performed during daylight hours, preferably after 8am in the morning.

Project #2

Site #1 is a .75-acre parcel adjacent to the Penobscot river bordering the edge of Old Tannery Park. This area consists of tall grass & brush on uneven ground. The contractor will be required to repair any ruts from the machine greater than 2 inches in depth on mowed areas.

Site #2 Will be an area 2.75-acre parcel between the Old Tannery Park and the adjacent lot. This area will require selective removal of small trees and brush. This area will also need to have ruts repaired greater than 2" on mowed areas.

_____ Price project #1

_____ Price project #2

Contractors will be required to provide certificate of Insurance listing the Town of Howland as additional insured. Contractors will need to provide independent contractor status or workers compensation coverage prior to being awarded the job. The Town will stop accepting bids on August 13th at 4pm. Bids will be opened at the August 17th Board meeting at 6pm.
