

TOWN OF CLYMAN
SPECIAL BUDGET MEETING

The Special town meeting to approve the 2009 proposed budget was called to order at 7:30.

Motion by Nancy/Dave to approve the road maintenance budget for 2009. A roll call vote was taken and unanimously carried.

Treasurer Chris Spilker went through the line items in the budget. Discussion was held on the police patrol issue. Chairman Blank advised that he felt a police patrol would curb vandalism in the cemeteries and would also be available to help with accidents patrol. Question was raised as to what the village makes back vs. what is paid out. They were advised that the village makes about \$4,000 to \$5,000. Question also asked if the police would also be able to issue citations for zoning violations and it was stated that they would be able to issue the citations. Dave expects that this will probably be brought up again at the annual meeting. Questions were raised about the attorney fees, especially Attorney Roder's fees. It was felt that Roder was not being fair to the Town with everything he was doing and he was not including the town board in discussions. Some felt that the board did not have any input in the CUP conditions. Discussion held on the condition in the CUP of ULWR being able to choose the attorney for the town. Dave explained that this meant that in the event ULWR and the town gets sued over land spreading or issues pertaining to the lagoons, ULWR has the right to choose the attorney to represent the town and ULWR because ULWR would be responsible. Discussion held on the upcoming appeals board meeting. Marylee Peterman felt that the board needs to advise Atty. Roder that the people are not happy with the terms of the CUP. Question was raised as to what was involved with cemetery maintenance. It was explained that it involved fixing the head stones, and possibly extending the gates of Eagle Road.

Motion by Jeff Kreuziger, seconded by Joe Hasslinger to accept the budget as proposed. Motion carried.

Motion by Nancy/Dave to recommend that the 2009 Local Tax Levy be set at \$131,144, which equals a mill rate of \$.002268731. Motion carried.

Chairman Blank asked for comments regarding snowplowing problems. Dave also indicated that he will speak with Atty. Roder regarding the concerns of the citizens.

Motion by Nancy/Dave to adjourn. Motion carried. Meeting adjourned at 8:45 PM.

Respectfully submitted:

Kris Kohlhoff
Clerk
