Application for a 5 Year Well Permit

City of Nekoosa

Applicant's Name: _____ **Phone:** _____ **Date:** _____

Property Address: _____ **Email:** _____

Well Driller Information: _____

Applications shall comply with 13.11(5) of the City Code.

Well operation permit. Owners of wells on premises served by the municipal water system wishing to retain their wells for any use shall make application for a well operation permit for each well no later than 90 days after connection to the municipal water system. The City of Nekoosa shall grant a permit to a well owner to operate a well for a period not to exceed five years providing all conditions of this section are met. A well operation permit may be renewed by submitting an application verifying that the conditions of this section are met. The City or its agent will require inspections and water quality tests to be conducted at the applicant's expense to obtain or verify information necessary for consideration of a permit application or renewal. Permit applications and renewals shall be made on forms provided by the Public Works Director. The following conditions must be met for issuance or renewal of a well operation permit:

(a) The well and pump installation shall meet the Standards for Existing Installations described in § NR 812.42, Wis. Adm. Code. The well and pump system shall be evaluated by a licensed well driller or pump installer and certified on the Wisconsin Well and Pressure System Inspection Form 3300221 to comply with Ch. NR 812, Subch. IV, prior to issuing the initial permit and no less than every 10 years afterwards.
(b) The well and pump shall have a history of producing safe water evidenced by at least one coliform bacteria sample. In areas where the Department of Natural Resources has determined that groundwater aquifers are contaminated with substances other than bacteria, additional chemical tests may be required to document the safety of the water.
(c) There shall be no cross-connections between the well's pump installation or distribution piping and the municipal water system.
(d) The water from the private well shall not discharge into a drain leading directly to a public sewer utility unless properly metered and authorized by the sewer utility.
(e) The private well shall have a functional pumping system.
(f) The proposed use of the private well shall be justified as reasonable in addition to water provided by the municipal water system.

Application for a 5 Year Well Permit

City of Nekoosa

Well Information:

1. Is property served by Municipal Water System? Yes_____ No_____
