VOTE!

DANE COUNTY VOTERS ONLY

In the Village of Brooklyn, a primary election is needed for Dane County Judge Branch 1. Voting hours are 7 a.m. to 8 p.m. at Village Hall. Accessible parking is in the lot behind the Hall.

TAXES DUE JANUARY 31

Effective December 24, 2025, the USPS is moving from local postmark application to regional sort center postmark application.

Mail early to ensure payments are postmarked before January 31, 2026.

NOTICE: In 2026, the Village of Brooklyn is conducting a Market Revaluation of all properties.

Accurate Appraisal LLC – Educational Corner

The State of WI is a **Market Value** state. They require assessed property value to be within 10% of market value to remain in compliance.

The State of WI also uses **Equalized Value** for tax purposes. If your assessment is 12% below market value, the state will add 12% to your assessment before taxes.

DID YOU KNOW?

When assessments fall out of compliance a revaluation is needed.

Not every community revalues property on the same schedule. Some revalue every year while others revalue only when they fall out of compliance.

$$\text{Assessor's Value} \div \text{State's Value} = \text{Equalized Value}$$

The State of Wisconsin is a Market Value State, which means that individual parcels of property are valued (assessed) by local assessors while the estimated value of all taxable property in each municipality is determined by DOR. An Equalized Value is determined by the estimated market value of your home compared to the Assessed Value. Assessors aren't tax collectors, or even tax setters; we're just fellow taxpayers trying to make everything fair and equitable.

For more in-depth information about equalized value, follow this link:
<https://www.revenue.wi.gov/DOR%20Publications/wieqval.pdf>

TAX IMPACT ANALYSIS

Ever wondered how your property tax bill is calculated?

It's all about assessment, mill rate, equalized value, and apportionment.

Let's break it down:

1 **Assessment:** Your properties assessed value is based on the market, comparable sales, location, and other factors.

2 **Mill Rate:** Expressed per \$1,000 of assessed value, the mill rate is how much you pay in taxes for every \$1,000 your property is worth.

3 **Equalized Value:** This adjusts for differences in assessment practices across communities to ensure fairness. It's like balancing the playing field for everyone!

4 **Apportionment:** Once the total tax needed is determined (for schools, roads, etc.), this decides how the "tax pie" is divided among municipalities.

PROPERTY ASSESSMENT REVIEWS at Village Hall

2026 OPEN BOOK

Tuesday, June 16th, from 8 am to Noon & 1-5 pm

Wednesday, June 17th, from 9 am to 3 pm

2026 BOARD OF REVIEW

January 2026 News from Your Senior Center

By Rachel Brickner

January will be a busy month at the Senior Center. The new building project is being put out for construction bids in January, which is very exciting. Groundbreaking should take place in the spring!

The Oregon Area Council on Aging (the Senior Center's fundraising arm) is working to raise money to help support the new building and will be hosting its annual Pancake Breakfast and Bake Sale at the Center on Sunday, January 25. That event will begin at 7:30 and serving will end at 11:30, but the building will remain open until noon for the Bake Sale and for people who are still here enjoying their breakfast.

The talented crew from the Oregon/Brooklyn VFW Post 10272 will be making breakfast, which includes pancakes, sausage, scrambled eggs, applesauce and beverages. The cost is ten dollars for ages 11 and above, four dollars for children aged 3-10, and free for children aged 2 and under. Take out is available.

We also welcome donations of baked goods for the Bake Sale. If you would like to contribute, please call the Senior Center at 608-835-5801.

Technology continues to advance at a dizzying pace, and the Senior Center is offering a set of classes and practice sessions to help people keep up. DaneNET is offering free training every Tuesday at 1:00 beginning in January and ending in mid-March. One Tuesday there is a class about a subject, and the next Tuesday there is focused practice on that topic. You do not have to take all the classes but can pick and choose what is of interest to you.

For example, there is a class on January 20 dealing with Healthcare Access and MyChart Basics, and the next week (January 27) there is one-on-one training on that topic. For a list of all the topics, you can check our Newsletter on the Village of Oregon website, or you can call the Center and ask (608-835-5801).

Another interesting and informative presentation coming up later this month will be on Wednesday, January 28 at 1:00. The Oregon Area Food Pantry will be hosting an Information Session. Pantry Director Julie Krzystof will provide information about all things related to the Food Pantry, everything from how someone can access the food pantry, and what a visit to the Pantry is like, to how donations are processed. Volunteer opportunities will be discussed, as well as ways to get involved. This session will provide information to help everyone better understand this vital community resource.

Please consider joining us in January, we would love to see you!

ANNUAL PANCAKE BREAKFAST AND BAKE SALE

Sunday, January 25, 7:30 - 11:30 AM

Delicious pancakes, sausage, scrambled eggs, applesauce, and a beverage is just \$10.00 for adults, \$4.00 for children ages 3-10, and free for children 2 and under. Eat in or take out.

Once again, talented chefs from the **Oregon/Brooklyn VFW Post 10272** will cook for us, and our fabulous volunteers will donate home-baked goodies for the bake sale.

Hy-Vee is donating all the milk and juice this year! If you would like to support the fund raiser, please give us monetary donations to help pay for the other supplies.

Donations of baked goods can be dropped off at the Senior Center on Friday, January 23, from 8:00 AM to 4:00 PM, or Saturday, January 24, from 2:00 to 4:00 PM.

Life and Photographs of HH Bennett

Friday, January 23, 1:00 PM

Bob Block will talk about HH Bennett, the world renowned landscape photographer of Kilbourn City (now Wisconsin Dells). Learn how Bennett

invented and built his "Snapper" camera capturing the first ever recorded stop action photograph known as the "Leap of the Chasm". Bob will follow the life of HH Bennett from his birth in Canada in 1843 through his life and death in 1908 in Kilbourn. The presentation will feature a collection of HH Bennett's unique artistic and amazing landscape photographs of the Dells. This presentation is informative, educational and entertaining.

Oregon Area Food Pantry Informational Session

Wednesday, January 28, 1:00 PM

Curious about how to access the Oregon Area Food Pantry or the resources it provides?

Join Oregon Area Food Pantry Director Julie Krzystof for a helpful, open conversation about how the pantry works and how it can support you or someone you know. This session will walk through how to receive food, what to expect during a visit, and how donations are processed to ensure quality and care. You'll also hear about volunteer opportunities and ways to get involved. Whether you're seeking assistance or just want to better understand this community resource, all are welcome.

**Village Board Meeting Minutes**  
**December 8, 2025**

On December 8, 2025, President Mike Brusberg called the Village Board meeting of the Village of Brooklyn to order at 6:30 p.m. Trustees present were Mike Gehrman, David Berland, and Todd Klahn. Trustees Christian Allen, Dan Olson, and Jacob Bachim were absent. Also present was Clerk-Treasurer Linda Kuhlman. Pledge of Allegiance. No public comments.

**President's report** – Brusberg thanked the board and staff for the patience shown with him throughout the year. He appreciates the diligence shown and engagement in meetings. He thinks fostering a debate culture has been healthy. We've had some big accomplishments over the year, and acclimated Klahn and Bachim back to the board. We've had the Hotel Street project, the Highway 92 construction with how to limit the effect on the business holders. We've been challenged with the work on the business complex and weaving our way around that. We try to have the least possible impact from a budget standpoint, but sometimes costs seem to only go one way. We did our best sharpening the pencil with the 2026 budget. The outcome is very reasonable for the tax base and community. We'll continue to show that discipline in future years. There might be some years that have to go up and other years we can bring it down. Thanks to the staff, and the effort with which they serve our community on a daily basis. He'd also like to say thank you to fire and EMS. The level of community service within their jobs and community events brings good community feelings and comraderie. Thank you for everything the board does and benefits you provide the community.

**Klahn made a motion to approve minutes from November 24.** Gehrman seconded. Motion carried.

**Hotel Street shoveling** – Brusberg said we've had a lot of discussion last year on the level of shoveling on Hotel Street. We did a refresh of the ordinance last year. We had some people reaching out with concerns, and we reminded folks of what's expected within the ordinance. Notices have been provided to a couple of spots. The ordinance reads in part, "The property owners on the 100 block of Hotel Street must remove all snow on the concrete surface from the back of the curb line to the edge of sidewalk closest to building." We have to keep in mind on Hotel Street, because of the way the sidewalk is laid, there is also private property that has concrete surface that runs from the sidewalk to the building. That private property doesn't need to be cleared unless it becomes a problem with icing over. It's something we'll continuously watch and make sure it doesn't become a nuisance. We can't require that it be shoveled. If they want to clear that to the building, that's fine. If they want to talk to their neighbors to clear it, they can do that too. The ordinance is written through the sidewalk and the portion to the street. Kuhlman said we had an inquiry about whether we can require, because it's commercial, owners to clear all the way to the building. Gehrman said it would be similar to a resident having to clean the sidewalk people walk on, but the sidewalk to the front door doesn't need to. Kuhlman said other communities' ordinances are written the same as ours, but the layout of their buildings is different and don't necessarily have space between the building and the sidewalk. Brusberg said public works will keep watching it.

Kuhlman stated we made some changes to the recycling ordinance required by the DNR. The changes were approved by the DNR. **Klahn made a motion to approve Ordinance Chapter 26 Solid Waste Article II Recycling.** Brusberg seconded. Motion carried.

Kuhlman stated the DNR also requires a compliance assurance plan, which we did, and it was also approved by the DNR. **Klahn made a motion to approve the Recycling Compliance Assurance Plan.** Gehrman seconded. Motion carried.

**Brusberg made a motion to approve the 2026-2027 election inspectors as proposed.** Klahn seconded. Motion carried.

**Klahn made a motion to approve employees carrying over up to 40 hours of vacation time.** Gehrman seconded. Motion carried.

Board reviewed the bills. **Brusberg made a motion to approve the bills as presented.** Klahn seconded. Motion carried.

**Public Works Report** – Board has the update. The sanitary inspection was held a couple weeks ago, and the DNR inspector sent an email praising public works. It read. “I would like to highlight the fantastic work that Leif and the Waterworks team are doing. He submits required reports to the Department in an incredibly timely manner and materials are always thoroughly and accurately completed. At the survey, all materials and records were very well organized and available. Brooklyn is one of the most well-run systems that I regulate.” Gehrmann suggested that would be good to put in the newsletter, because it’s hard to find employees that dedicated. Gehrmann asked about the sculpture. Kuhlman said they are working with the person who is storing it. It might be spring before it gets installed.

**Clerk’s report** –Kuhlman reported board has financials for November. Total deposits of \$272,069.39, and \$179,958.07 of that was shared revenue from state aids. Withdrawals were \$151,501.94. Ending balance of \$2,604,537.20. Dane County tax bills were sent last week. Green County should be sent by the end of the week. We haven’t had anyone else take papers for the election. Chamber’s Santa Day and Methodist Church regifting was last Saturday. We had about 24 kids, which was a good turnout. Fire/EMS started their light parade at the gazebo, and we had Santa do the tree/gazebo lighting. That went well. Hopefully, we can do that every year. Kuhlman asked if they want to do a board meeting at the end of the month, because it would be Christmas week. Brusberg said unless something important comes up, we can cancel it. Discussion on setting up closing date for business park sale of land. The board agreed to do the bills at the end of the month through email because there will be no second meeting. Dane County has a new tax receipt program, and when we input the tax payment, it will show up on Access Dane the next day.

**Planning & Zoning Commission** – Brusberg stated they received an update on 104 Hotel Street. Max Gartzke is looking to have potato chip manufacturing there. They provided him with some takeaways, and the board needs to look at wording in ordinance for bakeries. Recommendation would be to send to the ordinance committee for review and approval. The recommendation is to change the wording to “Retail bakeries, including those which produce some or all of the products sold on the premises, and would include establishments which manufacture bakery products primarily for sale through outlets located elsewhere or through home service delivery by specific approval of planning and zoning commission.” This would allow the use of manufacturing for sale elsewhere. So they’re recommending the ordinance committee look at that change. Gartzke will also need to file a CUP to clean up language for the use of the premises, because it’s a mixed use with a combination of residential and commercial. They reviewed a list of things to look for constructionwise. His intention is to do small batches to see if there’s something to it. **Berland made a motion to send the ordinance change to the ordinance committee for review.** Gehrmann seconded. Motion carried.

Brusberg also stated they reviewed a conditional use permit application from Michael and Alice Seelinger for small engine repair shop and storage. The recommendation after review and discussion is to approve the conditional use permit for that parcel. **Klahn made a motion to approve the conditional use permit.** Gehrmann seconded. Gehrmann asked about when they can start and end their small engine repair hours. Brusberg said it was talked about normal business hours. **Klahn amended his motion to add the approval of operation during normal business hours.** Gehrmann seconded amendment. Motion carried.

**Klahn made a motion at 7:09 p.m. to adjourn.** Gehrmann seconded. Motion carried.
