9/3/2025

Town of Mount Pleasant,

As Monticello Public Library services the town of Mount Pleasant, we'd like to create a stronger flow of information. As such, we've included the September programming newsletter.

Town of Mount Pleasant residents have free access to Monticello Public Library programs, materials, and services. If you have a public space to post the program information, it would help your townsfolk be better aware of the opportunities offered to them through the library.

Furthermore, in case you haven't been to Monticello Public Library recently, we wanted to update you on our space and resources. First of all, we currently have two public computers and a printer/copier machine available for free. All visitors to the library have use of these machines, including members of the township board. Also, we have an approximately 10'x11' enclosed study room. The room is available for private meeting space and reservable by phone at 608-938-4011 or by emailing [info@monticellopubliclibrary.org](mailto:info@monticellopubliclibrary.org).

If you have any questions or would like to see the space available, please do stop over, call, or email. We are happy to help.

Sincerely,

Brenda Massei

Director

Monticello Public Library
