Welcome to Wittenberg, Wisconsin!

The Wittenberg Area is pleased that you are interested in expanding your business in our area! Located in the center of Wisconsin, the area boasts many impressive attributes for both business and pleasure.

Population estimates show that 17,000 residents live within a 15 mile radius of Wittenberg. In 1991 the Northcentral Technical College established a campus in Wittenberg. In addition to the Technical College, the Wittenberg-Birnamwood School District operates a high school, middle school and elementary school in the Wittenberg area. The new \$4 million Darwin E. Smith Aquatic Center was opened and features an Olympic sized swimming pool, heated exercise and wading pool, hot tub and extensive weight training room, all of which are open and available to the public.

Wittenberg has made doing business here very easy. With ready access to Hwy 29 East and West and Highway 45 North and South, Wittenberg provides easy access to all of Wisconsin and the Midwest. It is a 30-minute drive to Wausau, 60 minute drive to either Green Bay or Appleton, and 3 hours to the Twin Cities. The Village of Wittenberg Business Park was established in 1998 and has over 69 acres available for development. The downtown area also has space available for lease/purchase.

We look forward to working with you to make Wittenberg your place to do business!

Downtown Area & Business 29 Corridor

Wittenberg has existing locations available for lease or purchase. Most of these are located in the downtown area. Both areas have shops, restaurants, and service and support businesses.

Village of Wittenberg Business Park

The Village of Wittenberg Business Park is ready for occupancy. The Business Park consists of 72 acres with the front part of the Business Park, approximately 18 acres, ready for immediate development. All utilities are in place such as: fiber optics, cable, water, sewer, gas and electric. Curb and gutter has been installed; some roads have been paved.

Land prices are very reasonable with credits available to offset the price! We have favorable tax rates. This means more money in your pocket and/or more funds available for your building project. Although lots are plotted on the business park map, they are just ideas that could be used. None of the lots has been surveyed; therefore you can determine what will work best for your proposed development.

Land Use

The Business Park land is to be developed to enhance the future growth of the Wittenberg Area. This development will include a general mix of industrial and commercial uses. The specific types of uses will be subject to the review and approval of the Village Board. Lots will be a minimum of one (1) acre. All development will be in compliance with the Wittenberg Business Park Deed Restrictions and Protective Covenants and the Village of Wittenberg Ordinances. The Restrictions and Deeds Document is available by contacting the Wittenberg Area Development corporation at (715)253-6063 or wittbrg@wittenbergnet.net.
