Where a trunk main is installed, the governing body upon advice of the city engineer shall estimate the probable cost of construction of a lateral main at the same time and place and such estimated cost shall be assessed against the properties abutting on such main and in the manner above provided.
3. Twenty percent of the cost of any sanitary sewer in excess of the estimated cost of a lateral sewer at the same time and place shall be assessed against all properties determined by the governing body to require the immediate construction of such main as a trunk sewer, including properties abutting thereon and properties served or capable of being served by lateral sewers connected thereto, in amounts proportionate to and not exceeding the benefits determined to be derived by said respective properties from such trunk sewer.
4. The total cost of storm sewers shall be assessed against properties within the area determined to be benefited thereby, in amounts proportionate to and not exceeding the benefits determined to be derived therefrom by the respective properties.
5. Where a portion of the benefits of any of the foregoing improvements is deemed to accrue primarily to the City at large, a portion not exceeding twenty percent of the cost thereof, as determined by the governing body with the concurrence of the Board of Budget Review, may be paid by the levy of ad valorem taxes upon all property within the City over the same period as the levies of assessments for such improvements, or any portion or all of such cost may be paid out of current funds duly provided in the budget, or from the proceeds of general obligation bonds duly authorized by the electors.
6. Such portion of the cost of any improvement, extension or addition to the utility as is not paid by special assessments and taxes levied and actually collected in respect thereof shall be paid from the net revenues of the utility.
7. Where due to any error or omissions or to any special circumstances a special assessment is not levied against any property benefited by an improvement at the time of the construction thereof in accordance with the program described in this section, the City

reserves the right to levy a supplemental special assessment upon such property or to impose and collect a special charge for the connection of such property with the utility system in such amount as shall be required to pay its just share of the assessable cost of such improvement.

7.0106 Utility Fund - Separate Accounts

All moneys received by the City in respect of the services, facilities, products and by-products furnished and made available by said utility, except collections of special assessments and taxes appropriated to improvement district funds and moneys borrowed for capital improvements, and all money, receipt and returns received from any investments of such earnings, shall be paid into the treasure of the City and kept in a special fund which shall be permanently maintained on the books of the City, separate and distinct from other funds, and designated as the Water and Sewer Utility Fund, in the records of this fund, all receipts and disbursements of money on account of or in connection with the utility shall be entered and reflected; but the moneys from time to time on hand therein shall always constitute public municipal funds and shall be deposited and their safekeeping secured like other City funds. Separate accounts within the Water and Sewer Utility Fund shall be permanently maintained for the purpose of segregating the revenues required to meet the several expenses and obligations of the utility, as provided below, and such revenues shall be administered and accounted for as follows:

1. Operation and Maintenance Account. There shall be credited at least once in each calendar month to the Operation and Maintenance Account of said fund, as a first lien and charge on the gross revenues of the utility such sum as shall be needed, over and above any credit balance then held therein, to pay all claims due which by accepted accounting practices constitute normal, reasonable and current expenses of operation and maintenance of the utility, and to pay such expenses estimated to accrue for a period of approximately one month, and to maintain a reasonable reserve for contingencies. Moneys in said account shall be used only to pay expenses of the foregoing type, and not for repairs or replacements or for capital improvements properly chargeable to replacement and depreciation reserves or surplus funds.
2. Principal and Interest Account. The Principal and Interest Account of the Fund, created by resolution adopted in 1976, shall continue to be maintained as provided in the resolution until the payment in full of the improvement warrants issued against said fund.
3. Revenue Bond Account. The net revenues of the utility are herein defined as the aggregate of all sums on hand in the Water and Sewer Utility Fund from time to time in excess of the current requirements defined in (1) and (2) above. The entirety of the said net revenues shall be credited each month to the Revenue Bond Account of the Water and Sewer Fund until there shall have been credited within said account, and thereafter

so much of the net revenues as shall be necessary to maintain at all times, a reserve in an amount at least equal to the sum of the principal and interest payments due within each next succeeding twelve-month period upon all revenue bonds of the City heretofore or hereafter issued and made payable from said accounts. After this reserve has been created, there shall continue to be credited out of the net revenues to the Revenue Bond Account each month, over and above sums required to maintain such reserve, an amount not less than one-twelfth (1/12) of the sum of the principal and interest to become due on all such revenue bonds within the next succeeding twelve months. Moneys in said account shall be used only for the payment of principal and interest as it becomes due on said revenue bonds, and the reserve shall be used for such purpose only when other moneys in the account are insufficient. All revenue bonds heretofore and hereafter issued and made payable from said account, subject to the limitations upon such issuance contained in Section (6) hereof, shall constitute a first lien and charge on the net revenues of said utility without preference or priority of one bond over any other. However, if at any time the moneys in the Revenue Bond Account should be insufficient to make all payments of principal and interest due on such revenue bonds, and cannot be made sufficient by transfer of moneys from the other accounts described below, the moneys available shall be first used to pay interest then accrued on all bonds payable from said account, and any excess moneys available shall be used to pay matured principal of such bonds in order of their maturity dates, provided that moneys available for payment of bonds maturing on the same date shall be prorated equally among such bonds.

4. Improvement Warrant Account. There shall also be maintained in said fund an Improvement Warrant Account, for the purpose of segregating net revenues required for the payment of any portion of the cost of improvements hereafter instituted, for which such revenues have been pledged in accordance with the provisions of Chapter 40-22-15 and 40-22-16 of the North Dakota Century Code of 1943. There shall be transferred from said account as required, to the fund of each improvement district for which such pledge has been made, sums sufficient, together with tax and assessment collections held in such funds, to pay when due the principal and interest on all improvement warrants drawn upon such funds for the financing of such improvements. Moneys sufficient for the requirements of said improvement district funds shall be credited and paid into the Improvement Warrant Account out of the net revenues remaining from time to time after provision for the current requirements of the Revenue Bond Account, and the lien and charge on said net revenues in favor improvement warrants for the payment of which such pledges have been made shall be subordinate only to the lien and charge on said net revenues in favor of revenue bonds payable from the Revenue Bond Account. In the event that moneys in the Improvement Warrant Account shall be insufficient for the making of all transfers required to be made to the several improvement district funds to which such

pledges have been made, and cannot be made sufficient by the transfer of funds from the remaining accounts described below, the available moneys shall be apportioned first to the several improvement district funds in sums sufficient to pay interest then accrued on all warrants drawn on such district funds, and any remainder shall be applied in payment of matured principal of such warrants in order of the maturity dales thereof. As among warrants maturing on the same date, such available moneys shall be applied to the warrants of the several issues in proportion to the matured principal amount thereof for the payment of which taxes and assessments in the respective improvement funds are insufficient.

5. Replacement and Depreciation Account. There shall be maintained a Replacement and Depreciation Account, into which there shall be credited and paid as received, except as otherwise stated below, all net revenues in excess of the current requirements of the other accounts above described. In said account there shall be maintained such balances as the governing body shall from time to time determine to constitute an adequate reserve for depreciation and replacement of the utility, which reserve may be used to redeem prior to maturity obligations payable from the net revenues as and when the same become pre-payable according to their terms, or to replace worn out or obsolete properties of the utility, or to make extensions, enlargements or improvements thereto. Any moneys in said account determined to be surplus to the immediate requirements therefore may be invested or may be transferred to other City funds in the discretion of the Board, in the manner and subject to the limitations set forth in Section 40-33-12 of the North Dakota Century Code; and any acts amendatory thereof or supplemental thereto.
6. Moneys on Hand. The moneys on hand in any of the accounts of the Water and Sewer Utility Fund shall at all times be available and shall be used to the extent necessary to restore any deficiency in the funds on hand in any of the preceding accounts, in the order listed above, for the fulfillment of the requirements of such preceding accounts as herein defined.
7. Additional Accounts. The City also reserves the right to create additional accounts within the Water and Sewer Utility Fund for the purpose of segregating any surplus net revenues which may be pledged and appropriated to the payment of obligations hereafter issued to finance improvements, enlargements or extensions of said utility, other than the obligations made payable from the Revenue Bond Account and the Improvement Warrant Account, pursuant to the authority for such issuance reserved in Section 7.0107 hereof. Moneys on hand in any such account shall at all times be available for and used to the extent necessary to meet the current requirements of all of the foregoing accounts except the Replacement and Depreciation Account.

7.0107 Provisions for Financing Capital Improvements

In borrowing money for capital improvements, extensions or additions to said utility the following provisions shall at all times be observed:

1. For the purpose of this section, whenever the net revenues of the utility hereinabove appropriated to the Improvement Warrant Account are pledged to pay a portion of the cost of any improvement to be financed by improvement warrants, such warrants and the interest accruing thereon shall be deemed to be payable from said net revenues in the same proportion as that part of the cost payable from said net revenues bears to the principal amount of such warrants. The portion of costs payable from net revenues shall be deemed equal to the principal amount of the warrants less the principal amount of the taxes and assessments agreed to be levied for the payment thereof.
2. Except as provided in parts (3) and (4) below, no obligations shall be issued and made payable from the Revenue Bond Account or the Improvement Warrant Account at any time unless the net revenues of the utility, as defined in Section 7.0106 (3) hereof, received during the next preceding fiscal year, shall have been in an aggregate amount at least equal to 125% of the average annual principal and interest payments due on all bonds payable from the Revenue Bond Account which are then outstanding or then to be issued, plus such percentage of the average of the annual principal and interest payments due on each issue of improvement warrants then outstanding or then to be issued as shall be payable from said net revenues, which averages shall be computed on the basis of the principal and interest payments due in the fiscal years of the then remaining term of all such revenue bonds and improvement warrants then outstanding. For the purpose of such computation, whenever rates for water and sewerage service have been changed in the course of any fiscal year, the net revenues for such year shall be deemed to be those which would have been received if such amended rates had been in effect during the entirety of such year, based upon the actual quantities of service furnished to each class of customers and the actual expenses of the utility during such year; provided that in no case shall the net revenues so computed be deemed to exceed 125% of the net revenues actually received during such year.
3. Refunding revenue bonds may be issued for the purpose of prepaying and refunding bonds payable from the Revenue Bond Account when and as they become pre-payable according to their terms, in the manner and to the extent permitted by law, provided that such refunding revenue bonds shall be subject to the requirements set forth in part (2) hereof, as applied to the past net revenues and future principal and interest requirements as of the date of the issuance of such refunding revenue bonds. However, the City shall and does hereby also reserve the right and privilege of issuing refunding revenue bonds, when permitted by law, for the maturities of any bonds payable from the Revenue Bond

Account which have matured and for the payment of which the moneys in the Revenue Bond Account are insufficient, and cannot be made sufficient by transfer of moneys from other accounts, and such refunding revenue bonds shall be payable from the Revenue Bond Account on a parity as to interest with all then outstanding bonds payable therefrom, but the maturities of such refunding revenue bonds shall be subsequent to the maturities of all such outstanding bonds. Nothing herein shall be deemed to require the holder of any revenue bond to accept a refunding revenue bond in exchange therefore.

4. The City also reserves the right and privilege of issuing refunding improvement warrants in the manner and to the extent provided in Chapter 40-27 of the North Dakota Century Code and acts amendatory thereof and supplemental thereto. The lien and charge of such refunding warrants on the net revenues appropriated to the Improvement Warrant Account shall be the same as that in favor of the improvement warrants refunded thereby; provided that for the purpose of the computations directed to be made in this section, the maturities and the rate or rates of interest payable on such refunding warrants shall be substituted for the maturities and interest rates of the improvement warrants refunded thereby.
5. Nothing herein shall be deemed to affect the obligation of the City, under the laws of the State of North Dakota, to levy ad valorem taxes upon all taxable property within its corporate limits for the purpose of paying a deficiency, if any, in the fund of any improvement district, at the time of the maturity of the last warrant drawn thereon, or at such earlier time as may be hereafter directed by such laws; provided that it shall be the policy of the City that the amounts of any deficiency tax levies so made shall be restored to the general funds of the City out of any surplus net revenues thereafter received, over and above the requirements of the several accounts of the Water and Sewer Utility Fund as stated in Section 7.0106 hereof.
6. Except as hereinbefore authorized, no obligation of any kind shall be issued and made payable from said net revenues unless the lien thereof is expressly made subordinate and junior to the lien and charge on said net revenues in favor of all revenue bonds and improvement warrants payable from the Revenue Bond Account and the Improvement Warrant Account.

7.0108 Agreements with Bond and Warrant Purchasers

The City shall and does hereby covenant and agree with the original purchaser and each holder from time to time of each bond or warrant issued and made payable from the Revenue Bond Account or the Improvement Warrant Account, as follows:

1. It will complete all improvements financed by the issuance of such obligations with due diligence and with the greatest economy consistent with good workmanship and efficient results, and will do so without creating or permitting the creation of any liens or encumbrances on said utility or on the revenues thereof other than the liens and charges of said revenues expressly authorized in this article.
2. As long as any obligations payable from said accounts are outstanding, it will continue to own and operate said utility as a municipal utility, free from all competitions as to the services thereby provided and in good and efficient operating condition.
3. 4. Under each such schedule, the City shall be obligated to pay and will pay from its other funds to the Water and Sewer Utility Fund a fair and equitable amount for any and all services, facilities, commodities and benefits furnished to the City or any of its departments by the utility.
5. It will at all times maintain books of account adequate to show all receipts and disbursements of the City respecting the utility, and application of such receipts to the purposes of the several accounts described in Section 7.0106 hereof, which books of account shall be open to inspection by the holder of any obligation payable from the Revenue Bond Account or the Improvement Warrant Account at any reasonable lime. The City will furnish a certified transcript therefrom of any information which any such bond or warrant holder may request, upon payment of a reasonable fee therefore.
6. It will cause the annual financial statement of the City required by the provisions of Section 40-1 6-05 of the North Dakota Century Code to include a statement as to the financial condition and the receipts and disbursements of the Water and Sewer Utility Fund and of its several accounts during each fiscal year, and will furnish a copy of such statement to the original purchaser of each issue of bonds or warrants upon request.
7. Upon written demand of the holder of twenty percent or more of the bonds or warrants of any issue payable from the Revenue Bond Account or Improvement Warrant Account and then outstanding, it will cause an audit of the books of account of the utility to be made by a certified public accountant satisfactory to the holders of such obligations, the cost thereof to be paid as an operating expense of the utility and will furnish a copy of the report of any such audit to such party as shall be designated in such demand.

8. It will at all times keep the properties of said utility insured in reasonable amounts against loss or damage by fire, tornado and other risks for which similar properties are customarily insured by prudent owners, and will carry adequate public liability insurance, insuring against any claim of personal injury or property damage which is or may become a charge against the revenues of the utility, and will also cause all persons handling funds of the utility to be bonded in suitable amounts for the protection of the City and the holders of obligations of the utility, and the expense of all such insurance and bonds shall be accounted for as an operating cost of the utility, and the City will use the proceeds of any such insurance and bonds to restore the loss or damage compensated thereby.
9. The City and its governing body and each and all of its officers will punctually perform all duties with reference to said utility and the revenues thereof and the obligations issued hereunder which are imposed by the ordinances and resolutions of the City in force on the date upon which any such obligations are issued and all provisions of the Constitution and laws and of such ordinances and resolutions which are provide security for the holders of bonds issued hereunder are acknowledged to be a part of the City's contract with the holders of such obligations; provided that nothing herein shall be deemed to preclude the City from modifying the policies set forth in Section 7.0105 hereof with reference to any improvements constructed and financed after the effective date of such modification.
10. The holders of twenty percent or more in principal amount of each issue of bonds or warrants payable from the Revenue Bond Account or the Improvement Warrant Account and at the time outstanding shall be privileged, and are hereby empowered, to institute and maintain, on behalf of the holders of all outstanding obligations of the same issue, any suit or proceeding at law or in equity for the protection and enforcement of any covenant, agreement or stipulation herein provided to be performed or observed by the City or its governing body or any of its officers, whether or not any such obligations are then in default as to principal and interest. Each and all of the rights and remedies provided by Sections 40-35- 15 and 40-35-19 of the North Dakota Century Code are hereby acknowledged to be available to the holders of such obligations.

7.0306 Use of Public Sewers

1. No person shall discharge or cause to be discharged any unpolluted waters such as storm water, surface water, groundwater, roof runoff, subsurface drainage or cooling water to any building drain or sewer which in turn is connected directly or indirectly to the sanitary sewer unless such connection is approved by the superintendent and the North Dakota State Department of Health.
2. Storm water other than that exempted under Section 7.0306 (1) and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as combined sewers or storm sewers, or to a natural outlet approved by the superintendent and the North Dakota State Department of Health.

- c. Any waters or wastes having a pH lower than 5.5, or having any other corrosive property capable of causing damage or hazard to structures, equipment and personnel of the wastewater works.
 - d. Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers or other interference with the proper operation of the wastewater facilities such as, but not limited to ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc. either whole or ground by garbage grinders.
4. The following described substances, materials, waters or waste shall be limited in discharges to city systems to concentrations or quantities which will not harm either the sewers, wastewater treatment process or equipment, will not have an adverse effect on the receiving stream, or will not otherwise endanger lives, limb, public property or constitute a nuisance. The superintendent may set limitations lower than the limitations established in the regulations below if in his/her opinion such more severe limitations are necessary to meet the above objectives. In forming his/her opinion as to the acceptability, the superintendent will give consideration to such factors as the quantity of subject waste in relation to flows and velocities in the sewers, materials of construction of the sewers, the wastewater treatment process employed, capacity of the wastewater treatment plant, degree of treatability of the waste in the wastewater treatment plant and other pertinent factors. The limitations or restrictions on materials or characteristics of waste or wastewaters discharged to the sanitary sewer which shall not be violated without approval of the superintendent are as follows:

- f. Any waters or wastes containing odor-producing substances exceeding limits which may be established by the superintendent.
 - g. Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the superintendent in compliance with applicable state or federal regulations.
 - h. Quantities of flow, concentrations or both which constitute a "slug" as defined herein.
 - i. Waters or wastes containing substances which are not amenable to treatment or reduction by the wastewater treatment processes employed, or are amenable to treatment only to such a degree that the wastewater treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.
 - j. Any water or wastes which, by interaction with other water or wastes in the public sewer system, release obnoxious gases, form suspended solids which interfere with the collection system or create a condition deleterious to structures and treatment processes.
5. If any waters or wastes are discharged, or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in 7.0306 (4), and which in the judgment of the superintendent, may have a deleterious effect upon the wastewater facilities, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the superintendent may:
- a. Reject the wastes;
 - b. Require pretreatment to an acceptable condition for discharge to the public sewers;
 - c. Require control over the quantities and rates of discharge; and/or
 - d. Require payment to cover the added costs of handling and treating the wastes not covered by sewer charges under the provisions of 7.0306 (11).

If the superintendent permits the pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the superintendent and the North Dakota State Department of Health.

6. Grease, oil and sand interceptors shall be provided when, in the opinion of the superintendent, they are necessary for the proper handling of liquid wastes containing floatable grease in excessive amounts as specified in 7.0306 (4) (c), or any flammable wastes, sand or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the North Dakota Plumbing Code and shall be located as to be readily and easily accessible for cleaning and inspection. In the maintaining of these

interceptors the owner shall be responsible for the proper removal and disposal by appropriate means of the captivated material and shall maintain records of the dates, and means of disposal which are subject to review by the superintendent. Any removal and having of the collected materials not performed by owner personnel must be performed by currently licensed waste disposal firms.

7. Where pretreatment or flow-equalizing facilities are provided or required by any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.
8. When required by the superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable structure together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling and measurement of the wastes. Such structures, when required, shall be accessibly and safely located and shall be constructed in accordance with plans approved by the superintendent. The structure shall be installed by the owner at his/her expense and shall be maintained by the owner so as to be safe and accessible at all times.
9. The superintendent may require a use of sewer services to provide information needed to determine compliance with this ordinance. These requirements may include:
 - a. Wastewaters discharge peak rate and volume over a specified time period.
 - b. Chemical analyses of wastewaters.
 - c. Information on raw materials, processes and products affecting wastewater volume and quality.

All measurements, test and analyses of the characteristics of waters and wastes to which reference is made in this ordinance shall be determined in accordance with the latest edition of "Standard Methods for the Examination of Water and Wastewater," published by the American Public Health Association. Sampling methods, location, times, durations and frequencies are to be determined on an individual basis by the superintendent.
11. No statement contained in this section shall be construed as preventing any special agreement or arrangement between the City and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the City for treatment.

7.0307 Damage to Sewer Works Prohibited

No person shall maliciously, willfully or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance or equipment which is a part of the wastewater facilities. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct.

7.0308 Powers and Authority of Inspectors

1. The superintendent and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling and testing pertinent to discharge to the community system in accordance with the provisions of this ordinance.
2. The superintendent or other duly authorized employees are authorized to obtain information concerning industrial processes that have a direct bearing on the kind and source of discharge to the wastewater collection system. The industry may withhold information considered confidential. The industry must establish that the revelation to the public of the information in question might result in an advantage to competitors.
3. While performing the necessary work on private properties referred to in Section 7.0308 (1), above, the superintendent or duly authorized employees of the City shall observe all safety rules applicable to the premises established by the company, and the company shall be held harmless for injury or death to the City employees, and the City shall indemnify the company against loss or damage to its property by City employees and against liability claims and demands for personal injury or property damage asserted against the company growing out of the gauging and sampling operation, except such as may be caused by negligence or failure of the company to maintain safe conditions as required in Section 7.0306 (8).
4. The superintendent and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all private properties through which the City holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair and maintenance of any portion of the wastewater facilities lying within said easement. All entry and subsequent work, if any, on said easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.

7.0311 Validity

All ordinances or parts of ordinances in conflict herewith are hereby repealed.

The validity of any section, clause, sentence or provision of this ordinance shall not affect the validity of any other part of this ordinance which can be given effect without such invalid part or parts.

Article 4: Sewer Surcharge

7.0401 Purpose

The purpose of this article shall be to generate sufficient revenue to pay all costs for the operation and maintenance of the complete wastewater system. The costs shall be distributed to all users of the wastewater system in proportion to each user's contribution to the total loading of the treatment works. Factors such as strength (BOD and TSS), volume and delivery flow rate characteristics shall be considered and included as the basis for the user's contribution to ensure a proportional distribution of operation and maintenance costs to each user.

The definitions set forth in Section 7.0302 of this chapter shall also apply to this article.

7.0402 Determining the Total Annual Cost of Operation and Maintenance

The City of Wilton, North Dakota, or its City Engineer, shall determine the total annual costs of operation and maintenance of the wastewater system which are necessary to maintain the capacity and performance, during the service life of the treatment works, for which such works are designed and constructed. The total annual cost of operation and maintenance shall include, but need not be limited to, labor, repairs, equipment replacement, maintenance, necessary modifications, power, sampling, laboratory tests and a reasonable contingency fund.

7.0403 Determining Each User's Wastewater Contribution Percentage

The City of Wilton or its City Engineer, shall determine for each user's average daily volume of wastewater, which has been discharged to the wastewater system, which shall then be divided by the average daily volume of all wastewater discharged to the wastewater system, to determine such user's Volume Contribution Percentage. The amount used as the total average daily volume of wastewater shall exclude infiltration and inflow. The City of Wilton or its City Engineer, shall determine each user's average daily poundage of 5-day 20-degree Centigrade Biochemical Oxygen Demand which has been discharged to the wastewater system which shall then be divided by the average daily poundage of all 5-day 20- degree Centigrade Biochemical Oxygen Demand discharged to the wastewater system to determine each user's Biochemical Oxygen Demand Contribution Percentage.

The City of Wilton or its City Engineer, shall determine for each user's average daily poundage of suspended solids which has been discharged to the wastewater system which shall then be divided by the average daily poundage of all suspended solids discharged to the wastewater system, to determine such user's Suspended Solid Contribution Percentage. Each user's Volume Contribution Percentage, Biochemical Oxygen Demand Contribution Percentage and Suspended Solids Contribution Percentage shall be multiplied by the annual operations and

maintenance costs for the total volume, the total 5-day 20-degree Centigrade Biochemical Oxygen Demand and the Total Suspended Solids for the wastewater system, respectively.

7.0404 Determining a Surcharge System for Users with Above Normal Volume, BOD and TSS

The City of Wilton or its City Engineer, will determine the average Total Suspended Solids (TSS) and Biochemical Oxygen Demand (BOD) daily loading for the average residential user and residential user class. The users discharging wastes with volume, BOD and TSS strengths greater than the average residential user. Such users will be assessed a surcharge sufficient to cover the costs of treating such users above-normal strength wastes and/or volume. Normal strength waste are considered to be 200 mg/1 BOD and 250 mg/1 TSS.

7.0405 Surcharge Rate Schedule for Above Normal Volume of Wastes

Residential users are considered to be one class of user and are hereby levied a charge of _____ per month. Non-residential users with flows no greater than the average residential user's flow of 4000 gallons per month and with BOD and TSS no greater than the average residential users strength will be levied the same charge of _____ per month as the average residential user.

Non-residential users with volumes greater than the average residential user will pay an additional charge of 60 cents per 1,000 gallons per month for all flows greater than the average user's flow of 4000 gallons per month.

7.0406 Surcharge Rate Schedule for Above Normal Strength Wastes

Any non-residential user with BOD and TSS greater than the average residential user's strength will pay a surcharge in accordance with the rates determined by the City or its Engineer. The City of Wilton or its Engineer may determine the total suspended solids (TSS) and 5-day biochemical oxygen demand (BOD5) daily loading for the average residential user and or user class or in lieu of such determinations can consider the average residential strength wastes to be 200 mg/1 BOD5 and 250 mg/1 TSS. The City of Wilton will assess a surcharge rate for all non-residential users discharging waste with BOD and TSS strengths greater than the average residential user. The Surcharge will be sufficient to cover the costs of treating such users above normal strength wastes. Such users will pay an additional users charge of ___ cents per 1000 gallons for each 25 mg/1 or fraction thereof over 200 mg/1 of BOD5 and _____ cents per 1000 gallons for each 25 mg/1 or fraction thereof over 250 mg/1 TSS.

7.0407 Determining Each User's Wastewater Service Charge

Each non-residential user's wastewater cost contribution as determined in Sections 7.0405 and 7.0406 shall be added together to determine such user's annual wastewater service charge. Residential users may be considered to one class of user and an equitable service charge may be determined for each user base on an estimate of the total wastewater contribution of this

class of user. The governing body may classify industrial, commercial and other non-residential establishments as a residential user, provided that the wastes from these establishments are equivalent to the wastes from the average residential user with respect to volume, Suspended Solids and 5-day 20-degree Centigrade Biochemical Oxygen Demand. Each user's wastewater treatment cost contribution will be assessed in accordance with the attached rate schedule.

7.0408 Payment of the User's Wastewater Service Charge and Penalties

The city may submit an annual statement to the user for the user's annual wastewater service charge or one-twelfth of the user's annual wastewater service charge may be included with the monthly water and/or wastewater utility billing. The city shall add a penalty of 10 percent per month if the payment is not received by the city with ___ days. Should any user fail to pay the user wastewater service charge and penalty with ___ months of the due date, the city may stop the wastewater service to the property.

7.0409 Review of Each User's Wastewater Service Charge

The city shall review the total annual cost of operation and maintenance as well as each user's Wastewater Contribution Percentage on an annual basis and will revise the system as necessary to assure equity of the service charge system established herein and maintain the wastewater system. If a significant use such as industry, has completed in-plant modifications which would change that user's Wastewater Contribution Percentage, the user can present at the regularly scheduled meeting of the governing body such factual information and the city shall determine if the user's Wastewater Contribution Percentages are to be changed. The city shall notify the user of its findings as soon as possible.

7.0410 Wastes Prohibited from Being Discharged to the Wastewater System

The discharge of any waters containing toxic or poisonous solids, liquids or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any wastewater treatment process, or to constitute a hazard in the receiving waters of the wastewater treatment plant is hereby prohibited.

Article 5: Adoption of State Plumbing Code

7.0501 Adoption

To promote and protect the public health there is hereby adopted the State Plumbing Code, which has been adopted by the State Plumbing Board and approved by the State Health Department, consisting of rules and regulations governing plumbing work, and the whole thereof, of which not less than one (1) copy is on file in the office of the city auditor, and the same is hereby adopted as fully as if set out at length herein and all plumbing work in the City of Wilton shall comply with said code.

7.0502 Plumbing Code - Enforcement of Provisions

All plumbing work and all private sanitary drains and cesspools now existing, or hereafter to be installed, altered or repaired in any building or in or under any private property within the corporate limits shall be under the supervision and regulation of the superintendent of the water and sewer department, whose duty it shall be to enforce all the provisions of this code relating thereto and from time to time to make such rules and regulations as may be appropriate for the execution of the same.

7.0503 Plumbing Code - Changes in Existing Installations

The superintendent of the water and sewer department is hereby given authority to order the repair, alteration or removal of any sanitary sewer connection or plumbing, any connection to storm water sewer, or any private sanitary drain, cesspool or privy, which in his judgment is so installed or is in such condition as to be unsanitary, or to constitute a public nuisance or menace to health. In case of such repair, alteration or removal, if the plumbing code is not observed and connections not properly executed by the owner or owners thereof, in accordance with his/her directions, he/she may cause the same to be discontinued from any source of water supply. It shall thereafter be unlawful for any person in any manner to use any such installation, or to supply water thereto, until the same shall have been put in a safe and sanitary condition according to his/her direction.

7.0504 Plumbing Code - New Installations

All plumbing work and all excavations in the public streets or alleys, the cutting and replacing of pavement, laying of water and sewer connections and connections to storm water sewers and all construction of private sanitary drains and cesspools within the corporate limits shall be undertaken and executed only by a master plumber or other persons as have obtained a general license for such work together with a permit for each separate job, provided that the tapping of water mains and the placing of corporate cocks therein shall be done only under the direction of city employees.

Article 6: General Penalty Provision

7.0601 Penalty for Violation of Chapter

Any person, firm or corporation violating any of the provisions of this chapter shall be guilty of an infraction and, upon conviction thereof shall be fined a sum set by the District Court, not exceeding five hundred dollars (\$500.00) for each violation.

Article 7: Residential Pools

7.0701 Residential Pools

Residential pools are subject to the following:

Licensing Adult Entertainment and Mechanical Amusement Devices License

The purpose of this ordinance is to recognize and provide for the fact that the operations of mechanical amusement devices which depict or display specified sexual activities or specified anatomical areas results in increased enforcement problems for the city and additional expense to the city that justifies a higher license fee for these devices than for other mechanical amusement devices. This necessitates greater police vigilance to assure that the lawful business of displaying non-obscene portrayals or depictions of sexual conduct in not use inadvertently or by design as the means of unlawfully displaying or depicting obscenity. In order to recoup some of the costs thus imposed on the city it is appropriate that there be imposed on the persons who profit from such devices some of the costs of insuring that the devices are used only lawfully.

The provisions of North Dakota Century Code Section 39-01-15 and all subsequent amendments shall be and are hereby incorporated by reference in this ordinance.

However, any municipality may prohibit, by ordinance, parking on any highway for the purpose of creating a fire lane or to provide for the accommodation of heavy traffic during morning and afternoon rush hours. The privileges extended to a mobility-impaired individual do not apply on a highway if parking is prohibited.
2. A mobility-impaired individual as used in this section includes an individual who uses portable oxygen; requires personal assistance or the use of crutches, a wheelchair, or a walker to walk two hundred feet [60.96 meters] without rest; is restricted by cardiac, pulmonary, or vascular disease from walking two hundred feet [60.96 meters] without rest; has a forced expiratory volume of less than one liter for one second or an arterial oxygen tension of less than sixty millimeters of mercury on room air while at rest and is classified III or IV by standards for cardiac disease set by the American heart association; has an orthopedic, neurologic, or other medical condition that makes it impossible for the person to walk two hundred feet [60.96 meters] without assistance or rest; or is a disabled veteran issued a plate under subdivision j of subsection 2 of section 39-04-18.
3. Repealed by S.L. 1989, Ch. 319, § 6.
4. The director may issue, for a fee of three dollars per year or part of a year, a special identifying certificate to any mobility-impaired applicant upon submission by the applicant of a completed application and a written statement issued by a qualified

physician or an advanced practice registered nurse to the director that the applicant is a mobility-impaired person within the criteria of subsection 2. The director shall waive the requirement for a written statement from a qualified physician or an advanced practice registered nurse if the applicant has previously submitted an application containing a certification from a qualified physician or an advanced practice registered nurse that the applicant's impairment is not reversible. The application must include the information required by the director. The physician's or advanced practice registered nurse's statement must describe how the impairment limits the applicant's mobility and daily life functions of the applicant. The certificate is valid for a period, not to exceed three years, as determined by the director. A physician or an advanced practice registered nurse who provides a false statement that an individual is mobility impaired for the purpose of that individual obtaining a certificate under this subsection is guilty of an infraction for which a minimum fine of one hundred dollars must be imposed. A certificate issued under this subsection must be nine and one-half inches [24.13 centimeters] in height and three inches [7.62 centimeters] in width and must bear, in white on blue, the internationally accepted symbol of access for the mobility impaired. The certificate must bear the expiration date and registration number assigned by the director. The director shall adopt rules governing the issuance of the certificate. A temporary certificate, valid for an initial period not to exceed three months, may be issued by the director for a fee of three dollars upon application supported by a physician's or an advanced practice registered nurse's statement. The director may issue a maximum of one additional temporary certificate for a fee of three dollars. The temporary certificate may be extended an additional period, not to exceed three months, upon application supported by a physician's or an advanced practice registered nurse's statement that the extension is warranted. Temporary certificates must be the same size as other certificates issued under this section and must be white on red. The director may issue a maximum of one additional certificate, if the applicant does not have number plates issued under section 39-04-10.2 or under subdivision j of subsection 2 of section 39-04-18, for a fee of six dollars per certificate, to a mobility-impaired individual to whom a certificate has been issued under this subsection. The additional certificates may only be used by or on behalf of the mobility-impaired individual.

5. Except as provided in this subsection, two dollars of each fee for issuance of a certificate and one dollar of each fee for issuance of an additional certificate under this section must be deposited in the state highway department fund for purposes of defraying the cost of issuing the certificate. The rest of the fee, and the five-dollar fee received for the issuance of an additional certificate under subsection 4, must be deposited in the state treasury and credited to the employment of people with disabilities fund. The fees deposited in the fund are hereby appropriated on a continuing basis to the department of human services

for use by the committee on employment of people with disabilities to accomplish the committee's statutory duties provided under section 50-06.1-16. If a certificate is lost, mutilated, or destroyed, the individual to whom the certificate was issued is entitled to a replacement. The individual shall furnish proof satisfactory to the director that the certificate has been lost, mutilated, or destroyed, and shall pay a replacement fee of three dollars.

6. A certificate issued under this section must be hung from the rearview mirror of the motor vehicle whenever the vehicle is occupying a space reserved for the mobility impaired and is being used by a mobility-impaired individual or another individual for the purposes of transporting the mobility-impaired individual. No part of the certificate may be obscured. A fee of five dollars may be imposed for a violation of this subsection.
7. An applicant may appeal a decision denying issuance of the certificate to the director. Written notice of the appeal must be received within ten business days following receipt by the applicant of notice of denial. The applicant has sixty days to provide additional supportive material to the director for purposes of deciding the appeal. The director shall affirm or reverse the decision to deny issuance of the certificate within thirty days after receipt of the supportive material. Written notice of the decision must be given to the applicant.
8. If a law enforcement officer finds that the certificate is being improperly used, the officer may report to the director any violation and the director may, in the director's discretion, remove the privilege. An individual who is not mobility impaired and who exercises the privileges granted a mobility-impaired individual under subsection 1 is guilty of an infraction for which a fine of one hundred dollars must be imposed.
9. If a public or private entity designates parking spaces for use by a motor vehicle operated by a mobility-impaired individual, those reserved spaces must comply with the requirements of the Americans with Disabilities Accessibility Guidelines for Buildings and Facilities as contained in the appendix to title 28, Code of Federal Regulations, part 36 [28 CFR 36] and must be indicated by blue paint on the curb or edge of the paved portion of the street or parking lot adjacent to the space. In addition to blue paint, each reserved space must be indicated by an official sign approved by the director bearing the internationally accepted symbol of access for the mobility impaired. The sign must indicate that unauthorized use of the space is a nonmoving violation for which a fee of one hundred dollars must be imposed. For particular events, a public or a private entity may reserve additional parking spaces for use by motor vehicles operated by a mobility-impaired individual. In that case, each temporarily reserved space must be indicated by a sign or other suitable means. A sign indicating that a space is reserved for the mobility impaired and blue paint on the curb or edge of the paved portion of the street or parking lot adjacent to the space, unless the space is a temporary mobility-impaired parking space,

is sufficient basis for the enforcement of this section. A law enforcement officer shall enforce this section in any parking lot or parking facility, whether publicly or privately owned.

10. An individual may not stop, stand, or park any vehicle in any designated parking space that is reserved for the mobility impaired unless the vehicle displays a mobility-impaired identification certificate issued by the director to a mobility-impaired individual. A mobility-impaired individual may not permit the use of a certificate issued under this section by an individual who is not mobility impaired when that use is not in connection with the transport of the mobility-impaired individual. The registered owner of a vehicle may not allow that vehicle to be used in a manner that violates this subsection. Proof of intent is not required to prove a registered owner's violation of this subsection. The registered owner, however, may be excused from a violation if the owner provides the citing authority with the name and address of the individual operating the vehicle at the time of the violation. A vehicle may temporarily use a space reserved for a mobility-impaired individual without a mobility-impaired certificate for the purpose of loading and unloading a mobility-impaired individual. A violation of this subsection is a nonmoving violation for which a fee of one hundred dollars must be imposed. Notwithstanding section 29-27-02.1, fifty percent of the fee imposed and collected under this subsection is appropriated on a continuing basis to the local committee on persons with disabilities, if one exists in the city in which the violation occurred, for the development of job opportunities for disabled individuals in the community.
11. Any motor vehicle licensed in another state which displays a special authorized vehicle designation issued by the licensing authority of that state for vehicles used in the transportation of a mobility-impaired individual must be accorded the same privilege provided in this section for similar vehicles licensed in this state if the laws of the other state provide the same privileges to North Dakota motor vehicles displaying the special identifying certificate authorized in this section.
12. An entity that violates the requirements of subsection 9 is guilty of an infraction if the entity does not comply with subsection 9 within sixty days after receiving official notification of the violation.
13.  - iii. An onsite screening test, or tests, of the individual's breath for the purpose of estimating the alcohol concentration in the individual's breath upon the request of a law enforcement officer under section 39-20-1

The fact that any person charged with violating this section is or has been legally entitled to use alcohol or other drugs or substances is not a defense against any charge for violating this section, unless a drug which predominately caused impairment was used only as directed or cautioned by a practitioner who legally prescribed or dispensed the drug to that person.

2. An individual who operates a motor vehicle on a highway or on public or private areas to which the public has a right of access for vehicular use in this state who refuses to submit to a chemical test, or tests, required under section 39-06.2-10.2, 39-20-01, or 39-20-14, is guilty of an offense under this section.

The offender shall deliver the number plates to the court without delay at a time certain as ordered by the court following the conviction. The court shall deliver the number plates to the office and notify the department of the order. An offender who does not provide the number plates to the court at the appropriate time is subject to revocation of probation. The court may make an exception to this subsection, on an individual basis, to avoid undue hardship to an individual who is completely dependent on the motor vehicle for the necessities of life, including a family member of the convicted individual and a co-owner of the motor vehicle, or if the offender is participating in the twenty-four seven sobriety program.
5. A person convicted of violating this section, or an equivalent ordinance, must be sentenced in accordance with this subsection. For purposes of this subsection, unless the context otherwise requires, "drug court program" means a district court-supervised treatment program approved by the supreme court which combines judicial supervision with alcohol and drug testing and chemical addiction treatment in a licensed treatment program. The Supreme Court may adopt rules, including rules of procedure, for drug courts and the drug court program.
 - a. (1) For a first offense, the sentence must include both a fine of at least five hundred dollars and an order for addiction evaluation by an appropriate licensed addiction treatment program.(2) In addition, for a first offense when the convicted person has an alcohol concentration of at least sixteen one-hundredths of one percent by weight, the offense is an aggravated first offense and the sentence must include a fine of at least seven hundred fifty dollars and at least two days' imprisonment.

- b. For a second offense within seven years, the sentence must include at least ten days' imprisonment, of which forty-eight hours must be served consecutively; a fine of one thousand five hundred dollars; an order for addiction evaluation by an appropriate licensed addiction treatment program; and at least twelve months' participation in the twenty-four seven sobriety program under chapter 54-12 as a mandatory condition of probation.
- c. For a third offense within seven years, the sentence must include at least one hundred twenty days' imprisonment; a fine of at least two thousand dollars; an order for addiction evaluation by an appropriate licensed addiction treatment program; at least one year's supervised probation; and participation in the twenty-four seven sobriety program under chapter 54-12 as a mandatory condition of probation.
- d. For a fourth or subsequent offense, the sentence must include at least one year and one day's imprisonment; a fine of at least two thousand dollars; an order for addiction evaluation by an appropriate licensed treatment program; at least two years' supervised probation; and participation in the twenty-four seven sobriety program under chapter 54-12 as a mandatory condition of probation.
- e. The imposition of sentence under this section may not be deferred under subsection 4 of section 12.1-32-02 for an offense subject to this section.
- f. If the offense is subject to subdivision a or b, a municipal court or district court may not suspend a sentence, but may convert each day of a term of imprisonment to ten hours of community service for an offense subject to paragraph 2 of subdivision a. If the offense is subject to subdivision c, the district court may suspend a sentence, except for sixty days' imprisonment, under subsection 3 of section 12.1-32-02 on the condition that the defendant first undergo and complete an evaluation for alcohol and substance abuse treatment and rehabilitation and upon completion of the twenty-four seven sobriety program. If the offense is subject to subdivision d, the district court may suspend a sentence, except for one year's imprisonment, under subsection 3 of section 12.1-32-02 on the condition that the defendant first undergo and complete an evaluation for alcohol and substance abuse treatment and rehabilitation. If the defendant is found to be in need of alcohol and substance abuse treatment and rehabilitation, the district court may order the defendant placed under the supervision and management of the department of corrections and rehabilitation and is subject to the conditions of probation under section 12.1-32-07. The district court may require the defendant to complete alcohol and substance abuse treatment and rehabilitation under the direction of the drug court program as a condition of probation in accordance with rules adopted by the Supreme Court. If the district court finds that a defendant has failed to undergo an

- evaluation or complete treatment or has violated any condition of probation, the district court shall revoke the defendant's probation and shall sentence the defendant in accordance with this subsection.
- g. For purposes of this section, conviction of an offense under a law or ordinance of another state which is equivalent to this section must be considered a prior offense if such offense was committed within the time limitations specified in this section.
 - h. If the penalty mandated by this section includes imprisonment or placement upon conviction of a violation of this section or equivalent ordinance, and if an addiction evaluation has indicated that the defendant needs treatment, the court may order the defendant to undergo treatment at an appropriate licensed addiction treatment program under subdivision g of subsection 1 of section 12.1-32-02 and the time spent by the defendant in the treatment must be credited as a portion of a sentence of imprisonment or placement under this section. A court may not order the department of corrections and rehabilitation to be responsible for the costs of treatment in a private treatment facility.
 - i. If the court sentences an individual to the legal and physical custody of the department of corrections and rehabilitation, the department may place the individual in an alcohol treatment program designated by the department. Upon the individual's successful completion of the alcohol treatment program, the department shall release the individual from imprisonment to serve the remainder of the sentence of imprisonment on probation, which may include placement in another facility or treatment program. If an individual is placed in another facility or treatment program after release from imprisonment, the remainder of the individual's sentence of imprisonment must be considered time spent in custody.
6. As used in subdivisions b and c of subsection 5, the term "imprisonment" includes house arrest. As a condition of house arrest, a defendant may not consume alcoholic beverages. The house arrest must include a program of electronic home detention and the defendant shall participate in the twenty-four seven sobriety program. The defendant shall defray all costs associated with the electronic home detention. For an offense under subdivision b or c of subsection 5, no more than ninety percent of the sentence may be house arrest.
 7. As used in this title, participation in the twenty-four seven sobriety program under chapter 54-12 means compliance with sections 54-12-27 through 54-12-31, and requires sobriety breath testing twice per day seven days per week or electronic alcohol monitoring, urine testing, or drug patch testing. The offender is responsible for all twenty-four seven sobriety program fees and the court may not waive the fees.

Whenever any person is halted for the violation of any of the provisions of chapters 39-01 through 39-13, 39-18, 39-21, and 39-24, or of equivalent city ordinances, the officer halting that person, except as otherwise provided in section 39-07-09 and section 39-20-03.1 or 39-20-03.2, may:

If a city ordinance or state criminal traffic violation, issue a summons or otherwise notify that person in writing to appear at a time and place to be specified in the summons or notice or, if a state noncriminal traffic violation, notify the person of the right to request a hearing when posting bond by mail.

A halting officer employed by any political subdivision of the state may not take a person into custody or require that person to proceed with the officer to any other location for the purpose of posting bond, where the traffic violation was a noncriminal offense under section 39-06.1-02. The time to be specified in the summons or notice provided for in section 39-07-07 must be within thirty-five days after the issuance of the summons or notice or earlier if so ordered by the magistrate of the city or county having jurisdiction over the offense or if the person halted demands an earlier hearing. If the person halted desires, the person may have the right, at a convenient hour, to an immediate hearing or to a hearing within twenty-four hours. The hearing must be before a magistrate of the city or county in which the offense was committed. If an immediate hearing is demanded, a district judge serving the county, with the consent of the respective prosecuting attorneys, may order the hearing to be held in any of the counties in which the district judge has jurisdiction, rather than in the county where the offense was allegedly committed. Upon the receipt from the person halted of a written promise to appear at the time and place mentioned in the summons or notice, the officer shall release the person from custody. Any person refusing to give a written promise to appear must be taken

immediately by the halting officer before the nearest or most accessible magistrate, or to such other place or before such other person as may be provided by a statute or ordinance authorizing the giving of bail. Any person willfully violating the person's written promise to appear is guilty of a class B misdemeanor, regardless of the disposition of the charge upon which the person originally was halted. deemed to be charged with a noncriminal offense and may appear before the designated official and pay the statutory fee for the violation charged at or prior to the time scheduled for a hearing, or, if he posted bond in person, as provided by Section 39-07-07 of the North Dakota Century Code, or by mail, he may forfeit bond by not appearing at the designated time. If the person appears at the time scheduled in the citation, he may make a statement in explanation of his action, and the official may at the time, in his direction, waive, reduce, or suspend the statutory fee or bond, or both. If the person cited follows the foregoing procedures, he shall be deemed to have admitted the violation and to have waived his right to a hearing on the issue of commission of the violation. The bond required to secure appearance before the official designated in the citation shall be identical to the statutory fee established by 39-06.1-06 of the North Dakota Century Code. Within ten (10) days after the forfeiture of bond or payment of the statutory fee, the official having jurisdiction over the violation shall certify to the licensing authority:

1. Admission of violation; and
2. In speeding violations, whether the speed charged was in excess of the lawful speed limit by more than nine (9) miles (14.8 kilometers) per hour and the miles (kilometers) per hour by which the speed limit was exceeded.

This section shall not be construed as allowing a halting officer to receive the statutory fee or bond, unless he is otherwise authorized by law to do so.

9.2205 Administrative Hearing - Procedures - Appeals - Stay Orders

The provisions of North Dakota Century Code Section 39-06.1-03 and all subsequent amendments shall be and are hereby incorporated by reference in this ordinance.

1. An individual cited for a traffic violation, other than an offense listed in section 39-06.1-05, who does not follow one of the procedures in section 39-06.1-02, may request a hearing on the issue of commission of the charged violation. The hearing must be held at the time scheduled in the citation, at the time scheduled in response to the individual's request, or at some future time, not to exceed ninety days later, set at that first appearance.
2. At the time of a request for a hearing on the issue of commission of the violation, the individual charged shall deposit with the official having jurisdiction an appearance bond equal to the statutory fee for the charged violation.
3. If an individual cited for a traffic violation, other than an offense listed in section 39-06.1-05, has requested a hearing on the issue of the commission of the charged violation and appears at the time scheduled for the hearing, and the prosecution does not appear or is

not ready to prove the commission of a charged violation at the hearing, the official shall dismiss the charge.

4. If the official finds that the individual had committed the traffic violation, the official shall notify the director of that fact, and whether the individual was driving more than nine miles [14.48 kilometers] per hour in excess of the lawful limit, stating specifically the miles [kilometers] per hour in excess of the lawful limit, if charged with a speeding violation, within ten days of the date of the hearing. The fact that an individual has admitted a violation, or has, in any proceeding, been found to have committed a violation, may not be referred to in any way, nor be admissible as evidence in any court, civil, equity, or criminal, except in an action or proceeding involving that individual's operator's license.
5. An individual may not appeal a finding from a district judge or magistrate that the individual committed the violation. If an individual is aggrieved by a finding in the municipal court that the individual committed the violation, the individual may, without payment of a filing fee, appeal that finding to the district court for trial anew. If, after trial in the appellate court, the individual is again found to have committed the violation, there is no further appeal. Notice of appeal under this subsection must be given within thirty days after a finding of commission of a violation is entered by the official. Oral notice of appeal may be given to the official at the time that the official adjudges that a violation has been committed. Otherwise, notice of appeal must be in writing and filed with the official, and a copy of the notice must be served upon the prosecuting attorney. An appeal taken under this subsection may not operate to stay the reporting requirement of subsection 4, nor to stay appropriate action by the director upon receipt of that report.
 - a. The appellate court upon application by the appellant may:
 - i. Order a stay of any action by the director during pendency of the appeal, but not to exceed a period of one hundred twenty days;
 - ii. Order a stay and that the appellant be issued a temporary restricted driving certificate by the director to be effective for no more than one hundred twenty days; or
 - b. Deny the application.
 - i. An application for a stay or temporary certificate under this subdivision must be accompanied by a certified copy of the appellant's driving record, for the furnishing of which the director may charge a fee of three dollars. Any order granting a stay or a temporary certificate must be immediately forwarded by the clerk of court to the director, who immediately shall issue a temporary certificate in accordance with the order in the manner provided by law. A court may not make a determination on an application under this subdivision without notice to the appropriate prosecuting attorney. An individual who violates or exceeds the restrictions contained in any temporary restricted

driving certificate issued under this subdivision is guilty of a traffic violation and must be assessed a fee of twenty dollars.

- c. If the individual charged is found not to have committed the violation by the appellate court, the clerk of court shall report that fact to the director immediately. Unless the appropriate state's attorney consents to prosecute the appeal, if an appeal under this subsection is from a violation of a city ordinance, the city attorney for the city wherein the alleged violation occurred shall prosecute the appeal. In all other cases, the appropriate state's attorney shall prosecute the appeal.
6. The state or the city, as appropriate, must prove the commission of a charged violation at the hearing or appeal under this section by a preponderance of the evidence. Upon an appeal under subsection 5, the court and parties shall follow, to the extent applicable, the North Dakota Rules of Civil Procedure. If on the appeal from the finding of the official the finding is affirmed, costs may be assessed at the discretion of the trial judge.

9.2206 Failure to Appear. Pay Statutory Fee. Post Bond - Procedure – Penalty

The provisions of North Dakota Century Code Section 39-06.01-04 and all subsequent amendments shall be and are hereby incorporated by reference in this ordinance.

If an individual fails to choose one of the methods of proceeding in section 39-06.1-02 or 39-06.1-03, the individual is deemed to have admitted to commission of the charged violation, and the official having jurisdiction shall report the admission to the director within ten days after the date set for the hearing. Failure to appear at the time designated, after signing a promise to appear, if signing is required by law, or failure to appear without paying the statutory fee or posting and forfeiting bond is a class B misdemeanor. Failure to appear without just cause at the hearing is deemed an admission of commission of the charged violation.

6. Restoration of damaged property or other appropriate work detail;
7. Commitment to an appropriate licensed public or private institution for treatment of alcoholism, drug addiction or mental disease or defect.

8. Commitment to a sexual offender treatment program.

Sentences imposed under this subsection may not exceed in duration the maximum sentences of imprisonment provided in Section 13.0501 or as provided specifically in an ordinance defining an offense.

This subsection does not permit the unconditional discharge of an offender following conviction. This subsection shall not be construed to prohibit utilization of North Dakota Century Code section 40-18-13 relating to suspension of sentence, nor shall this subsection limit the conditions, which can be imposed on a probationer under Sections 13.0507, 13.0508, or 13.0509.

Credit against any sentence to a term of imprisonment must be given by the court to a defendant for all time spent in custody in a jail or mental institution for the offense charged, whether that time is spent prior to trial, during trial, pending sentence, or pending appeal.

A court may suspend the execution of all or a part of the sentence imposed. The court shall place the defendant on probation during the term of suspension.

A court, upon application or its own motion, may defer imposition of sentence. The court must place the defendant on probation during the period of deferment. An order deferring imposition of sentence is reviewable upon appeal from a verdict or judgment. In any subsequent prosecution, for any other offense, the prior conviction for which imposition of sentence is deferred may be pleaded and proved, and has the same effect as if probation had not been granted or the information or indictment dismissed under section 12.1-32-07.1 of the North Dakota Century Code.

A court may, prior to imposition of sentence, order the convicted offender committed to an appropriate licensed public or private institution for diagnostic testing for such period of time as may be necessary, but not to exceed thirty days. The court may, by subsequent order, extend the period of commitment for not to exceed thirty additional days. The court may also order such diagnostic testing without ordering commitment to an institution. Validity of a sentence must not be challenged on the ground that diagnostic testing was not performed pursuant to this subsection.

All sentences imposed must be accompanied by a written statement by the court setting forth the reasons for imposing the particular sentence. The statement must become part of the record of the case.

If an offender is sentenced to a term of imprisonment, that term of imprisonment commences at the time of sentencing, unless, upon motion of the defendant, the court orders the term to commence at some other time. (Source: North Dakota Century Code section 12.1-32-02).

13.0503 Procedure for Trial of Infraction – Incidence

Except as provided in this subsection, all procedural provisions relating to the trial of criminal cases as provided in the statutes or rules relating to criminal procedure shall apply to the trial of a person charged with an infraction. A person charged with an infraction is not entitled to be furnished counsel at public expense nor to have a trial by jury unless the person may be subject to a sentence of imprisonment under subsection 2 of 13.0501.

Except as provided in North Dakota Century Code Title 12.1 or the ordinances of this city, all provisions of law and rules of criminal procedure relating to offenses shall apply to infractions, including, but not limited to, the powers of law enforcement officers, the periods for commencing action and bringing a case to trial, and the burden of proof.

Following conviction of an infraction, the offender may be sentenced in accordance with subsection 1 of 13.0502, except that a term of imprisonment may not be imposed except in accordance with subsection 3 of 13.0506 or subsection 2 of 13.0501.

If an ordinance provides that conduct is an infraction without specifically including a requirement of culpability, no culpability is required.

Except as provided in this Section, Sections 13.0501 or 13.0502, or as the context may otherwise indicate differentiation between the infraction classification and the offense classification, the term “offense” refers to all violations of the ordinances of this city including infractions. (Source: North Dakota Century Code section 12-32-03.1)

13.0504 Special Sanction for Organizations

When an organization is convicted of an offense, the court may, in addition to any other sentence which may be imposed, require the organization to give notice of its conviction to the persons or class of persons ostensibly harmed by the offense, by mail or by advertising in designated areas or by designated media or otherwise. (Source: North Dakota Century Code section 12.1-32-03).

13.0505 Factors to be Considered in Sentencing

The following factors, or the converse thereof where appropriate, while not controlling the discretion of the court, shall be accorded weight in making determinations regarding the desirability of sentencing an offender to imprisonment.

1. The defendant's criminal conduct neither caused nor threatened serious harm to another person or his property.
2. The defendant did not plan or expect that his criminal conduct would cause or threaten serious harm to another person or his property.
3. The defendant acted under strong provocation.
4. There were substantial grounds which, though insufficient to establish a legal defense, tend to excuse or justify the defendant's conduct.
5. The victim of the defendant's conduct induced or facilitated its commission.
6. The defendant has made or will make restitution or reparation to the victim of his conduct for the damage or injury, which was sustained.
7. The defendant has no history of prior delinquency or criminal activity, or has led a law-abiding life for a substantial period of time before the commission of the present offense.
8. The defendant's conduct was the result of circumstances unlikely to recur.
9. The character, history and attitudes of the defendant indicate that he is unlikely to commit another crime.
10. The defendant is particularly likely to respond affirmatively to probationary treatment.
11. The imprisonment of the defendant would entail undue hardship to himself or his dependents.
12. The defendant is elderly or in poor health.
13. The defendant did not abuse a public position of responsibility or trust.
14. The defendant cooperated with law enforcement authorities by bringing other offenders to justice, or otherwise cooperated.

Nothing herein shall be deemed to require explicit reference to these factors in a presentence report or by the court at sentencing. (Source: North Dakota Century Code section 12.1-32-04).

13.0506 Imposition of Fine – Response to Non-Payment

The court, in making a determination of the propriety of imposing a sentence to pay a fine, shall consider the following factors:

1. The ability of the defendant to pay without undue hardship;
2. Whether the defendant, other than a defendant organization, gained money or property as a result of commission;
3. Whether the sentence to pay a fine will interfere with the defendant's capacity to make restitution;
4. Whether a sentence to pay a fine will serve a valid rehabilitative purpose.

The court may allow the defendant to pay any fine or costs imposed in installments. When a defendant is sentenced to pay a fine or costs, the court shall not impose at the same time an alternative sentence to be served in the event that the fine or costs are not paid.

If the defendant does not pay any fine or costs imposed, or make any required partial payment, the courts, upon motion of the prosecuting attorney or on its own motion, may issue an order to show cause why the defendant shows that his default is excusable, the court may, after hearing, commit him to imprisonment until the fine, or costs or both, are fully paid or discharged by labor as provided in North Dakota Century Code section 40-18-12.

The court may not commit a person under this section when the sole reason for his nonpayment is his indigence. An order of commitment under this subsection shall not be for a period in excess of thirty (30) days. As used in this subsection, "fine" does not include a fee established pursuant to section 9.2208 of these ordinances. (Source: North Dakota Century Code sections 12.1-32-05 and 40-11-12)

13.0507 Incidents of Probation

Unless terminated as provided in subsection 2, the period during which a sentence to probation shall remain conditional and be subject to revocation is two (2) years.

The court may terminate a period of probation and discharge the defendant at any time earlier than that provided in subsection 1 if warranted by the conduct of the defendant and the ends of justice.

Notwithstanding the fact that a sentence to probation can subsequently be modified or revoked, a judgment, which includes such a sentence, constitutes a final judgment for all other purposes. (Source: North Dakota Century Code section 12.1-32-06.1)

13.0508 Conditions of Probation – Revocation

The conditions of probation must be such, as the court in its discretion deems reasonably necessary to ensure that the defendant will lead a law-abiding life or to assist the defendant to do so. The court shall provide as an explicit condition of every probation that the defendant not commit another offense during the period for which the probation remains subject to revocation.

When imposing a sentence to probation, the court may impose such conditions as it deems appropriate, and may include any one or more of the following:

1. Work faithfully at a suitable employment or faithfully pursue a course of study or of vocational training that will equip the defendant for suitable employment;
2. Undergo available medical or psychiatric treatment and remain in a specified institution if required for that purpose;
3. Attend or reside in a facility established for the instruction, recreation or residence of persons on probation;
4. Support the defendant's dependents and meet other family responsibilities;
5. Make restitution or reparation to the victim of the defendant's damage or injury, which was sustained, or perform other reasonable assigned work. When restitution, reparation or assigned work is a condition of probation the court shall proceed as provided in Section 13.0509;
6. Pay a fine imposed after consideration of the provisions of Section 13.0506;
7. Refrain from excessive use of alcohol, or any use of narcotics or of another dangerous or abusable drug without a prescription.
8. Permit the probation officer to visit the defendant at reasonable times at the defendant's home or elsewhere.
9. Remain within the jurisdiction of the court, unless granted permission to leave by the court or the probation officer.
10. Answer all reasonable inquiries by the probation officer and promptly notify the probation officer of any change in address or employment.
11. Report to a probation officer at reasonable times as directed by the court or the probation officer.
12. Submit to a medical examination or other reasonable testing for the purpose of deterring the defendant's use of narcotics, marijuana, or other controlled substance whenever required by a probation officer.
13. Refrain from associating with known users or traffickers in narcotics, marijuana, or other controlled substances.
14. Submit the defendant's person, place of residence, or vehicle to search and seizure by a probation officer at any time of the day or night, with or without a search warrant.
15. Serve a term of imprisonment of up to one-half of the maximum term authorized for the offense of which the defendant was convicted or one year, whichever is less.
16. Reimburse the costs and expenses determined necessary for the defendant's adequate defense when counsel is appointed for the defendant. When reimbursement of indigent defense costs and expenses is imposed as a condition of probation, the court shall proceed as provided in subsection 4 of section 12.1-32-08 of the North Dakota Century Code.
17. Provide community service for the number of hours designated by the court.
18. Refrain from any subscription to, access to, or use of the Internet.

When a defendant is sentenced to probation, the defendant must be given a certificate explicitly setting forth the conditions on which the defendant is being released.

The court, upon notice to the probationer and with good cause, may modify or enlarge the conditions of probation at any time prior to the expiration or termination of the period for which the sentence remains conditional. If the defendant violates a condition at any time before the expiration or termination of the period, the court may continue the defendant on the existing probation with or without modifying or enlarging the conditions, or may revoke the probation and impose any other sentence that was available under Section 13.0502 at the time for the initial sentencing.

Jurisdiction over a probationer may be transferred from the court that imposed the sentence to another court of this state, with the concurrence of both courts. Retransfer of jurisdiction may also occur in the same manner. The court to which jurisdiction has been transferred under this subsection may exercise all powers permissible under this chapter over the defendant. (Source: North Dakota Century Code section 12.1-32-07).

13.0509 Restitution or Reparation – Procedures

Before imposing restitution or reparation as a sentence or condition of probation, the court shall hold a hearing on the matter with notice to the prosecuting attorney and to the defendant as to the nature and amount thereof. At or following the hearing, the court shall make determinations as to:

1. The reasonable damages sustained by the victim or victims of the criminal offense, which damages are limited to those directly related to the criminal offense and expenses actually incurred as a direct result of the defendant's criminal action;
2. The ability of the defendant to restore the fruits of the criminal action or to pay monetary reparations, or to otherwise take action to restore the victim's property;
3. The likelihood that attaching a condition relating to restitution or reparation will serve a valid rehabilitation purpose in the case of the particular offender considered.

The court shall fix the amount of restitution or reparation, which may not exceed an amount the defendant can or will be able to pay, and shall fix the manner of performance of any condition or conditions of probation established pursuant to this subsection. Any payments made pursuant to court order must be deducted from damages awarded in a civil action arising from the same incident. An order that a defendant make restitution or reparation as a sentence or condition of probation may, unless the court directs otherwise, be filled, transcribed, and enforced by the person entitled to the restitution or reparation in the same manner as civil judgments rendered by the courts of this state may be enforced.

The court may order the defendant to perform reasonable assigned work as a condition of probation, which assigned work need not be related to the offense charged, but must not be solely for the benefit of a private individual other than the victim. (Source: North Dakota Century Code section 12.1-32-08).

13.0510 Merger of Sentences – Sentencing for Multiple Offenses

Unless the court otherwise orders, when a person serving a term of commitment is committed for another offense or offenses, the shorter term or the shorter remaining term shall be merged in the other term. When a person on probation or parole for an offense committed in this city is sentenced for another offense or offenses, the period still to be served on probation or parole shall be merged in any new sentence of commitment or probation. When the court merges sentences under this subsection it shall forthwith furnish the penal facility in which the defendant is confined under sentence with authenticated copies of its sentence, which shall cite the sentences being merged. If the court has imposed a sentence, which is merged pursuant to this subsection, it shall modify such sentence in accordance with the effect of the merger.
