

Fence Variance Application

9393 North Strahorn Road
Hayden Lake, ID 83835
208-772-2161
deputyclerk@cityofhaydenlake.us

BACKGROUND

Variations to allow fences to be built and maintained at a height greater than otherwise allowed under city regulations may only be granted where strict application of the fence regulations would result in practical difficulties or hardship to a property owner and the variance is not detrimental to the public interest. The City Council will not grant a variance in fence height when the new fence will create a sight distance hazard. Before the City Council will consider a request to vary the height of a fence, the applicant must provide all adjoining neighbors notice of the request in writing. The written notice must be mailed or delivered at least 10 days before the City Council meeting at which the request is to be heard. The written notice must clearly describe the fence variance that is being requested, including the location of the fence, the proposed building materials to be used and the reasons why the request is being made. The written notice must also inform the neighbors of the date that the City Council will consider the request and that they are invited to provide comment in writing or in person to the City Council at the meeting. Once the notice has been given, and not later than the day before the scheduled City Council meeting, the applicant shall provide to the City Clerk a copy of the written notice that was provided to the neighbors and the applicant shall complete an affidavit for the City Clerk confirming that notice was provided as required to all neighbors identified as part of this application. If any neighbor does not receive notice and brings a complaint against the fence, the City Council may revoke the permit.

SUBMITTALS

The completed form and documents must be submitted to the City Clerk not later than twenty-five (25) days prior to the date of a regular City Council meeting where the request for a fence variance can be heard by the City Council. The completed application shall be deemed accepted for the twenty-five (25) day processing period as of the date when all maps and information have been filed, checked and accepted as complete by the City Clerk, as noted below. **This item will not be set for Council consideration until the application is complete and accepted.**

FEES

At the time the application is filed the applicant shall pay to the City a fee of \$100.00. The applicant shall also pay the estimated costs to reimburse the City for any and all costs incurred to mail or publish notice of the requested variance and reimburse the City for the services of the City Engineer, City Attorney and other City Officials required to process the application.
