Bridging the Past and the Future
1848

We've had some expensive repairs needed to our lift station due to inappropriate items being flushed. This is your friendly reminder to not flush wipes and other items.

Why You Should *Never* Flush Wipes (and Other Things That Don't Belong in Your Pipes)
Modern plumbing is an incredible convenience…until something goes wrong. Many of the most frustrating (and costly) sewer backups and equipment failures start with a simple mistake: flushing things that were never meant to go down a toilet. Behind the scenes, your home's pipes and your community's wastewater system are working hard to keep everything flowing smoothly. When the wrong items get flushed, that system can break down fast, leading to expensive repairs, environmental harm, and major headaches for homeowners and utilities alike. Let's talk about why flushing wipes and other non-flushable items causes so much trouble—and what you should do instead.

Even wipes labeled *"flushable"* don't disintegrate like toilet paper. Toilet paper is designed to fall apart within seconds. Wipes are designed to stay strong—great for cleaning, terrible for plumbing. When wipes enter the system, they stay intact for long periods, snag on rough spots inside pipes, combine with grease, hair, and other debris, and form massive blockages known as **fatbergs.** These blockages can cause sewage backups into homes, burst pipes, and costly emergency repairs.

🛑 **Other Items That Should *Never* Be Flushed**
Here's a quick list of common culprits that wreak havoc on plumbing and wastewater equipment:
❌ **Wipes of all kinds:** Baby wipes, cleaning wipes, makeup wipes, and even so-called *"flushable"* wipes stay intact for days or weeks. They snag on rough pipe surfaces and create blockages.
❌ **Paper Towels & Tissues:** They're built to stay strong when wet, so they don't break down in water, which is the opposite of what sewer systems need.
❌ **Feminine Hygiene Products:** Tampons and pads expand and absorb liquid, not break apart, and can block pipes quickly.
❌ **Cotton Balls, Swabs, and Makeup Pads:** They absorb water and expand, and clump together and create dense blockages.
❌ **Dental Floss and Hair:** They tangle and form nets that trap other debris.
❌ **Grease, Oils, and Fats:** They cool, harden, and combine with wipes to form fatbergs.
❌ **Medications & Chemicals:** They don't clog pipes, but they contaminate waterways and harm wildlife.

🏭 **The Hidden Cost: Damage to Wastewater Equipment**
When non-flushable items reach treatment plants, they can: jam pumps, damage screens and filters, increase maintenance costs, reduce system efficiency, and lead to higher utility bills for everyone. Utilities spend **millions of dollars each year** removing wipes and debris from equipment. That cost eventually comes back to the community. (Continued on Page 2)

Environmental Impact

Improper flushing doesn't just affect pipes—it affects the planet.

- Blockages can cause sewage overflows into rivers and lakes.
- Plastics in wipes break down into microplastics.
- Wildlife can ingest or become entangled in flushed debris.

A small habit change at home can prevent big environmental consequences.

What You *Should* Do Instead

- Throw wipes, cotton products, and other non-flushables in the trash
- Let grease cool and dispose of it in a sealed container
- Use only toilet paper in the toilet
- Take medications to a pharmacy drop-off site

A simple rule of thumb:
Only flush the 3 Ps: pee, poop, and (toilet) paper.

A Cleaner System Starts with You

Keeping your plumbing healthy and your community's wastewater system running smoothly is a team effort. By being mindful about what goes down the toilet, you help prevent costly repairs, protect the environment, and keep everything flowing the way it should.

From Newburg Fire Department:

Newburg Fireman's Picnic:
Spring is almost here, which means things are about to pick up at the Newburg Fire Department. Our annual fundraiser, the **Newburg Fireman's Picnic**, will be held Friday, June 5th through Sunday, June 7th.
We have a full weekend planned, including live music, carnival rides, duck pin bowling, the kids' fishing derby, the return of the 5-Stop Ride and of course the parade on Sunday at noon. Be sure to stop by the hamburger stand, cake stand, and beer tent when you find yourself hungry or thirsty.
If you are interested in sponsoring, donating, or participating in the picnic, we would love to hear from you. For more information, please visit our website, www.newburgpicnic.com.
We look forward to seeing you there and thank you for your continued support of our department and community.

Spring Fire Safety Reminder:
As warmer weather returns, so does an increased risk for grass and brush fires. Dry vegetation, windy conditions, and unattended outdoor burning can quickly turn a small fire into a dangerous situation. Our department would like to remind residents to take extra precautions this spring to help keep our community safe.
If you plan to conduct any controlled burning, always check local conditions first and never burn on windy or extremely dry days. Keep a water source, shovel, or fire extinguisher nearby, and never leave a fire unattended. Make sure all fires are completely extinguished before leaving the area. Burning of trash, leaves, or debris should always follow local ordinances and safety guidelines.
Important Reminder: All controlled burns must be reported to the Sheriff's Department prior to starting. Residents can now conveniently report controlled burns online, helping dispatchers and emergency responders know the difference between a permitted burn and an emergency situation. Visit the Sheriff's website at https://www.washcowisco.gov/departments/sheriff_office and complete the brief online form located under the "Report Controlled Burns" tab.
Working together, we can reduce preventable fires and protect our homes, fields, and neighbors. If you see an uncontrolled fire or unsafe burning, call 911 immediately.

Stay safe this spring,

Newburg Fire Department

From the Police Chief

Spring Reminders from Your Newburg Police Department

We hope everyone had a safe and enjoyable winter! As we welcome the arrival of spring, it's a great time to get outside, enjoy the warmer weather, and freshen up our homes and neighborhoods.

As a reminder, winter parking restrictions will officially end on April 1, 2026.

With the change in seasons, we kindly ask residents to keep up with property maintenance. This time of year, the Police Department typically receives concerns regarding nuisance properties, including junked or inoperable vehicles and recreational equipment stored in front yard areas.

Village ordinances prohibit the accumulation or storage of disassembled, inoperable, junked, or wrecked motor vehicles, truck bodies, tractors, or trailers in the open on any public or private property for more than ten days. In addition, recreational equipment may not be stored on any street right-of-way or within the front setback area including driveways for more than 48 hours.

Our goal is always to work together with residents in a positive and cooperative manner. We strive to resolve concerns through communication and education whenever possible. However, if a property remains out of compliance with Village ordinances, a citation may be issued.

The Police Department is also continuing to work alongside Building Inspector Jeff Thoma to address building code concerns and help maintain the safety and appearance of our community.

If you have any questions or need assistance, please feel free to contact the Police Department or stop by. You can reach us at (262) 675-9360 for non-emergency matters. Please leave a message, and we will return your call as soon as possible.

As always, in the event of an emergency, please dial 911. For immediate non-emergency assistance, you may also contact the Washington County Sheriff's Office at (262) 335-4378 or the Ozaukee County Sheriff's Office at (262) 284-7172.

We look forward to seeing everyone out and about enjoying the warmer weather. Thank you for helping keep our community safe, clean, and welcoming!

Sincerely,

Chief Justin Jilling
Newburg Police Department

From the Village President

I write this article today remembering the snowy weather we had in January, February and March this year. Mother Nature was reminding us of her power. Spring is here according to the calendar. Hopefully she got the memo that Spring is here.

Many of the Newburg residents have had questions regarding this year's property tax bills. This is the first year the costs of the Main Street Reconstruction costs hit the tax bill. Based on an average home value of $300,000, the home would see an increase of $250 for the Main Street Reconstruction. In addition, the Average Assessment Ratio portion of the tax bill increased the home value by 9.5% [Ozaukee} to 11.25% [Washington] creating an additional increase of $168 to $199 to the tax bill. These two factors created the majority of the increase to our tax bills.

Newburg's third annual Kids Easter Egg Hunt was March 21st . It was great to see the kids at this community event. Thanks to our Community Events Committee and Village Hall staff for putting this on for the kids in the community,

Your Newburg board meets the fourth Thursday of every month, January through October and the third Thursday in November and December. Meetings start at 7pm. Please feel free to join us at these meetings and understand how your local government works. I am available to meet with residents, understand your concerns, and look for solutions.

We have almost completed the upgrade to our Wastewater Treatment Facility. It is scheduled to be done by April 30th. The goal of the project is to meet the DNR requirements of reducing phosphates in the water we return to the Milwaukee River. Thank you to our Sanitary and DPW staff for seeing this project to completion.

Soon our DPW will be busy taking advantage of the nice weather. They will be getting our parks ready for our residents to use. As reminder, Doc Weber Park has a volleyball court, ball diamond, tennis court that also has Pickle Ball court lines, playground equipment, a walking path, and pavilion Presidents Park has a three hole disk golf course, playground equipment, and a pavilion. I would also like to thank our DPW staff for plowing the snow we did have this winter. They have kept our roads clear and clean.

Please support our Newburg Fire Department as they sponsor the Newburg Fireman's Picnic and Parade June 5-7. The Parade will bring many people to the village on Sunday. I look forward to seeing everyone there as the community supports their fundraising efforts.

Remember to get your dog and chickens licensed. They are available at Village Hall.

If you are putting in pools or fences, please make sure you understand village codes and have the appropriate permits. Swimming Pools: **§ 150.010 PRIVATE SWIMMING Pools.** Fences and walls**: § 150.011 FENCES AND WALLS.**

It has been my pleasure to represent you as Village President and look forward to continuing in this role, leading the board in keeping the village in good shape, and making it a beautiful place to live.

Sincerely,
David C DeLuka
Village of Newburg, President

Department of Public Works

dpw@village.newburg.wi.us T: 262-689-5960

The Department of Public Works maintains 13 miles of roadway, 5 parks, and 3 facilities. We operate with two full-time employees and one part-time employee. These crews are responsible for snow plowing, brush chipping, road maintenance, and park maintenance.

Brush Chipping

The Department of Public Works provides curbside brush pick-up to its residents from April through October. The normal pick up and chipping schedule is the **3rd MONDAY of the month** starting in April (weather permitting) and ending the third Monday in October. Please follow the guidelines below:

- Brush should be out to the curb by 7am on the morning of pick up.
- Place brush and tree trimmings in several small piles no larger than 2' tall x 20' long.
- The branches can be up to 6' long. The longer the branch, the better– NO NEED TO CUT UP INTO SMALL PIECES (it is safer for our workers for branches to be longer!)
- Place cut ends of trimmings facing the street.
- We will accept up to 4" maximum diameter branches.
- The Village is unable to accept stumps, garden waste, leaves, grass, weeds, perennial clippings, and corn stalks. These are not materials that we will chip. However, these items CAN be brought to the recycling center on recycling Saturdays for disposal. Our recycling center is located at the north end of Municipal Drive, inside the fenced lot just south of the river.
- The Village of Newburg reserves the right to reject any materials that are not properly prepared. The Brush Collection Policy limits brush chipping to tree & bush trimmings. If you have firewood, contact the Department of Public Works. If a contractor is hired to cut down a full tree in your yard, the homeowner will be responsible for having the contractor remove all brush and logs. If you plan to cut down a full tree in your yard on your own, contact the Department of Public Works to discuss options available to you.
- Blue Tags will be placed on piles in violation of this policy with an explanation of the violation.
-

Upcoming Events

April 11 -Bulk Collection
April 20 -Brush Chipping
April 25- Bulk Collection

Important Announcement

Wood chips will be available at DPW after April 20 for residents during recycling center. Please call the DPW number if you need arrangements outside of the recycling center hours.

If you would like to provide history about Newburg or request to share news and calendar items in the next issue, please email your content to Newburg_clerk@village.newburg.wi.us by June 20th.

Upcoming Events in Newburg

April 2026

April 1 – Newburg Fire Department BINGO night.
April 2 – Plan Commission Meeting (Pending the Clerk's scheduling of items received)
April 3 – Good Friday
April 4 – Riveredge Easter Egg Hunt 10am
April 4 – Ozaukee County Pioneer Village Easter Egg Hunt 12pm
April 5 – Easter Sunday
April 7–Election Day-Polls open 7am-8pm Village Hall
April 9 – Naturalist Stroll at Riveredge – What's Popping Up – 10-11:30am
April 11 – Free Trails Days at Riveredge
April 11 – Recycling Center open 9am-Noon for Bulk Item Drop Off
April 15 - IRS Income Tax Due Date
April 15 – 1st Quarter Sanitary & Recycling bills due
April 15 – Newburg Fire Department BINGO night.
April 20 - Brush Pickup begins
April 23 - Naturalist Stroll at Riveredge –Frog Chorus – 10am-11:30am
April 23 - Board of Trustees meeting 7pm Village Hall
April 24 – Morning Bird Walks at Riveredge 7:30am-9:30am – every Friday April 24-May 22
April 25 – Recycling Center open 9am-Noon for Bulk Item Drop Off
April 25 – Milwaukee Riverkeeper Spring Clean Up at Firemen's Park 9am-12pm
April 25 – Vietnam Vets Brat Fry Casey's 11a-3p

May 2026

May 4 - Open Book - Call the assessor at 262-253-1142 from 9am-11am to discuss your assessment if you have questions or request changes.
May 6 – Newburg Fire Department BINGO night.
May 7 - Plan Commission Meeting (pending the Clerk's scheduling of items received)
May 9-15 – Free Trail Days for Screen-Free Week at Riveredge
May 9 – Recycling Center open 9am-noon for residents to drop items off.
May 14 - Naturalist Stroll at Riveredge – What's Blooming – 10-11:30am
May 15 – St. John's Entertainment Night – Dorothy in Wonderland The Musical
May 15-16 – Ozaukee County Pioneer Village WWII School Day Encampment
May 16 – The Frothy Forage Beverage Fest at Riveredge 12pm
May 18 - Monday Brush Pickup
May 20 – Last Newburg Fire Department BINGO night of the season!
May 23 - Recycling Center is open 9am-noon for residents to drop off items
May 25 - Memorial Day – Village Hall closed
May 25 – Memorial Day Service 1pm Freedom Park
May 26 – 6-8pm Board of Review meeting at Village Hall. THIS IS YOUR OPPORTUNITY TO APPEAL YOUR TAX ASSESSMENT if you do not agree with the assessor's information.
May 28 - Board of Trustees meeting 7pm Village Hall

June 2026

June 4 – Plan Commission meeting (pending the Clerk's scheduling of items received)
June 5-7 – Newburg Firemen's Picnic
June 11 – Community Events Committee Meeting 5:30pm at Village Hall
June 13 - Recycling Center is open 9am-Noon for residents to drop off items
June 14 – Ozaukee County Pioneer Village Flag Day Celebration
June 15 - Monday Brush Pickup
June 15 - Sewer & Recycling bills are mailed out
June 20 - Due date for submissions for the next issue of the Bridges Newsletter
June 25 - Board of Trustees meeting 7pm Village Hall
June 27 - Recycling Center is Open 9am-Noon for residents to drop off items
June 27 – Vietnam Vets Brat Fry Casey's 11a-3p
July 31 – 2nd Installment of 2025 Property Taxes due to the County

---

Recurring Events at the Community Center
450 W Main Street

Tuesdays: Sheepshead 11am-4pm

Thursdays: Chair yoga at 1pm and Yoga at 6:15pm. Please contact Marva Brook at 262-623-1681 or email shaktiswisdom@gmail.com for further information.

Rent the Community Center:
The Community Center is the perfect place to rent for your next baby or bridal shower, birthday party, game night, graduation, retirement party, or any other event. Contact Village Hall for availability at 262-675-2160 or newburg_clerk@newburgwi.gov.

From the Building Inspector

Hello Residents and Business Owners of Newburg,

As we move into the second quarter of 2026, I would like to take a moment to share a few updates and reminders for our community. Spring has brought renewed activity throughout the Village, and it is encouraging to see continued investment in maintaining and improving homes and businesses in Newburg.

The Building Inspection Department has already seen a steady number of permits issued this year as residents begin seasonal construction projects. These projects play an important role in maintaining property values and ensuring that our community continues to be a safe and attractive place to live and work. Thank you to everyone who takes the time to obtain the proper permits and schedule inspections. Your cooperation helps keep projects moving smoothly and safely.

Spring and Summer Construction Season
With warmer weather now here, many homeowners are beginning outdoor improvement projects. Deck construction, roofing work, siding replacement, window upgrades, and mechanical equipment replacements are some of the more common projects we see this time of year.
Please remember that permits are required for most structural, electrical, plumbing, and HVAC work. Obtaining permits helps ensure projects meet current safety standards and building codes. If you are unsure whether your project requires a permit, it is always best to reach out before starting work.
Planning ahead and scheduling inspections early can help avoid delays once construction begins.

Gas Appliance Venting Reminder
Recently there have been questions regarding the proper venting of gas appliances. For commercial buildings, plastic piping used to vent products of combustion must be a UL 1738 listed venting system.
For homes constructed under the Uniform Dwelling Code (UDC), SPS 323 requires that venting systems be listed and approved by the appliance manufacturer. If plumbing pipe is proposed to be used for venting flue gases, documentation from the pipe manufacturer confirming that the product is approved for flue gas venting will be required. A UL 1738 listed plastic venting system is also acceptable.
These requirements are intended to ensure safe operation of gas appliances and to prevent potential hazards associated with improper venting.

Working Together for a Strong Community
The Village of Newburg continues to benefit from residents who take pride in their homes and businesses. Your attention to property maintenance and safe construction practices helps preserve the character of the community and ensures that Newburg remains a great place to live.
If you are planning a project this year or have questions about permits or inspections, please feel free to reach out.
Inspections are available during the week by appointment.
262.423.7730
buildinginspection@village.newburg.wi.us

Thank you for your continued cooperation and support. I look forward to working with many of you during the busy construction season ahead.

Sincerely,
Jeff Thoma
Building Inspector
Village of Newburg

Greetings from the Newburg Lions Club! We hope everyone had a great Holiday Season, and now we get ready for Spring.

Our Newburg Lions "Big Raffle " tickets are on sale. This is the Lions Club biggest fundraiser, so please get a hold of the Lion member you bought tickets from last year and get a couple or call 262-675-9333 and I'll will hook you up. As always, they are $50 each, but only 500 tickets are sold. There are 105 winners, so it's the only raffle you will ever get in that you have an over 20% chance of winning. The grand prize is $5000, 2nd is $2000, 3rd is $1000. We then draw 47 $100 winners and 50 $75 winners. The big drawing is held on September 12th @1:00 pm, at the upper level of the Newburg Fire House. The public is welcome. The early bird drawings are held on the second Tuesday of the month starting in April. The winner gets $100, and your ticket goes back into the drum so you can win again. All profits go to local residents and charities.
We are still hunting for new members. If you can donate an hour of your time on the second Tuesday evening of every month, we would be happy to have you join. I assure you the hazing ritual is very mild.

The Newburg Lions Club hopes everyone has a fantastic Spring.

Craig Wermager- Newburg Lions Treasurer

CONSTRUCTION NOTICE

WIS 33 Retaining Wall Replacement – County Y to County I

The Wisconsin Department of Transportation (WisDOT) will begin retaining wall construction along WIS 33, east of Newburg, in mid-March. WIS 33 will close to through traffic from mid-March through early summer 2026.

Description of Work:
Replace retaining wall and affected pavement, curb, and guardrail.

Traffic Impacts and Detours:
WIS 33 will be closed and detoured between County I and County Y. Posted detour will utilize County I, WIS 60, and County Y.

Access to local businesses and residences will be maintained.

This project is scheduled for completion by mid-summer.

All work is weather dependent and subject to change. The project team thanks you for your patience and cooperation throughout this project!

OUTDOOR WARNING SIREN INFORMATION:

Reasons for Activation

The Village of Newburg may use the Outdoor Warning Sirens to alert and notify people in outdoor areas of emergency situations. Although the typical use of these systems has been to notify people of potentially dangerous weather conditions, there are several reasons why public safety personnel could activate outdoor warning siren systems. Some of these reasons include:

• Severe Weather capable of producing effects that are hazardous to persons or property
• Hazardous materials released into the atmosphere
• Catastrophic emergencies that pose an immediate threat to safety (i.e. dam failure)

Activation Considerations

The Village of Newburg may consider activating the Outdoor Warning Siren Systems when the following conditions are observed or predicted in their area:

• The National Weather Service (NWS) issues a Tornado Warning. The Outdoor Warning Siren System will automatically activate when the National Weather Service issues a tornado warning to include the Village of Newburg. The Outdoor Warning Siren System will activate for three (3) minutes to provide warning to the community. There may be times that the Village activates the siren system more than once to provide advanced warning, when possible.
• The National Weather Service Issues a Severe Thunderstorm Warning and indicates the potential for destructive winds of 70 mph or greater (sustained, *not* wind gusts).
• Trained storm spotters have reported a tornado in the jurisdiction or in a neighboring jurisdiction that has the potential to affect our community.
• Observed hail of 1.5” in diameter or greater. The size of hail that warrants outdoor warning siren activation may be adjusted at the discretion of local officials in the event of special situations such as large outdoor public gatherings where the potential for injury is increased.
• Other emergency as directed by the community’s designated public safety officials.

FREE EVENTS IN NEWBURG!

RIVEREDGE
262-375-2715
RIVEREDGENATURECENTER.ORG

CONNECTING PEOPLE, SCHOOLS, AND COMMUNITIES TO NATURE SINCE 1968!

SCAN HERE TO REGISTER OR TO SEE A FULL LIST OF UPCOMING PROGRAMS

In partnership with Village of Newburg

NATURALIST STROLLS
At Riveredge, @ 10:00 am - 11:30 am
What's Popping Up? | Thursday, April 9
Frog Chorus | Thursday, April 23
What's Bloomin' | Thursday, May 14

Enjoy a walk in the beauty of nature with a master naturalist to guide your hike and point out areas of interest based on the best views the season has to offer.

MORNING BIRD WALKS
at Riveredge, every Friday from April 24 - May 22
@ 7:30 am - 9:30 am

We'll observe beautiful diverse bird activity during spring migration! A master birder will be your guide, helping to point out the sounds and sights.

WATER ACTION VOLUNTEER TRAINING
At Riveredge, Saturday, May 2 @ 9:00 am - 3:00 pm

Get trained to become a Water Action Volunteer, testing water quality in your nearby waterways. A fulfilling citizen science project to keep our waters healthy!

FREE TRAILS DAYS
Saturday, April 11
SCREEN FREE WEEK: Saturday, May 9 - Friday, May 15

The trail fee is waived on these free trail days! Come one, come all for springtime hiking at Riveredge.

Reminder: The Village of Newburg will no longer hold any electronics recycling events.

All electronic waste can be brought to the Town of Trenton located at 1071 State Hwy 33 on the second Saturday of every month between 8am-12pm (all year long), or the fourth Thursday of every month from March through October from 3pm-7pm.

Accepted items include:
•Televisions: CRT TVs and monitors (old tube TVs), LCD TVs and monitors, projection and wood console TVs
•Computer and peripherals: desktop computer towers, laptops and Chromebooks, tablets, keyboards, mice and computer speakers, small-scale servers, DVD, VHS, and Blu-Ray players, hard drives and flash drives, satellite receivers, routers and modems, desktop printers, scanners, fax machines, VCRs and DVRs, gaming systems, and cell phones
•Kitchen appliances: microwaves and vacuum cleaners
•Other household electronics: calculators, cameras, box fans, air circulator fans, home theater systems and sound bars, landline phones and cords, navigation devices, portable CD players, power cords, radios, clock/radio combos, CB radios, stereo systems and speakers, and typewriters.

There is no charge for this, and it is open to everyone!

ST. JOHN'S Lutheran Church

ST. JOHN'S LUTHERAN SCHOOL NEWBURG, WI

St. John's Lutheran School exists to glorify Jesus Christ, assisting parents in educating, training, and nurturing His children for this life and for heaven.
Our vision is to teach the never-changing message of God's Word so that students may become lifelong Christians as they go into the world proclaiming his Word equipped with academic, spiritual, and social skills in order to win souls for Christ.
If you are looking for a school that fits this mold, please contact the principal, Mr. Tim Payne, for a tour at 262-675-6852.
You are always welcome to join us at church for worship with services at 8:00 and 10:30 on Sunday mornings and at 7:00 P.M. on Mondays. Our summer worship schedule begins the Sunday after Memorial Day and runs through Labor Day. During summer, we worship at 8:00AM and 10:00AM on Sunday mornings and at 7:00 P.M. on Mondays.

May Day Flowers
The past three years we've dropped off flowers on porches in our community to celebrate May Day and to show appreciation to our neighbors. We'll be passing out May Day flowers again this year – no strings attached. We hope our small token passes along our joy in Jesus to you!

Accepting Applications for the 2026-2027 School Year (3K-8th Grade)
Pre-registration for the next school year has begun. Community members are welcome to find out more about our school. Call 262-675-6852 or visit the school website www.stjohnsnewburg.com for more information or to arrange a tour.

Entertainment Night
On Friday, May 15, the students in grades PreK-8 will entertain guests with two different shows. A Pre–4th grade show and the 5th-8th grade show entitled "Dorothy in Wonderland The Musical." Everyone is invited to enjoy the show and see how the Lord has blessed the students in so many ways with a variety of gifts and abilities.

Wisconsin Parental Choice Program – 2026-2027 – Vouchers Accepted
St. John's is a part of the Wisconsin Parental Choice Program for 2026-2027. This voucher allows tuition to be paid by tax dollars for qualifying families based on income. For details about the program, please call the school office at 262-675-6852 or email admissions@stjohnsnewburg.com. What a great opportunity for those interested in a Christian education!

Kids' Club – Summer Family Events – All invited!
Summer feels like a long way away, but it will be here soon. Check our website for family-friendly events during the summer.
