

# Johnson Visioning Project

VISUALS TO  
GUIDE OUR  
FUTURE

Please join the Johnson Planning Commission, along with community leaders, committees, neighbors, and consultants DuBois & King to develop a town-wide project map. This map will braid ongoing and upcoming projects and flood mitigation efforts. Your participation is essential to this process and making this a meaningful community resource!

## Purpose

The final product will include **site-specific visualizations** and a **community-wide project map**. This effort aims to capture projects, stakeholders, and shared goals across Johnson. This effort facilitated by DuBois & King will focus on the built environment, physical connectivity, civic function, flood resilience, ecological balance, and housing - with consideration of costs, benefits, and long-term maintenance.

**WHEN: Thursday,  
September 4, 6:30pm**

**WHERE:**  
**Johnson Municipal Offices**  
293 Lower Main Street  
2<sup>nd</sup> floor  
Johnson, VT 05656
