Please help us have a successful and safe event by following these rules:

- All participants must stay in their vehicles at all times while at Clean Sweep.

- All items that are being dropped off at Clean Sweep should be loaded into the rear of the vehicle, trunk, truck bed, or trailer. Staff will unload items at each station.

Please Note: Latex paint, motor oil, and auto/marine batteries are not accepted at the Sauk County Clean Sweep events. Latex paint is non-hazardous, but it must be solidified before throwing away. It's easy to dry out: If you have a small amount, simply remove the lid and allow it to dry outside.

Pharmaceuticals, IVs, and needles will not be accepted. Residents can drop off unwanted medications at various police departments throughout the county and at the Sauk County Sheriff's Department. Other items that Clean Sweep cannot accept include mattresses, furniture, explosives, detonators, blasting caps, radioactive materials including smoke alarms, infectious and biological waste, compressed gas cylinders, asbestos, demolition materials, recyclables, and yard and household waste.
