Fall 2025 Leaf Collection Schedule

Leaf Pickup will happen on the following schedule. Please check the map to find your street and check the schedule for the corresponding color of your area. In order that the DPW crew can conduct leaf pickup in an orderly and efficient manner, we are requesting that you pile only leaves between the sidewalk and the curb in front of your home. Please put the leaves as close to the curb as possible, but not in the street itself because they can clog the storm sewer. Twigs and other yard waste can be placed in paper yard waste bags and small branches can be tied in 4' bundles and put out on your normal trash day until the end of November. If there are other items mixed in with the leaves in front of your house, the DPW crew will not be able to pick them up and you will be responsible for their removal. Thank you for your cooperation to make this program a success.

Leaf Pickup Schedule By Zone

Green: The weeks of November 3rd & December 1st

Red: The weeks of November 10 & December 8th

Orange: The weeks of November 17th & December 15th

Yellow: The weeks of November 24th & December 22nd
