PURPOSE: The purpose of this General Order is to establish guidelines and responsibilities for

members of the Minocqua Police Department regarding the Department's response to

reports of missing persons.

This General Order consists of the following numbered sections:

- I. POLICY
- II. DEFINITIONS
- III. PROCEDURES
- IV. RECOVERY OF MISSING PERSON AND CASE CLOSURE

I. POLICY

- A. It is the policy of the Minocqua Police Department to thoroughly investigate all reports of missing persons. Additionally, the Department holds that every person reported as missing will be considered at risk until significant information to the contrary is confirmed.
- B. Jurisdictional conflicts are to be avoided when a person is reported missing. If a missing person either resides in, or was last seen in this jurisdiction, the Department will immediately initiate the required reporting process.

If a missing person legally resides in this jurisdiction and was last seen in another jurisdiction, but the law enforcement agency covering that jurisdiction chooses not to take a missing-person report, the Department will assume reporting and investigative responsibility.

C. Questions concerning parental custody occasionally arise in relation to missing-child reports. It is the policy of the Department to accept the report of a missing child even if custody has not been formally established. Reporting parties shall be encouraged to obtain legal custody as soon as possible; however, since the safety of the missing child(ren) is paramount, members of this agency will open a case when it can be shown that the child has been removed, without explanation, from his or her usual place of residence.
