

## Parents with Children Taking Swimming Lessons

We would like to thank you for allowing us to teach your child the important life skill of swimming. All lessons will start promptly at the scheduled time and last approximately 45 minutes, except for the Toddler Swim which will be around 30 minutes.

Experience has taught us that the presence of parents often distracts from the ability of the student to concentrate and the teachers to teach. For this reason, we invite you to observe the first and last day of your child's lessons. On other days, observers will not be allowed. We have a beautiful park right next to the pool where you can spend time if it is necessary for you to wait.

Thank you for your support!
