*Toddler Swim is for ages 2-4. For toddlers only who are not quite ready for level 1. This is NOT with a guardian in the water. 3-4 kids per teacher.

*Level 1 is available for ages 3 & up. Please note that this is NOT a "toddler & me" class & children will not be one on one with a young adult very often.

Both Toddler & Level 1 will be in the water in a group learning environment with children of varying ages. Use your judgment on whether your child is ready for solo water instruction & can be unassisted in the shallow water during class. We reserve the right to remove any child from the class for their safety. No refunds will be given in this scenario.
