

Drinking Water Service Line Material Reporting Form

Wisconsin Dells Waterworks is creating an inventory of what pipes in the water system are made of. Please identify the material of your water service line using the Customer Guide for Identifying Service Lines and report your findings using this form. We will use the information you provide to update our records and create an inventory that will be used to identify and then replace lead service lines in our community.

If you have questions about what type of material is used for your water service line, please refer to the [Customer Guide for Identifying Service Lines](#) or contact us at 608-253-2542 or dmulroney@dellscitygov.com or mleis@dellscitygov.com.

Also, **please take a photo of your water service line and email it to us, along with a photo of the completed form at dmulroney@dellscitygov.com or mleis@dellscitygov.com.** (You can also fill out this form online as it's fillable, then email it along with the photo of your water service line).
