Question 8 has 16 answers (Open Text)

“Any other comments?”

- Unknown contact said:

"The facility is obviously underutilized. As a family, it would be wonderful to have youth activities sponsored there, especially now that the yoga studio has been closed down. Dance classes, Martial arts, gymnastics, Friday night youth activities, etc. "
- Unknown contact said:

"Thank you for asking for our input!"
- Unknown contact said:

"We need a larger community recreation center, with an indoor pool for aquatic exercises. "
- Unknown contact said:

"Beautification of outside: concrete tables, fence separating recycle center, landscaping, plants around bldg. Upgrade appearance of bldg."
- Unknown contact said:

"Upgrade tech (internet connectivity and possibly speakers/amps) for both live and virtual meeting use. "
- Unknown contact said:

"Perhaps add community gardens outside"
- Unknown contact said:

"Start thinking outside of the box people. I would like to see Green Affordable Housing built around that building. Get real. Same old same old doesn't cut it anymore. Do the right thing, at least make the building energy efficient.' "

Unknown contact said:
"I would love to see the ability to have dance parties at the community center.
We have nowhere to have large groups of people dancing! I would love to DJ a
once a month dance party with a special permit for alcohol. I would also love to
see the exterior become a much more inviting structure. It's bland and drab.
Also since there's a basketball court right behind it it would be great if there
could be a lock box with basketballs in them so people don't have to buy them
but can come over unlock the lock box and grab a ball to play for a while.
Thank you for asking for input from the town"

Unknown contact said:
"I would like to start attending workout and cooking classes at the community
center even though we are only here part time. "

Unknown contact said:
"Some windows are broken, some screens are broken, and there are big gaps
under the 3 doors to outside. Blinds work great."

Unknown contact said:
" charge a usage fee"

Unknown contact said:
"It hasn't felt very conducive to using. I would suggest having
capability/equipment for being able to easily use technology for presentations.
"

Unknown contact said:
"Never used it, so can't comment on the interior"

Unknown contact said:
"Depending on the use of the floor replacement area should decide what type
of floor to put down. Who will be cleaning it? If it is carpet a professional grade
vacuum should be purchased. Laminate wood flooring could be an option.
Would it cost money to hold workshops there? How often is it presently used?
Just for town meetings?"

Unknown contact said:
"Senior Center with low cost lunch. "

Unknown contact said:
"Yes to all the activities. The question only allows one to be selected. "
