## NOTICE OF PUBLIC FORUM ***MONDAY, NOVEMBER 18, 2013*** ***Town Hall*** ***6:00 P.M.***

Sand Technologies, LLC (Barth Mine), an operator in the Town of Buffalo in the business of mining silica sand, is considering mining a portion of land that is adjacent (D & J Wozeny property) to the current mine operation. This would not be an expansion of the operation (tonnage/hauling, etc.) but potentially may extend the life of the mine.

Sand Technologies is asking the Town of Buffalo Board to consider a letter to the County of Buffalo in support of this proposal.

The Town of Buffalo Board of Supervisors are providing this forum opportunity in order for the citizens of the Town of Buffalo to hear the details of the proposal from Sand Technologies and offer opinions to the board concerning their decision whether or not to support the proposal.

This is a listening forum only and no decision will be made by the board pending action as an agenda item at a regularly scheduled TOB Supervisors meeting.
