

Press Release
Structure fire 311 N 6th St

On February 6th 2026 at 11:42 the City of Olean Fire Department was dispatched to a structure fire at 311 N Sixth St. Due to multiple personnel being unavailable due to previous calls, only three firefighters responded to the fire initially. Upon arrival, units found a two and a half story wood frame house with heavy fire on the fire floor. A 1-3/4" hose line was stretched and an interior attack was made on the first floor and much of the fire was knocked down. The fire traveled in the stud chases to the attic and required multiple hose lines and master streams to bring under control. The fire was brought under control at 13:22. There were no injuries to civilians or firefighters. The City of Olean Fire Department was assisted on scene by the Olean Police Department, Weston Mills Fire Department, and Portville Fire Department's air truck. Love Thy Neighbor assisted on scene also. The cause of the fire is under investigation.
