		The following specifications will apply to all driveways installed aft ◆ Minimum road surface	· · · · · · · · · · · · · · · · · · ·
		♦ Minimum width clearance	
♦ Minimum height clearance free of trees, wires, etc 16 feet; clearance must be maintained • Mayimum grade			
 Maximum grade			
driveway length.	•		
♦ The driveway within the area of the public right of way will slope away from the public road at a minimum of 1% and maximum of 5% to prevent erosion onto the public road.			
 An adequate road bed base of suitable material to support the pr 	ojected traffic		
Any requirements for culverts will be determined by the Village Board in considering an application for driveway approval. If culverts are required, they must be metal or solid plastic. Corrugated plastic is not allowed. The minimum size permitted by the Village is 18" x 30' with apron end-walls. Illegal culverts will be removed at landowner's expense.			
◆ At the dead end of the driveway, a turn-around of at least a 25-foot radius or some other method to allow vehicles to turn around will be provided:			
All driveways will be constructed in accordance with the above requirements and other specifications as may be set forth by the Village Board. The maintenance of the driveway will be the responsibility of the applicant and/or owner.			
Signature of Applicant	Date
