Vol. 1 Issue 1

The old Twin Gables Restaurant, originally built and owned by Roe Clemons. In the 1935 CCC Camp Newsletter TOPNOTCH, Twin Gables advertised "Good beer where good fellows meet and give the girls a treat." While owned by George and Elphie Carlson, the restaurant burned in 1955, and was rebuilt and reopened with a motel unit. After changing hands several times, the business thrives today under the ownership of John Shupe. Adolph Woerle's gas station can be seen to the right.

Twin Gables Cafe & Lounge has been a part of Brule Township since the 1930's, with the reputation for being one of the best family restaurants in the area. The original restaurant burned to the ground and was rebuilt in 1955. The current building has changed hands more than once and seen many renovations over the years.

Our goal is to continue the reputation of Twin Gables while offering our customers an exceptional dining experience. We offer good quality meals and service to the families of this community, neighboring towns, tourists and visitors that come to see the famous river town of Brule.

~ Dean and Pauline Wellman

The following story is reprinted in part, with permission from the Superior Evening Telegram, (now the Superior Telegram) dated Thursday May 31 1928. It has been reproduced authentically in content and style, including punctuations and capitalizations.

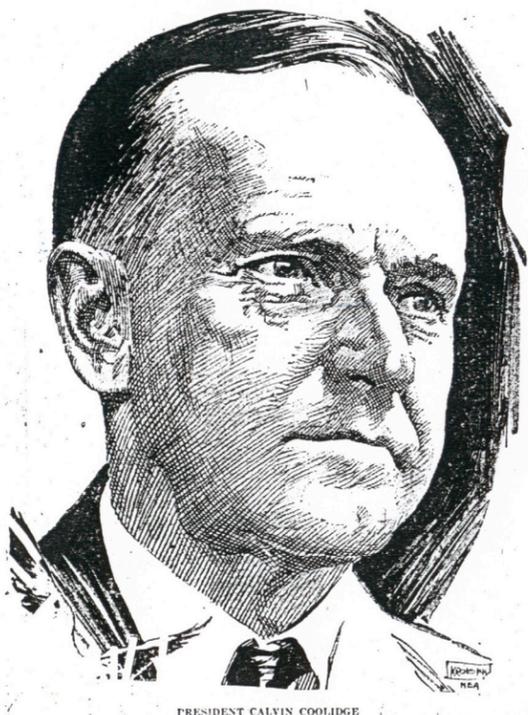

## COOLIDGE COMING TO BRULE FOR HIS SUMMER VACATION

CHIEF EXECUTIVE OF NATION TO ESTABLISH OFFICES IN SUPERIOR

The date when President Coolidge will come to Wisconsin is still undecided but it will probably be soon after June 11, it was said at the white house.

President Calvin Coolidge will spend his summer vacation on the Cedar Island lodge home of Henry Clay Pierce,

### COMING HERE

PRESIDENT CALVIN COOLIDGE

it was stated Thursday by the Associated Press.

Information that the president would come to the Brule for his vacation and would undoubtedly establish his offices in Superior came like a bombshell to Upper Wisconsin and Superior. There was absolutely no inkling that Coolidge was even considering the Brule this year, although he did consider it last year and decided to summer at the Black Hills.

The estate surrounding the summer white house comprises several thousand acres mostly wooded but the actual living quarters of the president will be situated on a small island little more than an acre in area reached from the mainland by a narrow footbridge.

The living quarters on the island consist of a one-story bungalow of white birch bark and comprising eight bedrooms. The dining room kitchen and servants' quarters are in a corresponding bungalow on the mainland at the opposite end of the footbridge.

#### ALTITUDE 1,000 FEET.

The estate is at an approximate altitude of 1,000 feet. It commended itself to Mr. Coolidge, it is understood, for the good fishing that is reported in the Brule river. In addition, the temperature is cool, thus meeting another of the requirements for a summer presidential residence.

The summer white house will be situated in Douglas County and therefore near the Canadian border. Its selection was unex-

pected here because the impression prevailed that Mr. Coolidge desired this summer to go to New England.

A survey of residences offered him, however, showed Cedar Island lodge to be the one to offer the greatest opportunities for amusement and change from Mr. Coolidge's capital activities. His pleasant experiences last summer in the Black Hills of South Dakota were understood to have influenced him to make a trip Westward.

#### SUPERIOR HEADQUARTERS.

The daily routine of President Coolidge at Cedar Island lodge promises to be very similar to that followed all last summer in South Dakota. Superior will take the place of Rapid City to which Mr. Coolidge will have to motor whenever any business is to be transacted.

#### WONDERFUL STREAM

Fish abound in the Brule river, which is called one of the best trout streams in Wisconsin. The president will have many opportunities to fish either in the stream or in the nearby lakes. Brook trout, speckled trout, rainbows and steelheads are found in the Brule and to catch 10-pound rainbows or steelheads is not uncommon.

The estate has a private station on the line of the Duluth, South Shore and Atlantic Railway. The president may get to the twin ports in slightly more than an hour over 34 miles of good roads.

# Breakfast Favorites
