JAKE HARMAN, MAYOR

September 20, 2024

Dear Neighbors:

We are pleased to advise that this month's Board of Trustees meeting will be held on Monday, September 23, 2024, at 6:30 p.m. at Village Hall. In addition to regularly scheduled matters, the agenda will include a discussion of Village Security and the approved installation of cameras at each of the entrances into the Village. As in previous meetings, a member of the Nassau Police Department will be present to report on security matters and answer any questions. We welcome your attendance and participation.

In addition, after the Board meeting, the Trustees have a scheduled meeting as the Planning Board to hear a continuation of an application filed by the owners of the Woodmere Country Club.

School is now in session, and for safety purposes, please ensure that any shrubbery along your property lines provides clear visibility for motorists and pedestrians. If you find trees or bushes overhanging the roadway and/or obstructing traffic signs, we ask that you make arrangements with your gardener to trim them back. Additionally, we ask that residents check their property to ensure that streetlights are not obstructed by overhanging tree branches so that Village roads may be adequately lit.

If you have any questions or matters you would like addressed, please feel free to contact Village Hall. We look forward to seeing you on the 23rd

Respectfully,

Jake Harman

Mayor
