## Site Plan for \_

Address

A Site Plan is a picture of current structures on your lot, along with proposed improvements, showing distances from your property lines.

You must show **EXACT** measurements from structure to **your property line.** (The curb is not necessarily your property line, in most cases there is an area designated for City Boulevard.)

Zoning Ordinance setback requirements are: Rear and side = 6 feet, Front = 20 feet. Fences must be 2' from property lines.
