

INTER GOVERNMENTAL AGREEMENT
between
Town of Bayfield and Town of Russell – Bayfield County; Wisconsin

Town of Bayfield Portion of Holt Road – A Town Line road

The Town of Bayfield passed a resolution apportioning the south 0.3 mile of Holt Road to the Town of Russell and the Town of Russell passed a resolution accepting apportionment and the maintenance of the Town of Bayfield 0.3 mile of Holt Road. Both actions were taken at official Town Board Meetings in August of 2013.

The WI Department of Transportation will not transfer the General Transportation Aid paid to the Town of Bayfield for Holt Road to the Town of Russell. Therefore, it is necessary that an intergovernmental agreement be established to reimburse the Town of Russell the annual General transportation Aids paid the Town of Bayfield for the 0.3 mile of Holt Road transferred to the Town of Russell.

The Town of Bayfield will pay the Town of Russell the equivalent of 0.3 mile of General Transportation Aid annually for Holt Road. The payment will be made between July 1 and July 15 of each calendar year. The first payment will be due in 2014. The amount of the payment will be based on the average cost per mile of General Transportation Aid paid to the Town of Bayfield for the calendar year in which the payment covers. This amount for 2014 is \$635.10 (0.3 miles times \$2,117 per mile).

The Town of Russell will be responsible for providing maintenance to the Town of Bayfield portion of Holt Road commencing January 1, 2014.

Either party may terminate this agreement on the last day of a calendar year by providing notice to the other party 90 days prior to the end of the calendar year. This will ensure the maintenance of the Holt Road is addressed in the appropriate Town's annual operating budget.

The Town of Bayfield will cooperate with the Town of Russell to facilitate the payment of grants, aids, etc. available for the ongoing maintenance or emergency repairs of Holt Road by the Town of Russell.
