See LOT STANDARDS in this packet.
 3. Fill out all required forms. Gather all required information. See the Permit Checklist in this packet.
It is YOUR responsibility to obtain a signature from our building inspector, AJ Smith on your permit application. He will need to look at your building plans and approve them. This signature must be on your Permit Application in order for it to be submitted to the Planning Commission. See the INSPECTION INFORMATION sheet in this packet.
 4. Return everything to the Town Office.
 5. You must have all of your required information in order for your permit to be reviewed. The Levan Town Clerk/Deputy Clerk will review your permit application. If everything is in order, they will approve your permit. Once they have reviewed and approved your permit application and building plans, the Town Office will calculate your permit fee. The Town Office will call when your permit fee has been calculated.
 6. Go to the Town Office. Pay your permit fee and pick up your approved permit. IN ORDER FOR YOUR CONSTRUCTION TO BEGIN, YOUR PERMIT MUST BE APPROVED, ALL CONDITIONS MUST BE MET, AND YOUR PERMIT FEE MUST BE PAID.

**** If the work authorized by your permit has not been started within 6 months after the date of issuance, or if construction or work is suspended or abandoned for a period of 6 months, then the permit will become null and void. You may apply for an extension of time for your permit before it has expired. The time extension may be granted at the sole discretion of the town upon showing good cause. No refunds will be given for expired permits; however, there are no new fees associated with a permit extension as long as

there are no changes to the original permit. If a permit and/or extension has expired, a new permit must be applied for, and be subject to the regulations and fees associated with the new permit.

It is the responsibility of the individual seeking a building permit to obtain a signature from our Building Inspector AJ Smith on the permit application BEFORE the permit application is presented to the Levan town Office. It is also your responsibility to have AJ approve and sign off on your Building Inspection Sheet during the construction process if necessary.

AJ may be reached at 435-406-5215. Please leave a message if he does not answer.

Information

Obtaining a Building Permit in Levan Town

International Building Code Section 105.1: Any owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical or plumbing system, the installation of which is regulated by this code, or to cause any such work to be done, shall first make application to the building official and obtain the required permit.

All new construction, alterations, remodeling etc. requires a valid building permit BEFORE any work is commenced.

In order for the permit application to become a valid building permit, the items on the Building Permit Checklist must be obtained and submitted to the town office, your project must be approved, and your permit fees must be paid.

Planning and Zoning ordinances are in effect from the date enacted until the date they are omitted. Older projects in Levan Town may have been built before some ordinances were passed. Levan Town will follow the requirements of Juab County, the State of Utah, the International Building Code, and the Ordinances of Levan Town to protect everyone's concerns as Levan continues to develop and grow. It is the responsibility of the building permit applicant to familiarize themselves with the ordinances of Levan Town and to comply as their project proceeds.

I have read and understand the information in this packet....
