- ✗ Wood
- ✗ Yard Waste or Compost

Frequently Asked Questions

Why can't we include scrap metal, plastic bags, hazards, garbage, and tangles in the recycling bin?

These items damage equipment or cause serious fires. These materials can also risk recycling haulers' and facility workers' safety which can result in serious injury. Lastly, items that don't belong in the cart are costly to dispose of and can make other recyclables less valuable.

How do I dispose of paint?

Latex paint should be dried and thrown in the trash. Oil based paints are hazardous waste and should be brought to a hazardous waste collection site for safe disposal.

Who do I call with questions about my collection service?

Contact Johns Disposal Service Inc. via email at office@johnsdisposal.com or call 262-473-4700 with questions about collection service.
