

Update on Hwy K and the 18-151 intersection.

Access to 18-151 from Hwy K will be completely closed today.

The Village of Barneveld is working with the Iowa County Hwy Department on signage for drivers to get to Hwy K north and south.

For drivers coming off 18-151 and wanting to go north on Hwy K the road will be posted to have them go to the interchange and then take Hwy ID to Hwy K north.

For drivers coming off 18-151 and wanting to go south on Hwy K the road will be posted to have them go to the interchange and then east on Industrial Dr. to S. Jones St. From there they will go south on S. Jones St. to Hwy K.

The following changes were made in the Village of Barneveld today.

- Industrial Dr. and S. Jones St. are now 25 mph to Hwy K south
- There will be a 3 way stop at the intersection of Industrial Dr. and S. Jones St.
- There will be no parking on the west of S. Jones St. (side of the school) from Hwy ID all the way to Hwy K

The Village Board may have to make other changes with the increase in traffic that will be coming thru the village with K being closed. Any future changes will be posted on Facebook and the Village of Barneveld website. The address is <https://barneveldwi.com/>

Thank you
Barneveld Village Board
