Help Keep Our Streets Clean!

Regular removal of leaves and debris by members of the public as well as Village crews is necessary to prevent storm water drains from clogging, which can result in street flooding. Street cleaning protects water quality and minimizes the burden on the sewer system form surface debris. In addition to Village street cleaning, residents play an important role in keeping streets clean and safe. We ask the public to clear leaves from streets and storm drains near their property, especially during the Autumn. Thank you for your help!

"President Franklin D. Roosevelt moved the Thanksgiving holiday up by a week in 1939 to boost holiday shopping during the Great Depression. Congress fixed the date permanently on the fourth Thursday in 1941."
