

Resolution 2023-02

Establishing a Town Vision Statement

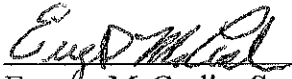

During the course of conducting long-range Town planning, it was recognized that a vision statement would be helpful in determining the priorities for the Town Board and for making decisions about future investments. During the 2022 master planning workshops, a draft vision statement was approved by a committee consisting of the Town Board, Chamber of Commerce Director, The Phelps Library Board and representatives from the Women's Club and Museum Board. This resolution 2023-02 formalizes that statement as follows:

Phelps will strive to be a beautiful and nature-focused place to live, work, socialize and recreate. We will focus on providing the infrastructure, cultural services and a climate for businesses that support residents and visitors looking for a welcoming and enjoyable Northwoods experience. We will sustain the public trust through open and responsive government.

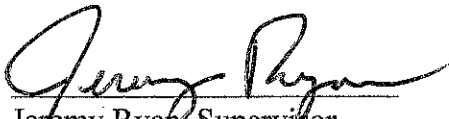

Adopted this 10th day of May, 2023.

Steve Doyen, Town Chairman

Eugene McCaslin, Supervisor

Jeremy Ryan, Supervisor

Steve Waier, Supervisor

Dave Selby, Supervisor
