

Town of Phelps
Vilas County, Wisconsin

Resolution No 2025-02
Authorizing Placement of Three Buoys on North Twin Lake

WHEREAS, the bullrush vegetation on North Twin Lake is a unique feature on North Twin Lake which the North and South Twin Lakes Protection and Rehabilitation District (the District) monitors to ensure the sustainability of this shallow water resource; and

WHEREAS, monitoring activity has determined that there has been a decline in the vegetative density of the bullrushes, likely caused by watercraft traffic; and

WHEREAS, the District proposes to apply for a permit from the Wisconsin Department of Natural Resources (WDNR) to deploy three shallow water buoys (one at the tip, and one on either side of the outer edges of the tip) alerting watercraft operators that the bullrushes are a sensitive feature; and

NOW THEREFORE, BE IT RESOLVED, the Town of Phelps Board of Supervisors authorizes the buoy placement action planned by the District, subject to approval by the WDNR, according to WDNR rules and regulations.

Adopted this 24th day of March 2025.

Steve Doyen, Town Board Chairman

Steve Waier, Town Board Supervisor

Maureen Robinson, Town Board Supervisor

David Selby, Town Board Supervisor

Jeremy Ryan, Town Board Supervisor
