RESOLUTION

October 15, 1940.

The matter of the case of Darrell MacIntyre against the Town of Blooming Grove was presented by Mr. Barkenhagen. An action had been commenced on the 24th of February, 1939, by Mr. MacIntyre, seeking to recover from the Town the sum of \$ 1174.50. The Town Board had decided to defend the action, and had previously retained Hall, Baker & Hall to represent the Town in the defense of the action. The case came on at the January Term, 1940, for a conference, but was not disposed of and was continued to the September, 1940 Term of the Circuit Court for Dane County.

The case came on for trial October 14, 1940. The entire Town Board appeared together with their attorney, and after the case was called for trial conference was held with Judge Hoppmann and with the attorneys for Mr. MacIntyre and the Town Board, and after considerable discussion it was finally agreed to be advisable to settle the action for Three hundred eighteen dollars and fifty cents (\$318.50), and our attorney was directed to sign the stipulation settling the case on that basis.

In this connection, two former members of this Board, Mr. Wayne Fisher and Mr. Edward Voges were present in Court with Mr. MacIntyre, and indicated that they were prepared to testify that they had authorized and directed Mr. MacIntyre to act in behalf of the Town in the Roselawn Memorial Park matter.

The amount involved was substantial and it was deemed in the best interests of the Township to make the settlement, rather than to run the possible risk of a larger recovery, or in any event to make a substantial saving on the expense of litigation.

On motion of Mr. Fisher, seconded by Mr. Evan Ellestad, it was moved and carried that the sum of Three hundred eighteen dollars and fifty cents, (\$318.50) be paid in settlement of the action, and the Clerk and Treasurer, were authorized and directed to issue the draft of the Township in satisfaction of the stipulation hereinbefore mentioned to pay to the plaintiff to settle the matter.

Hall, Baker and Hall, attorneys, having submitted a sworn and verified statement as to the balance of their attorneys' fees in the preparation and trial of the action wherein Darrell MacIntyre was the plaintiff and the town of Blooming Grove was the defendant, the previous sum of Fifty (\$50) dollars having been paid, and the further sum of One hundred (\$100) dollars still remaining unpaid,

Now, Therefore, on motion of Mr. Fisher, seconded by Mr. Ellestad, the Clerk and Treasurer are hereby authorized and directed to pay to our said attorneys, Hall, Baker & Hall, the further sum of One hundred (\$100) dollars in full settlement of their services rendered in said action.

CITY OF MADISON

BOARD OF HEALTH

January 20, 1941

Mr. J. J. Barkenhagen
Chairman - Town of Blooming Grove
Route 50, Madison, Wis.

Dear Sir:

At a recent meeting of the Board of Health, town chairman and Health Officers of adjacent townships were invited to discuss the hospitalization costs and ways to meet them of the Madison Contagious Hospital.

It was explained that the charge for all patients living outside of the city limits of Madison is \$30.00 per week. The city of Madison absorbs the difference between \$15 and the actual operating cost which varies but is usually about \$30 per week. When action was taken by the Board to charge out-of-city patients \$30, it was not with the intention of making the hospital inaccessible to anyone or of making a profit. It was felt, however, that the city of Madison should not be expected to carry the additional expense.

Three propositions were offered and thoroughly discussed by those present. We wish you would consider these propositions and take action on one of them at your next town meeting.

1. The patient cost would be \$30.00 per week.
 2. The patient cost would be based on a five year average to be adjusted each year.
 3. If town pays its proportionate maintenance cost, patients would be admitted for \$15.00 per week.
- Following the line of conversation at the Board meeting,

CITY OF MADISON

Madison, Wisconsin

BOARD OF HEALTH

propositions 1 and 2 could be met in several ways, i. e., the patient paying all; the patient paying part and the town part; the town paying the entire cost; or any other method satisfactory to the town board. Any arrangement would be satisfactory that will guarantee to the city the amount charged. Proposition 3 has been worked out on a proportionate basis by the city auditor and is self-explanatory. Any one of these propositions will be acceptable to the Board of Health

Very truly,

F. F. Bowman M.D.
F. F. Bowman, M. D.

March 27, 1941

Mr. J. J. Barkenhagen
Chairman
R 50, Madison, Wis.

Dear Sir:

Will you please read this letter at the annual town meeting to be held in your township April 1, as I am anxious that all farmers in my district be informed that emergency crop and feed loans are now available to all eligible farmers, and applications for these loans may be made at the office of the county agricultural extension agent in your county.

As in former years funds appropriated for the Emergency Crop and Feed Loan Office of the Farm Credit Administration are available for crop production purposes, including the purchase of seed, gas and oil, feed for work-stock and minor repairs for machinery. Applicants are required to give a first lien upon the crop to be financed.

Loans are also available for the purchase of feed for livestock. In this instance a first lien upon the livestock to be fed is required.

An applicant, to be eligible for an emergency crop and feed loan, must be 21 years of age and farming in the county in which application is made. In order that applications may have prompt consideration applicants are urged to be prepared to give the following information:

- (1) Wheat allotment and soil depleting acres.
- (2) If renter, name and address of the landlord.
- (3) 1941 crop planting program.

The 1941 crop production loan will bear interest at the rate of 4% per annum from date of disbursement.

BLOOMING GROVE BOARD OF HEALTH
May 1st. 1941

The Town Board of Blooming Grove
Mr J. J. Barkenhagen, Chairman.
Blooming Grove Township
Gentleman

In accordance with our inspection of the vacant Louis Schoelkopf building at Ester Beach Saturday April 16, 1941 the Board of Health recommends condemnation of building as unfit for human habitation.

The Board of Health also inspected the stagnate water in the area of Fair Oaks Ave. and Railroad tracks in Gallagher Plat. It appears that since the construction of the road known as Miller St. and the blocking of the culvert by Mr Voit causes this condition making it both a private and public nuisance. The Board of Health therefore recommends as a solution under the existing circumstances that parties in this effected area apply for a drainage district.

Mr A. Sater owner of building formally occupied by Nels Randby made a request that the Board of Health reconsider its action of condemning building and permit it to be used for storage. The Board of Health has discussed this matter thoroughly and recommends this building to be wrecked and disposed of.

Adjourned Meeting

May 16, 1941 3:00 P. M.

J. J. Barkenhagen, E. J. Ellestad, Henry Fisher and Clerk met at the Town Hall.

Meeting was called to order by the chairman and the application under consideration was read by the clerk.

Mr. Lee, attorney for Mr. Miller, reviewed the law, governing the holding of this meeting, and the part of the law which gave consideration to existing licences and reasons if refused.

Mr. Lee, called to the attention of the board that the Operator is licenced, not the building or premises occupied.

Mr. Harden Davis objected to the granting of licence to Mr. Miller because of a contract between them.

Mr. Brandt, attorney for Mr. Davis, explained to the board that he believed the board should set up a policy to follow, as it is not a question of personalities, but a definite policy for the board to follow in the future.

Mr. Brandt feels that the building is solely for Tavern use and would be depreciated and devaluated if not used as a Tavern.

Mr. Brandt thinks that with the exception of The Samovar, the Antlers is one of the nicest and more valuable pieces of property in the area.

and to protect this property from becoming tax delinquent, the licence should remain at the Antlers. As attorney for Mr. Davis, he will enforce the contract if necessary.

Mr. Barkenhagen asked Mr. Brandt the present value of the property.

Mr. Brandt thought the property was worth perhaps \$5000 or \$6000, and was worth more with the licence.

Mr. Lee called to the attention of the board that Mr. Brandt suggests that the board go on a policy of granting licence to a building rather than a person. The Statutes says Licensee and not building. Mr. Davis does not hold a licence at present and is now asking for a licence, as there is no existing vacancy in the number allowed by law, all existing licences must be considered first, before Mr. Davis' application can be considered.

In regard to the contract between Mr. Miller and Mr. Esser and Mr. Davis, Mr. Lee pointed out that the partnership had been dissolved and the Board does not and should not take into consideration any contracts or personal agreements between the parties involved.

Mr. Lee stated that if Mr. Miller builds, it will be in accordance with the law and if the application is approved, the licence need not be issued until the building is complete and has been approved by the Board.

Mr. Fisher suggested that the meeting adjourn until Mr. Davis' application is ready for action.

Hearing declared closed and the Board went into executive session.

A motion was made by Henry Fisher that the decision on this application be with-held until the next regular meeting, May 20, 1941
Seconded by Mr. E. J. Ellestad
Motion carried

The removal of Randall Hutchins to a place in the city was discussed. This matter was referred to Miss Wisowaty for investigation.

WISCONSIN STATE DEPARTMENT OF AGRICULTURE
Section of Seed and Weed Control
May, 1941

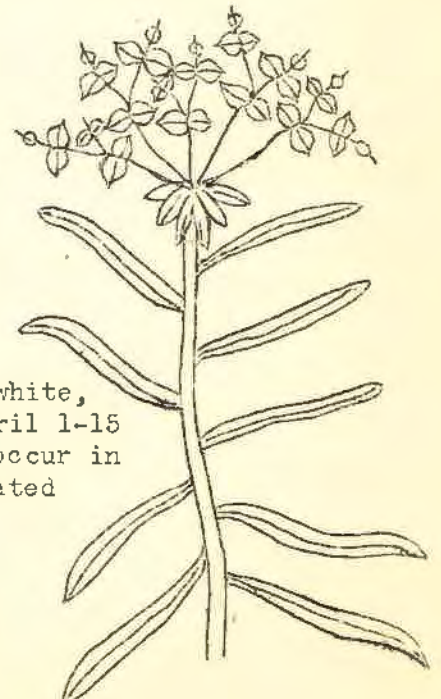

TO ALL WEED COMMISSIONERS, TOWN CHAIRMEN, VILLAGE PRESIDENTS and CITY MAYORS:

To secure more state aid in the solution of our weed problems, we must have concrete evidence of the need for a more intensive control program. Two of Wisconsin's new weeds which are extremely difficult to control are described below. A state-wide survey for these weeds made with your aid will be one of the best means of securing the state support that our weed problems, both old and new, rightly deserve. Kindly study the descriptions of these weeds and be on the lookout for them. All Weed Commissioners should be prepared this fall to give as accurate an estimate as possible on (1) the total number and percent of farms HAVING INFESTATIONS of each weed or in the case of villages and cities the known number of infestations, (2) the average size of such infestations, (3) where most commonly found (gardens, lawns, roadsides, pastures, cultivated fields, etc.) and (4) the approximate total acreage infested with each weed in your territory. Special report blanks will be mailed this Fall.

FIELD BINDWEED: Also called "Creeping Jenny". A long-lived perennial with slender stems 3-9 ft. long lying on the ground or twining around other plants or supports. The root system very deep and extensive. The flowers light pink to white, funnel-shaped and not over $1\frac{1}{4}$ inches across. Two small bracts on each flower $\frac{1}{4}$ to 1 inch below the flowers. Leaves arrowhead shaped and usually but not always blunt. Plants flower from the middle of June to the first of August. Found in cultivated fields, gardens, grainfields, lawns and waste places. Do not confuse with wild morning glory which has a rather shallow root system, larger pure white flowers, larger and always sharply pointed leaves and which lacks the two small bracts on the flower stalk.

LEAFY SPURGE: A long-lived perennial with simple or clustered upright stems 1-4 feet tall. The narrow bluish green leaves set directly on the stem are from $\frac{1}{8}$ to $\frac{3}{8}$ of an inch wide and from 1-3 inches long. The plants somewhat resemble flax except that the leaves and stems of Leafy Spurge are larger. Umbrella-like clusters of greenish yellow flowers are borne at the tops of the flowering stems. Three seeds are borne in three-lobed capsules. The roots are much-branched, rubbery, coarse and reddish brown. All parts of the plant have a milky white, bitter and sticky sap. The plants begin growth about April 1-15 and are in full bloom by June 1-15. The plants usually occur in patches and may be found in both cultivated and uncultivated fields.

(If in doubt, send specimens of the plants to this Department for identification.)

Schools

The hearing was formally opened by Mr. J. J. Barkenhagen, Chairman of Blooming Grove.

The petition was read by the clerk and the Chairman asked for comments in favor of the Petition.

Mr. Halverson, Chairman, Town of Dunn

I believe this is a problem for the School Boards of the two districts and not a problem for the Town Boards. I think the School Boards have more of a voice in the matter than the Town Boards and should settle it among themselves.

Mr. Barkenhagen, Chairman, Town of Blooming Grove

The Statutes state that the Town Board, not the School Board can create a school district.

Mr. Harold Conlin, Petitioner

We feel that by withdrawing from the present school district, we will better our tax problem, and at the same time the amount of valuation we take from the district will not hurt it. The Badger district will have to build a new school and as we do not have any children attending this school, we do not see why we should have to stay in the district and pay the high rate of school taxes. The children from the territory we represent, all go to high school, and there are no children to go to the Badger School. This new district would be all farm district and we would send our children either to Oregon or Madison to school and if the need arises later, we would have to build a school. We also feel it would be cheaper to send the children to Oregon than to Madison, as it costs about \$87.00 per pupil to Oregon and \$100. to Madison.

Mr. Frank New, Clerk of Joint District #9

The difference in the rate of tuition, is Oregon \$40 and Madison \$100.

Mr. Theo. Christenson, Petitioner

We are now paying about \$3.00 per acre taxes. We are satisfied with the school but we want lower taxes.

Mr. Halverson

I still think we are just as well off as we are now, and I don't believe there is enough valuation to create a new district. The majority want to send their children to Madison and I think we should leave it as it was voted.

Hearing, Aug. 18, 1941 cont.

Mr. Fluckiger, Chairman, Town of Fitchburg

Who owns the 52 acres in the Town of Fitchburg?

Mr. Conlin

Mrs. Busse owns the land in the Town of Fitchburg and also about 4 or 5 acres in the Town of Madison.

We will have about 18 children in the new district, including both high school and graded school. We will transport these children to the Oregon Schools.

Mr. Dawson, Clerk, Town of Madison

Have the State Board of Education given their approval of this new district, and do you plan on state aid?

Mr. Conlin

Yes, we have discussed this with them and they approve.

Mr. Halverson

It seems the whole thing started when a majority wanted to transport the children to Madison. They could have sent the children to Oregon at a cheaper rate of tuition.

Mr. Barkenhagen

If there is an argument in the school district, the Town Board of Blooming Grove knows nothing about it. If they petition for a right to change their district, we must listen to them and must settle it as we see fit. The school district votes to raise an amount of money and we must raise it and have nothing to say about it. This petition has been presented and we must hear them out.

Mr. Wilcox, Clerk of Joint School District #5

The first I heard of this petition was Friday when I received notice of this meeting. I have done a little telephoning and have found out what it is all about. It seems that a few farmers who have no children in the district have decided to leave the people, who have the children, to carry the burden of keeping and maintaining the school. The petitioners in this district #5, have only two scholars at present and next year will have no children going to the district school. The district is short of funds and we have a thick population. We have Brams Addition, which is thickly populated and has a lot of children and very little property valuation. Why must the farmers withdraw and leave us with all this burden.

The State Board of Education is for Consolidation of School Districts and I don't believe John Callahan would sanction any division of a district.

We have had two or three meetings this year. We have discussed building a larger school and also the possibility of annexation of Brams Addition to the city for school purposes only. The city can

take care of our children, as the city school census has dropped by about 150 children. The city schools are dropping off and the outlying districts are increasing.

It seems that the tuition is cheaper at Oregon, but if we all send our children to Oregon, they will have to build more schools. We would like to take the graded children into the city the same as the high school.

If it is a question of lesser taxes, it would be fine for them but would raise a hardship on the people left in the district.

Mr. Dawson

About six years ago, a petition was handed to the Towns of Fitchburg, Blooming Grove, and Madison, to detach from #5 that portion which is now district #4. About four years ago a meeting was held and the district was created, and took out of the district about 90,000 dollars property value. Now it seems this is just a nibbling away process. Some one has to educate the Brams Addition children and in our type of society, those that have must educate those that haven't.

Mr. Frank New, Clerk of Joint School District #9

This is nothing new, these arguments date back 8 or 9 years. The tuition figure has just about doubled. The majority of the children in our district are farm children. We also have a large transient population.

Mr. Dawson

The Boards should take into consideration the welfare of the children as well as the tax payers.

Mr. Conlin

As far as the welfare of the children, the Oregon schools are rated on the same level with the Madison Schools.

Mr. Wilcox

I went to see Mayor Law about taking Brams Addition into the City for school purposes only, and his answer was no but if they wanted to come in as part of the city, the city would be glad to take them. If we build a school, we will have a bonded indebtedness and will not be able to get any part into the city as easily.

It is hard to tell just what territory this new district will take in. Why aren't the people here to defend their petition?

Mr. New

The #9 district are having a special meeting tonight or they would be here.

Meeting recessed for the Boards to make their decision on the petition.

Meeting called to order.

Fire Dept.

Fire chief, Orin Brigham, and firemen, Earl Sime, Art Howe, and Kenneth Lowe, asked the board to pass a resolution to allow them to equip their private cars with siren or red light or both for use in going to fires. They were requesting this action in behalf of the entire volunteer department and any member who so desired would be permitted to equip his car under this ordinance. The following discussion was held.

Mr. Lowe: This law was passed in June and we found out that the local town board must act on the law to make it lawful in each township.

I believe that only a few would equip their cars as this would be at their own expense. If any one of the men who do have the sirens, would violate the law in the use of them, they should have the siren taken off the car at once.

Children riding on the roads on bikes do not get out of the way and it is necessary to the people that we get to the fire as quickly and safely as possible.

I believe that if our men are conscientious enough to put these sirens and lights on their cars, they will use them as the law requires.

Mr. Ellestad: Perhaps a lot of the firemen would get them and the board would be laying themselves responsible for the misuse.

Mr. Lowe: These sirens are expensive and I think only a few would spend the money for them.

Mr. Brigham: These sirens are about \$50 or perhaps a little less. If they misuse them they are liable for a \$50 fine. It seems that when the fire siren blows, everyone follows the truck and if our men don't get started right with the truck they can't get through.

Mr. Fisher: Do you want both sirens and red lights?

Mr. Lowe: At night we have no protection and the red light would help a lot. The red lights are on the bumper rail and are not too noticeable.

Mr. Brigham: If we had a police patrol to go with us we would not have the trouble getting through.

The matter was taken under consideration and will be decided upon at the next regular meeting.

Mr. Brigham requested that the board arrange some kind of grass fire permit.

The three members of the Board and the clerk met at the Town Hall.

Trailer Camp Mr. & Mrs. Meekes and their niece, Miss King were present in regard to a permit to conduct a Trailer Camp at the location now known as the Shady Oak Trailor Camp.

Mr. Meekes: The main problem seems to be the school tuition. I thought that perhaps a plan could be worked out whereby the parents would pay perhaps a \$1 or \$1.50 a month towards the tuition. The man we lease from says the taxes are too high due to the number of children going to school. He says we must make all people with children, living there to move. Most of these people work in the shops.

Mr. Barkenhagen: The tuition to the city schools is \$3.00 per week per pupil, plus \$2.60 per month per pupil for transportation. You also have about 3 going to high school at about \$108 a school year. Over a period of nine months it is a large amount for a school district to raise.

There is a ninety day ordinance and the trailers would have to move at the end of that time.

Mrs. Meekes: We charge \$5.00 per month for each trailer. Our lease begins Sept. 25, 1941.

Mr. Barkenhagen: That particular section is zoned residential and a trailer camp is not allowed in a residential district, however, we stretched the point and it just didn't work out do to so many children.

Mrs. Meekes: We intend to make a sanitary camp, with showers, etc. We also intended to start an amusement park in the spring.

Mr. Barkenhagen: The only way we can give you a permit to run a trailer camp, is for you to exclude all families with children.

Miss King: What about that sign for Hollywood?

Mr. Thurber: If you lease the land it is on, you can make them take it down. You want to plan on plenty of room for parking cars if you are going to have an amusement park, as no cars are allowed to park on the highway.

Mr. Meekes: We thought we would have a free movie on Sunday nights in the summer as that would draw in the people. Is there anything to prevent that?

Mrs. Meekes: How much is the permit for the trailer camp?

Mr. Thurber: \$10 per year.

Mr. Barkenhagen: If you will enter into an agreement not to keep any trailers with children of school age, the board would be glad to allow you a permit.

Mr. Meekes: What about the man we have to do our building and stone work, he has two children.

Mr. Edtstad: Would he be able to pay his children's tuition?

Mr. Meekes: He could take care of the transportation, but I don't believe he could pay the tuition.

Mr. Barkenhagen: It is unfortunate, but if we would allow one trailer with children, we would have to allow them all. In regard to the amusement park, we see no reason why if it is run right, that the board should object.

The board is to look over the grounds and the proposed sanitary improvements on Friday, Sept. 26,

Fred Schroeder, Re: Building permit.

Mr. Thurber: Fred has complied with the building code in regard to the new building, but has not torn down the old building as he was ordered.

Fred S.: I can't afford to tear it down, as I have too much in it.

Mr. Barkenhagen: You were ordered to tear it down and were violating the law by moving it.

Fred S.: It's there and I'm not going to tear it down.

Mr. Barkenhagen: Then the town will have to take action to see that it is torn down.

Fred S.: The agreement was that I could make ^{the} building bigger and live in it.

Mr. Bailey: It is on farm land and it will stay there.

Mr. Barkenhagen: It was ordered torn down by the Town Board.

Fred S.: I am going to let it stand and paint it up.

Mr. Barkenhagen: Did you have a permit to move it?

Fred S.: No.

Mr. Barkenhagen: Then there is only one thing to do and that is to bring you in here tomorrow and see that you comply with the law.

Fred S.: I'm having chickens in there and I'm having enough for my own use.

Mr. Jacob Buehler, Neighbor of Fred S.: I am a neighbor and I do not object to a man having a few chickens and intend to have a few myself. I don't like to see a lot of shacks or a hundred or more chickens in the neighborhood.

Mr. Barkenhagen: We have a law which states that no chickens are allowed in that district.

Mr. Buehler: Couldn't he leave the shed stand and use it as a tool shed or garage? To tear it down would be a waste of money.

Mr. Barkenhagen: It wouldn't have been when he first brought it out there. We are not trying to be tough but he has told us that the ordinances don't mean anything.

Fred S.: I am not trying to buck Blooming Grove.

Mr. Barkenhagen: You are not only bucking Blooming Grove, but you are bucking Dane County.

Fred S.: You let another man move in an old house.

Mr. Thurber: It is a well constructed house and he is building it up to comply with the law.

Fred S.: I want it for a chicken house and if you want chickens to lay you have to keep them penned up.

Mr. Barkenhagen: Don't do any more to the building until we can come over either Thurs. or Friday and look at it.

Fred.: Can't I put any windows in it? or paint it?

Mr. Barkenhagen: No leave it as it stands until we see it.

Mr. Ellestad: When you make an agreement, you want to keep your word.

Fred S.: I should have come down and found out about it before I started.

Mr. Ellestad: When a man doesn't live up to his agreement, we lose faith in him.

Building Permit
Mr. Messiah Peltzer was present in regard to obtaining a building permit to allow him to make a garage out of two old shacks and build a house out of another shack. The shacks were moved from Winnebago Street without a permit. He plans on a large house, two stories with about seven rooms.

The board is to look over the buildings when they go up to Schroeders.

Mr. Ralph Johnson of Gunderson and Johnson, wants to rent the cement mixer from the town. He agreed to pay 50¢ an hour.

Regular Meeting October 7, 1941 8:00 P.M.

Mr. Barkenhagen, Mr. Fisher, Mr. Ellestad, the Treasurer and Clerk met at the Town Hall.

The meeting was formally opened by Mr. Barkenhagen.

Spotless Kitchen The application of Mrs. Bertha Parker for a permit to operate a Restaurant to be known as The Spotless Kitchen was considered.

A large group residents of the Town were present in opposition to the granting of the permit.

The Chairman read the ordinance pertaining to Restaurants and issuing of permits.

Mrs. Parker was present, and explained she had moved from 1906 S. Park Street in the Town of Madison to the location in the building owned by Fred Norton, on the corner of Fair Oaks Avenue and Milwaukee Street in the Town of Blooming Grove. Mrs. Parker gave as her reason for moving, that Mr. Hall, her attorney, had advised her to get a commercial location instead of a dwelling house.

Mr. Barkenhagen asked Mrs. Parker if she had ever been in trouble with the Sheriff's Office in regard to the operation of her business.

Mrs. Parker stated that a place just down the street from her caused lots of trouble for which she was blamed.

Mr. Barkenhagen asked Mrs. Parker if The Town Board of the Town of Madison had served papers on her, declaring her place of business a public nuisance.

Mrs. Parker admitted the service, but claimed it was because of the other place down the street.

Mr. Barkenhagen explained that he had been contacted by about 50% of the residents of the Town of Blooming Grove and by about 50% of the City of Madison Police and Aldermen protesting the issuance of a permit to open the place of business in question, and that the board had decided not to issue such permit.

A motion was made by Mr. Henry Fisher and seconded by Mr. Evan Ellestad that there be no permit issued to Mrs. Bertha Parker to open and operate a restaurant to be known as The Spotless Kitchen.

Motion was carried unanimously.

A spokesman for the group present extended the thanks of those present for the action taken in not granting a permit to The Spotless Kitchen.

Mr. Parkenhagen stated that we have one of the nicest towns the City of Madison and that the Town Board was going to do every thing possible to keep it that way.

Mr. Stich asked the Board if there was any way to prevent

the colored people from moving into the Town.

Mr. Barkenhagen explained that legally there was nothing the Town could do about it.

Several members of the Town Volunteer Firemen were present in regard to equipping their cars with sirens and red lights.

A motion was made by Mr. Fisher and seconded by Mr. Ellestad that an ordinance be drawn and passed to allow the Volunteer Firemen to equip their cars with siren and red light.

Motion carried.

Mr. Hitch of the Standard Oil Company was present and advised the Board to keep the gas tank full at the present time and take advantage of the present gas war prices. He also explained a contract whereby the town could get 15% off the base price on motor oil.

Orders were drawn per order register.

Mr. E. J. Schmidt was present and submitted a bid on installing the plumbing in the Town Hall.

Meeting adjourned.

Dear Mr. Barkenhagen:

Pursuant to your request for a legal opinion as to whether the Town Board may exercise options on real estate and further, whether, said Town Boards are empowered to buy and sell real estate. It is our opinion that Town Boards may exercise such options to purchase real estate when exercising the powers relating to Villages and conferred on Village Boards when lawfully authorized so to do by resolution of the Town meeting, adopted pursuant to Subsection 12 of Section 60.18. Under Chapter 61.34 entitled "Powers of Village Board, Subsection 3, Acquisition and Disposition of Property":

"The Village Board may acquire property, real or personal, within or without the Village for parks, libraries, historical places, recreation, beautification, streets, waterworks, sewerage or waste disposal and for any other public purpose; may improve and beautify the same; may construct, own, lease and maintain buildings on such property for instruction, recreation, amusement and other public purposes; and may sell and convey such property."

The above set out Statute clearly defines the powers vested in a Village Board to acquire and dispose of property, both real and personal.

Very truly yours,

Dear Mr. Barkenhagen:

Pursuant to your request for a legal opinion as to whether a slaughter house is compelled by law to have a full time inspector on the premises when butchering is being done, it is our opinion that under the laws of this state, the regulation, control of slaughtering houses is in the State Board of Health, and that under the Statutory provisions for the regulation thereof, it nowhere appears that an inspector must be on the premises at all times.

However, pursuant to Statute 146.11, it says that slaughtering houses shall be open to inspection at all times and must be operated in compliance with all state and local regulations. Further, it is also provided that at least one inspection per year must be made by the State Board of Health.

Very truly yours,
