MEDIA RELEASE

Slow-No-Wake Lifted on Rock River

For Immediate Release

Date: May 21st, 2026

Contact Person

Deputy Trevor Lund
608-373-3816

According to the US Geological Survey Gauges, the water level for the Rock River in Afton is 6.39 feet. County Ordinance requires a slow-no-wake speed restriction to be placed on the Rock River in Afton when the water level exceeds 6.5 feet; therefore, the Rock River from the Indianford Dam south to the W B R Townline Road Bridge is no longer under slow-no-wake. The slow-no-wake speed restriction was previously lifted from W B R Townline Road Bridge to the stateline, as the water level is under 8.5 feet.

According to the US Geological Survey Gauges, the water level for the Rock River at Lake Koshkonong was also previously lifted as the gauge is under 8 feet.

CURTIS N. FELL
SHERIFF
