INFORMATION BULLETIN

- Concerns over sexual offenders has been brought to our attention. This is not meant to alarm anyone or create any type of fear but in every community there are registered sexual offenders. It is our belief that an "Educated public is a safe public." There are a number of resources for residents to keep up to date on registered sexual offenders living in and around your community if you choose. I would like to remind everyone that those offenders that follow the rules of their supervision are less dangerous than those who fail to comply. If you choose to use this information we ask that you treat these residents no different than anyone else. This information is being provided to make sure that everyone can be informed if they choose. The following links can be used to help educate yourself and your family.

    - o http://doc.wi.gov/community-resources/wi-sex-offender-registry
- If anyone has a police matter that isn't an emergency but you would like an officer to come out please use the non-emergency number: 920-391-7450. This is the easiest way to either get the Denmark DEOs or if they are not available you will get an available county officer. If you have an issue that does not need immediate police attention you can continue to call the village hall and the message will get to us. Obviously if there is an emergency please call 911.

Everyone stay safe and have a great month

DEO Jonathon Dzekute
