? - Unable to Determine if Required

Code	Condominium Plat Submittal Requirements <i>(Each of the following shall be shown on the face of, or provided as an attachment to, the Condominium Plat)</i>
	Title of the proposed development not duplicating an existing subdivision in Brown County.
	Location of the proposed development by government lot, quarter section, section, township, range, and county.
	A small-scale drawing detailing the section or region in which the development lies within the location of the subdivision located thereon.
	Date, graphic scale, and North arrow.
	Name and address of the owner, developer, authorized agent, and land surveyor preparing the plat.
	Entire area contiguous to the proposed plat owned or controlled by the developer, even if only a portion of said area is proposed for immediate development. The Village may waive this requirement where it is unnecessary to fulfill the purposes and intent of this chapter and undue hardship would result from strict application thereof.

	Exact length and bearing of the exterior boundaries of the proposed development referenced to a corner established in the Brown County Coordinate Monumentation System, and the total acreage encompassed.
	Location and names of any adjacent subdivisions, parks and cemeteries, and owners of record of abutting unplatted lands.
	Location, right-of-way width, and names of any existing or proposed streets, alleys, or other public ways, easements, railroad and utility rights-of-way, and all section or quarter section lines within the exterior boundaries of the plat or immediately adjacent thereto.
	Location of all permanent buildings and major structures.
	Location of existing property lines, structures, drainage ditches, streams and watercourses, lakes, wetlands, rock outcrops, wooded areas, slopes 12% or greater, environmentally sensitive areas, and other similar significant features within the parcel being subdivided.
	Location of Secondary Conservation Areas, as defined in the Village of Denmark Subdivision of Land Ordinance.
	Location and type of existing and proposed public easements.
	Water elevations of adjoining lakes, ponds, streams, and flowages at the date of the survey, and approximate high and low water elevations.
	Type, width, and elevation of any existing street pavements within the exterior boundaries of the plat or immediately adjacent thereto with any legally established center-line elevations.
	Contours at vertical intervals of not more than two feet where the slope of the ground surface is less than 10 percent, and of not more than four feet where the slope of the ground surface is 10 percent or more. Elevations shall be marked on such contours based on National Geodetic Datum of 1929 (mean sea level).
	Approximate dimensions of all lots, and proposed lot and block numbers.
	Existing and proposed land use and zoning included within and immediately adjacent to the proposed development.
	Floodplains, wetlands, and any proposed lake and stream access.
	Surface drainage pattern mapping and indication of direction and established peak volume of soil drainage pattern as deemed necessary by the Village.
	Signature and seal of surveyor.
	Where the Village finds that it requires additional information relative to a particular problem presented by a proposed development to review the Condominium plat, it shall have the authority to request such information from the subdivider.
